## NOTES TO SCHEDULE OF CASH RECEIPTS AND DISBURSEMENTS MONTH AND TWELVE MONTHS ENDED JUNE 30, 2023 \& 2022

## General Comments

The Schedule of Cash Receipts and Disbursements ("Schedule") represents the cash basis activity for the month and fiscal year-to-date ("FYTD") compared to the allocation of the annual adopted budget.

The Schedule consists of two sections: Operating Activity and Facility Improvement Transactions.
Receipts are shown as positive amounts and disbursements as negative amounts. Favorable budget variances are shown as positive amounts and unfavorable variances as negative amounts. Because this Schedule is on a cash basis, cash timing differences may contribute to budget variances.

The Operating Activity receipts include charges for services (parking, landing fees and concessions), tenant rents, fuel flowage fees, other revenues and investment receipts. The Operating Activity disbursements include costs of services, materials, contracts, personnel and debt service.

Facility Improvement Transactions represent the activity for the Authority's capital program, which consists of Other Facility Improvement Program Projects and the Noise Mitigation Program.

The FY 2023 Capital Program expenditures are primarily funded by the following sources:

- FAA-approved Passenger Facility Charge ("PFC") program receipts/reserves;
- Grants; and
- Operating Revenues

The FY 2023 Replacement Passenger Terminal Project expenditures are initially funded with Airport Reserves and may be reimbursed in FY 2024 through Interim Financing (Commerical Paper Program) and approved PFCs, which were both secured in June 2023.

The notes below provide additional information regarding the performance results detailed in the "Schedule of Cash Receipts and Disbursements."

A Supplemental Schedule of Cash Receipts and Disbursements reflecting the activities related to the 2012 Bond Debt Service for the Regional Intermodal Transportation Center / Consolidated Rental Car Facility is also presented.

Due to uncertainties including impacts from COVID-19 variants, unstable global events, inflationary pressures and potential economic recession, the Authority continued its conversative outlook on passenger recovery into FY 2023. The Authority's Adopted FY 2023 budget was based on the following quarterly activity assumptions:

- Q1 (July - September): a reduction of 10\% (represents recovery of 90\%)
- Q2 (October - December): a reduction of 15\% (represents recovery of 85\%)
- Q3 (January - March): a reduction of 20\% (represents recovery of 80\%)
- Q4 (April - June): a reduction of 15\% (represents recovery of 85\%)

Passengers decreased by $2.87 \%$ FYTD June when compared to pre-COVID levels. The result at fiscal year-end was favorably above the blended budgeted assumption of a passenger reduction of $15.00 \%$ resulting in positive financial performance.

The Adopted FY 2023 Budget includes the use of $\$ 3.8$ million in federal relief funds to support the 2015 Bond debt service.

# STAFF REPORT PRESENTED TO THE BURBANK-GLENDALE-PASADENA AIRPORT AUTHORITY NOVEMBER 13, 2023 

# AUDITOR REQUIRED COMMUNICATIONS FOR THE FY 2023 AUDITS 

Prepared by David Kwon

Director, Financial Services

#### Abstract

SUMMARY In accordance with applicable professional standards, the Authority's auditor, Macias Gini \& O'Connell LLP ("MGO") has provided the attached letter to the Commission outlining its audit responsibilities, and planned scope and timing of the FY 2023 audits. At its meeting on October 16, 2023, the Finance and Administration Committee ("Committee") voted unanimously (3-0) to recommend that the Commission note and file this Auditor communications letter.

## BACKGROUND

In accordance with professional standards issued by the American Institute of Certified Public Accountants ("AICPA"), MGO has issued the attached letter which (1) outlines its responsibilities under U.S. Generally Accepted Auditing Standards, Government Auditing Standards, and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("Uniform Guidance") related to the Single Audit of federal grant programs; and (2) outlines its planned scope and timing of the FY 2023 audits. The Auditor's responsibilities and management's responsibilities are detailed in the accompanying letters.

As the Committee functions as the Authority's Audit Committee, this letter provides a basic outline of the auditor's responsibilities related to the audits, together with its basic audit approach in accordance with professional standards.

Staff had a conference call with the MGO audit team on August 8, 2023, for an audit planning meeting to discuss in detail any significant accounting, auditing and reporting matters that may affect the FY 2023 audits, as well as to discuss the timing of audit fieldwork and reporting. Audit fieldwork began on August 28, 2023, with the final reports expected to be issued no later than December 15, 2023.

## RECOMMENDATION

At its meeting on October 16, 2023, the Committee voted unanimously (3-0) to recommend that the Commission note and file this Auditor communications letter.

September 6, 2023
To the Board of Commissioners
Burbank-Glendale-Pasadena Airport Authority
2627 N Hollywood Way
Burbank, California 91505
This letter is intended to communicate certain matters related to the planned scope and timing of our audit of the Burbank-Glendale-Pasadena Airport Authority (the Authority) financial statements and compliance as of and for the year ended June 30, 2023.

## Communication

Effective two-way communication between our firm and the Board of Commissioners is important to understanding matters related to the audit and in developing a constructive working relationship.

Your insights may assist us in understanding the Authority and its respective environment, in identifying appropriate sources of audit evidence, and in providing information about specific transactions or events. We will discuss with you your oversight of the effectiveness of internal control and any areas where you request additional procedures to be undertaken. We expect that you will timely communicate with us any matters you consider relevant to the audit. Such matters might include strategic decisions that may significantly affect the nature, timing, and extent of audit procedures, your suspicion or detection of fraud or abuse, or any concerns you may have about the integrity or competence of senior management.

We will timely communicate to you any fraud involving senior management and other fraud that causes a material misstatement of the financial statements, illegal acts, instances of noncompliance, or abuse that come to our attention (unless they are clearly inconsequential), and disagreements with management and other serious difficulties encountered in performing the audit. We also will communicate to you and to management any significant deficiencies or material weaknesses in internal control that become known to us during the course of the audit. Other matters arising from the audit that are, in our professional judgment, significant and relevant to you in your oversight of the financial reporting process will be communicated to you in writing after the audit.

## Independence

Our independence policies and procedures are designed to provide reasonable assurance that our firm and its personnel comply with applicable professional independence standards. Our policies address financial interests, business and family relationships, and nonaudit services that may be thought to bear on independence. For example, without our permission no partner or professional employee of Macias Gini \& O'Connell LLP is permitted to have any direct financial interest or a material indirect financial interest in a client or any affiliates of a client. Also, if an immediate family member or close relative of a partner or professional employee is employed by a client in a key position, the incident must be reported and resolved in accordance with Firm policy. In addition, our policies restrict certain nonaudit services that may be provided by Macias Gini \& O’Connell LLP and require audit clients to accept certain responsibilities in connection with the provision of permitted non-attest services.

## The Audit Planning Process

Our audit approach places a strong emphasis on obtaining an understanding of how the Authority functions. This enables us to identify key audit components and tailor our procedures to the unique aspects of your operations. The development of a specific audit plan will begin by meeting with you and with management to obtain an understanding of business objectives, strategies, risks, and performance.

As part of obtaining an understanding of your business and its environment, we will obtain an understanding of internal control. We will use this understanding to identify risks of material misstatement, which will provide us with a basis for designing and implementing responses to the assessed risks of material misstatement. We will also obtain an understanding of the users of the financial statements in order to establish an overall materiality level for audit purposes. We will conduct formal discussions among engagement team members to consider how and where your financial statements might be susceptible to material misstatement due to fraud or error.

We will also use our understanding of internal controls to identify risks of material noncompliance, which will provide us with a basis for designing and implementing responses to the assessed risks of material noncompliance with laws, regulations, and provisions of agreements that have a direct and material impact on major federal programs. We will also obtain an understanding of the users of compliance reporting in order to establish applicable materiality level(s) for compliance audit purposes. We will conduct formal discussions among engagement team members to consider how and where your financial statements and compliance with applicable requirements for major programs might be susceptible to material noncompliance due to fraud, error, or abuse.

## The Concept of Materiality in Planning and Executing the Audit

We apply the concept of materiality both in planning and performing the audit, evaluating the effect of identified misstatements and compliance on the audit, and the effect of uncorrected misstatements, if any, on the financial statements, and in forming the opinions in our reports. Our determination of materiality is a matter of professional judgment and is affected by our perception of the financial and compliance information needs of users of the financial statements and compliance reports. We establish performance materiality at an amount less than materiality for the financial statements as a whole to allow for the risk of misstatements that may not be detected by the audit. We use performance materiality for purposes of assessing the risks of material misstatement and determining the nature, timing and extent of further financial audit procedures. Our assessment of materiality throughout the audit will be based on both quantitative and qualitative considerations. Because of the interaction of quantitative and qualitative considerations, misstatements of a relatively small amount could have a material effect on the current financial statements and noncompliance as well as financial statements and noncompliance of future periods. We will accumulate misstatements identified during the audit, other than those that are clearly trivial. At the end of the audit, we will inform you of all individual unrecorded misstatements aggregated by us in connection with our evaluation of our audit test results. We will also accumulate information concerning noncompliance during the audit and communicate information concerning noncompliance in accordance with applicable provisions of Government Auditing Standards issued by the Comptroller General of the United States; the Single Audit Act; the U.S. Office of Management and Budget Uniform Guidance, the Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration for the Authority's Passenger Facility Charge Program; and the California Civil Code Section 1936, as amended for the Authority's Customer Facility Charge Program.

## Our Approach to Internal Control and Compliance Relevant to the Audit

Our audit of the Authority's basic financial statements will include obtaining an understanding of internal control sufficient to plan the audit and to determine the nature, timing, and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Our review and understanding of the Authority's internal control is not undertaken for the purpose of expressing an opinion on the effectiveness of internal control.

We will issue reports on internal control related to the financial statements and major programs. These reports describe the scope of testing of internal control and the results of our tests of internal controls. Our reports on internal control will include any significant deficiencies and material weaknesses in the system of which we become aware as a result of obtaining an understanding of internal control and performing tests of internal control consistent with the requirements of the Government Auditing Standards issued by the Comptroller General of the United States, the Single Audit Act, and the Uniform Guidance.

We will issue reports on compliance with laws, regulations, and the provisions of contracts or grant agreements. We will report on any noncompliance which could have a material effect on the financial statements and any noncompliance which could have a direct and material effect on each major program.

Our reports on compliance will address material errors, fraud, abuse, violations of compliance requirements, and other responsibilities imposed by state and federal statutes and regulations and assumed contracts; and any state or federal grant, entitlement, or loan program questioned costs of which we become aware, consistent with the requirements of the standards and circular identified above.

## Using the Work of Internal Auditors

As part of our understanding of internal control, we will obtain and document an understanding of your internal audit function. We will read relevant internal audit reports issued during the year to determine whether such reports indicate a source of potential error or fraud that would require a response when designing our audit procedures. Because internal auditors are employees, they are not independent and their work can never be substituted for the work of the external auditor. We may, however, alter the nature, timing, and extent of our audit procedures, based upon the results of the internal auditor's work or use them to provide direct assistance to us during the performance of our audit.

## Timing of the Audit

We have scheduled preliminary audit field work for the week of August 28, 2023, with final field work commencing the week of September 25, 2023. Management's adherence to its closing schedule and timely completion of information used by us in performance of the audit is essential to timely completion of the audit.

## Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to be of service to the Burbank-Glendale-Pasadena Airport Authority.

This communication is intended solely for the information and use of the Members of the Board of Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
Macias Gini ह́ O' Gomel $\Delta>$

# ECO-RAPID TRANSIT (ORANGELINE DEVELOPMENT AUTHORITY) JOINT POWERS AGREEMENT TERMINATION 

Prepared by John T. Hatanaka<br>Senior Deputy Executive Director

## SUMMARY

At its meeting on October 16, 2023, the Legal, Government and Environmental Affairs Committee ("Committee") voted unanimously (3-0) to recommend that the Commission adopt proposed Resolution No. 507, copy attached, to approve termination of the Eco-Rapid Transit ("ERT") Joint Powers Agreement ("JPA").

## BACKGROUND

ERT is a joint powers agency officially known as the Orangeline Development Authority ("OLDA"). ERT was formed to pursue development of an environmentally friendly, reliable, and seamless transit system that connects the communities between the southeast region of Los Angeles County, downtown Los Angeles, and Hollywood Burbank Airport. The Authority joined ERT in June 2010. ERT's membership also includes the County of Los Angeles and the Cities of Artesia, Bell, Bell Gardens, Cerritos, Cudahy, Glendale, Huntington Park, Maywood, Paramount, and South Gate. ERT's planned route extended from Artesia to the Airport.

In 2014, OLDA rebranded as ERT so as not to be confused with the Orange Line Bus Rapid Transit project in the San Fernando Valley.

Through membership in ERT, the Authority was able to receive funding for mitigation of traffic impacts caused by the Interstate 5 construction as well as assistance in obtaining the Federal Transit Agency grant for the regional bus facility in the Regional Intermodal Transportation Center.

At its meeting of September 13, 2023, the ERT Board of Directors unanimously voted in support of dissolution of the agency and directed its staff to proceed with necessary steps to complete termination of the JPA.

In order to formalize termination of the JPA, each ERT member has been requested to submit a resolution approving the termination. Proposed Resolution No. 507 directs the Authority's representative on the ERT Board of Directors (Commissioner Quintero) to vote to terminate ERT JPA. The Resolution also directs the Authority's Executive Director and Staff to take all ancillary actions needed to complete the Authority's withdrawal from ERT provided that such actions do not impose any financial or legal obligations on the Authority.

## RECOMMEDNATION

At its meeting on October 16, 2023, the Committee voted unanimously (3-0) to recommend that the Commission adopt the proposed Resolution No. 507 approving termination of the ERT JPA and authorize the President to execute the same.

# STAFF REPORT PRESENTED TO THE BURBANK-GLENDALE-PASADENA AIRPORT AUTHORITY NOVEMBER 13, 2023 

# CONDITIONAL CONSENT TO ASSIGNMENT DEVELOPMENT GROUND LEASE SOUTHWEST AIRLINES 

Prepared by John T. Hatanaka<br>Senior Deputy Executive Director

## SUMMARY

At its meeting on October 16, 2023, the Finance and Administration Committee ("Committee") voted unanimously (3-0) to recommend that the Commission approve a proposed Conditional Consent to Assignment ("Consent"), copy attached, for the Development Ground Lease ("Lease") for the fuel yard area located on the northeast quadrant of the Airport. The Consent will approve assignment of the Lease from Southwest Airlines ("Southwest") to BUR Fuel Company, LLC ("BUR Fuel"), a newly formed airline consortium.

## BACKGROUND

Prior to the development of a single fuel yard in the northeast quadrant, the Airport had multiple fuel facilities serving tenants. In 1997, the Authority faced a fuel storage dilemma in that it had until December 22, 1998 to design and construct a new facility that would meet new state environmental regulations or there would be no fuel available for commercial and general aviation aircraft. Southwest, with the support of other airlines serving the Airport at that time, agreed to assume management of the project using its own in-house resources to ensure a replacement facility would be built by the deadline. In January 1998, the Authority and Southwest executed the Lease to provide for the development and operation of a replacement fuel yard facility. The facility consists of five 50,000-gallon jet fuel storage tanks that are encased in concrete vaults designed to withstand an 8.0 magnitude earthquake, associated systems and controls to monitor all fuel received and dispensed, as well as a leak detection system for each tank.

Over the years Southwest has managed the fuel yard utilizing the services of a third-party fuel facility management service provider, Aircraft Service International Inc. That firm now is doing business as Menzies Aviation ("Menzies").

Southwest and Menzies have maintained the level of operation that has consistently met the Lease's obligations.

[^0]
## DETAILS

In preparation for the Replacement Passenger Terminal, Southwest initiated consortium formation discussions with other fuel yard users. The formation of a consortium to undertake fuel yard operation, maintenance, and management responsibilities is a practice airlines started over 30 years ago with establishment of such an entity at Daniel K. Inouye Airport in Hawaii, San Francisco International Airport, Los Angeles International Airport, Harry Reid Las Vegas International Airport, and Chicago-O'Hare International Airport. In addition to spreading fuel yard responsibilities to a group rather than pinning them on just one airline, a consortium is able to consider future capital improvements and undertake the planning and implementation of those improvements.

On September 28, 2023, BUR Fuel was established as a Delaware limited liability company. Copies of BUR Fuel's certificates with the Delaware and California Secretaries of State are attached.

With the formation of the consortium completed, Southwest has requested that the Lease be assigned to BUR Fuel. A proposed Consent is attached for consideration. If approved, upon the closing of the Lease assignment, BUR Fuel will assume all obligations and requirements set forth under the Lease including utilities, insurance and applicable taxes.

Components of the Lease are:

| Use: | Development on an unimproved parcel for the operation and <br> maintenance of a consolidated fuel storage for the purposes of <br> receiving, storing and dispensing fuel products including jet fuel, <br> aviation gasoline, automotive fuels, aircraft lubricating oil, automotive <br> oil and other petroleum products utilized by the airlines and tenants <br> such as fixed based operators, and hangar tenants |
| :--- | :--- |
| Location: | 2.2 acres located on the northeast quadrant of the Airport in the <br> City of Los Angeles |
| Expiration: | December 31, 2028 |
| Rent: | $\$ 58,822$ per year |

Adjustment: $\quad$ Rent is adjusted annually based on the applicable CPI during the immediately preceding twelve-month period

Termination: Authority has the right to terminate with six months prior notice

## BUDGET IMPACT

The proposed Consent is revenue neutral as BUR Fuel assumes all financial obligations of the Lease.

## RECOMMENDATION

At its meeting on October 16, 2023, the Committee voted unanimously (3-0) to recommend that the Commission approve a proposed Consent to assign the Lease from Southwest to BUR Fuel and authorize the President to execute the same.

# STAFF REPORT PRESENTED TO THE BURBANK-GLENDALE-PASADENA AIRPORT AUTHORITY NOVEMBER 13, 2023 <br> HELICOPTER MAINTENANCE AND OPERATIONS LEASE CITIES OF BURBANK AND GLENDALE 

Prepared by Scott Kimball<br>Deputy Executive Director<br>Operations, Business and SMS

## SUMMARY

At its meeting of October 16, 2023, the Finance and Administration Committee ("Committee") voted unanimously (3-0) to recommend the Commission approve a new Helicopter Maintenance and Operations Lease ("Lease") between the Authority and the Cities of Burbank and Glendale ("Cities").

## BACKGROUND

The Burbank and Glendale Police Departments separately operated a law enforcement air support unit to provide public safety services for the community. In 1991, the Cities pursued a joint facility capable of housing and meeting the needs of their respective air support programs. On January 4, 1994, the Authority awarded a 30-year lease to the Cities for a heliport facility, located in the northwest quadrant of the Airport, for the purposes of helicopter maintenance and operational activity support. The Cities formed the Joint Air Support Unit ("JASU"), which has been located in these premises since 1993.

The JASU facility is approximately 13,300 square feet and serves as the base for the JASU to provide daily helicopter patrol and emergency responses for the Cities. With three helicopters, the JASU provides direct support for ground officers in detection and response to actual and suspected criminal activity. Additionally, the JASU provides security checks at critical infrastructure including the Airport, as well as assistance in search and rescue operations, firefighting, code enforcement, natural disasters, SWAT operations, and aerial surveillance.

In lieu of the Cities paying rent to the Authority, the JASU provides aerial services when it conducts daily perimeter patrols, a minimum of four times a day. The JASU also provides aerial services when it responds to emergency requests from the Airport Police Department. Additionally, the Cities have invested $\$ 1.3$ million into the JASU facility. Based on comparable facilities at the Airport, the monthly rental value of the land and facility occupied by the JASU is estimated at $\$ 14,600$. The proposed Lease is substantially similar to the current Lease, which was reviewed by FAA for compliance with revenue diversion regulations.

The current Lease will expire on December 31, 2023. If the proposed Lease is approved, the term will be for another thirty-years from January 1, 2024, to December 31, 2054.

## DETAILS

Key components of the proposed Lease are as follows:
Premises: $\quad 7540$ Wheatland Ave Sun Valley, CA
Use: $\quad$ Helicopter Maintenance and Operations
Rent: In lieu of rent, the JASU shall provide the Airport with air support services to the Airport Police Department

Term: January 1, 2024 to December 31, 2054
Termination: $\quad$ Authority has the right to terminate with 6 months' notice
Other: Tenant responsible for all maintenance, insurance, and utility costs associated with the leased premises.

## RECOMMENDATION

At its meeting of October 16, 2023, the Committee voted (3-0) to recommend that the Commission approve the proposed Lease with the Cities and authorize the President to execute the same.

Component Guaranteed Maximum Price ("CGMP") for two items:

1. CGMP 01: for the Terminal Building Mechanical, Electrical, and Special Systems ("MEP") in the amount of $\$ 3,829,573$;
2. CGMP 02 - for Civil Site Work in the amount of $\$ 66,803,938$;

Authorization to utilize Owner Allowances:
3. Allowance for potential unforeseen environmental hazards or conditions incurred during the civil site work in the amount of $\$ 3,000,000$;
4. Allowance for compliance with new U.S. Department of Labor rules for the calculation of prevailing wages under Davis Bacon in the amount of $\$ 300,000$; and
5. Allowance for permit applications to the City of Burbank Building and Safety Department in the amount of $\$ 3,000,000$.

## BACKGROUND

On December 19, 2022, the Commission awarded Holder, Pankow, TEC - A Joint Venture ("HPTJV") a design-build agreement for the RPT Project. HPTJV has begun design and preconstruction efforts and has reached several milestones, including the design concept selection by the Commission on April 17, 2023. As part of the preconstruction efforts, the design-build agreement provides for HPTJV's submission of CGMP proposals for incremental elements of the work. Submittal requirements and preparation guidelines for CGMP proposals are addressed in PR-04 of Exhibit H of the design-build agreement.

HPTJV solicited, per the FAA approved Procurement Plan, subcontractors for trade packages that make up CGMP 01 and 02.

CGMP 01 - Terminal MEP

The purpose of obtaining MEP services prior to design completion is to assist the design services to achieve the most cost-efficient, high-performance design. It also allows for full cost transparency for material costs, pre-negotiated labor rates for all union positions, integration of pre-fabrication for complex systems into the design, and flexibility to place long lead equipment orders. Additionally, the MEP firms will be on board to perform project start up scope activities associated with the temporary utility connections and on-site trailer connections. Services under this CGMP include:

- Six months of preconstruction and design assist services:
- Value Engineering, Constructability Reviews, shop drawing submission, and Options Analysis
- Competitively bid General Conditions and Fee \%
- Project Startup Scope Allowances for MEP subcontractors Temporary Utility connections, On-Site Trailer Connections, Purchase Orders for Long Lead Equipment

The total price for CGMP - 01 is $\$ 3,829,573$ which is $\$ 1,622,213$ under budget.
CGMP - 02 - Civil Site Work
This CGMP is for the procurement of the following trade packages:

1. Earthwork / Site Enablement:

- Site demolition of the project site
- Mass grading of the project site
- Deep utility installation for storm \& sanitary sewer piping and structures
- Furnishing and installation of site retaining wall along east boundary of the project site
- Site logistics installation, including access road, crane road, parking, and laydown areas for construction use
- Erosion control and maintenance of the project site

2. Shoring Systems:

- Turnkey below grade shoring systems as required to support construction of below-grade level of the Parking Garage

3. Temporary Fencing:

- All temporary fencing as required to support phased turnover of the project site to the HPTJV project team, and as necessary to support future construction activities.

4. Temporary Power:

- Furnishing and installation of a turnkey design-build temporary power solution for the project site, inclusive of power duct banks from Tulare Avenue to the site, a temporary power yard, and all duct banks to provide temporary power access across the site

The total price for this CGMP - 02 proposal is $\$ 66,803,938$ and is $\$ 4,542,240$ under budget.

Allowance for unknown and potentially hazardous environmental conditions:

- The RPT is being constructed on the Adjacent Property, which is a portion of the former Lockheed Plant B-6 Site and is a known environmental Superfund site.
Although Lockheed undertook remediation of the site and obtained a "Finding of No Further Action" from the Los Angeles Regional Water Quality Control Board, there are potential risks for encountering unknown hazards or environmental conditions. Staff seeks an allowance of \$3,000,000 to address such a circumstance if it arises.

Allowance for compliance with Davis Bacon rule change:

- Effective October 23, 2023, new U.S. Department of Labor rules applicable to the calculation of prevailing wages (ref.: 88 FR 57526) apply. Staff seeks an allowance of $\$ 300,000$ to address the potential cost impact associated with these new rules.

Allowance for permit fees, City of Burbank, Building and Safety Department:

- Per PR-01.B.2.b. 2 of Exhibit H of the design-build agreement, HPTJV is responsible for procuring permits for construction packages. Within the Design to Budget, under Owner Allowance, $\$ 7,141,160$ is allocated for the cost of permits and utility connection fees. HPTJV seeks an initial amount of $\$ 3,000,000$ for such fees to procure all applicable permits and will reconcile the final fee costs in future pay applications. A schedule of anticipated submission dates to the City is attached.

## FUNDING

The adopted FY 2023-2024 budget includes appropriations in the amount of \$123,483,956 for the RPT Project early works and pre-construction packages. These costs are programmed to be initially funded through the Bipartisan Infrastructure Law grants and commercial paper program pending issuance of the construction financing scheduled for the late spring of 2024.

## RECOMMENDATION

At its special meeting on October 31, 2023, the Committee voted (3-0) to recommend the Commission approve proposed Task Order No. 2 in the amount $\$ 76,933,511$ and authorize the Executive Director to execute same.

## HELICOPTER MAINTENANCE AND OPERATIONS LEASE

THIS HELICOPTER MAINTENANCE AND OPERATIONS LEASE ("Lease") is dated as of $\qquad$ and is entered into by and among the BURBANKGLENDALE PASADENA AIRPORT AUTHORITY, a public entity formed under a joint exercise of powers agreement among the Cities of Burbank, Glendale, and Pasadena, California, pursuant to the California Joint Exercise of Powers Act ("Landlord"), and the CITY OF BURBANK, a charter city and municipal corporation and the CITY OF GLENDALE, a charter city and municipal corporation, as tenants in common, each as to an undivided one-half ( $1 / 2$ ) interest (collectively, and jointly and severally, "Tenant").

## RECITALS

A. Landlord is the owner and operator of the Hollywood Burbank Airport located in Burbank, California ("Airport").
B. Tenant desires to lease space at the Airport (as described in Section 1.1 below, the "Leased Premises") from Landlord to obtain space for the storage, maintenance, and operation of the police helicopters of the cities of Burbank and Glendale, and in order to thereby enhance and further promote the public safety and welfare served by such cities' law enforcement programs.

THEREFORE, in consideration of the covenants and agreements contained herein and for other valuable consideration, the sufficiency of which is hereby acknowledged, Landlord and Tenant agree as follows:

## 1. LEASED PREMISES.

1.1 Defined. Landlord hereby leases to Tenant, and Tenant hereby leases and hires from Landlord, the hangar space described and/or depicted in Exhibit "A" attached hereto (the "Leased Premises"), upon the terms and subject to the conditions set forth in this Lease.
1.2 "AS-IS". Tenant accepts the Leased Premises as of the Commencement Date (as hereinafter defined) in the condition existing as of the Commencement Date, without representation or warranty, express or implied, and agrees that the Leased Premises are otherwise in a good and tenantable condition and acknowledges that, except as specifically provided herein, Landlord is not otherwise obligated to make any repairs or alterations to the Leased Premises.

The Leased Premises, the building in which they are located, the office space in the building that is included in the Leased Premises, and any other areas that may be used by Tenant under this Lease (herein, the "subject premises") have not been inspected by a Certified Access Specialist (CASp). A CASp can inspect the subject premises and determine whether they comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, a commercial property owner or lessor may not prohibit a lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties must mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any
repairs necessary to correct violations of construction-related accessibility standards within the subject premises.

The Landlord and Tenant hereby agree that Landlord will not be obligated to obtain or pay for such an inspection report, and will not make or pay for any necessary repairs (all of which shall be the responsibility of the Tenant under this Lease).
1.3 Title; Reservations to Landlord. Tenant accepts the Leased Premises subject to any and all existing easements, servitudes and encumbrances, whether recorded or unrecorded. Landlord reserves the right, without obligation, to install, lay, construct, maintain, repair and replace utilities and appurtenances necessary or convenient in connection therewith in, over, upon, through, across, under and along the Leased Premises and any New Improvements (as defined in Section 6.1.1) or any part thereof, and to enter the Leased Premises or any New Improvements for any and all such purposes. Landlord also reserves the right to grant franchises, licenses, easements, rights of way and permits in, over, upon, through, across, under and along any and all portions of the Leased Premises. No right reserved by Landlord in this Section shall be so exercised as to interfere unreasonably with Tenant's use of the Leased Premises or Tenant's business operations in the Leased Premises or the construction of the New Improvements as provided in this Lease or Tenant's reasonable access to the Common Use Facilities.
1.4 Landlord's Right of Access. Landlord shall have free access to the Leased Premises during all reasonable hours, or at any time in the event of an emergency, for the purposes of examining the same to ascertain if they are in good repair, inspecting any work in progress within or upon the Leased Premises, New Improvements or elsewhere on the Airport, making repairs which Landlord may be permitted to make hereunder, and, during the last twelve (12) months of the term of this Lease or at any time following either Landlord or Tenant giving a notice of termination under this Lease, exhibiting the same to prospective purchasers or tenants. Such entry shall be made in a manner that will not unreasonably interfere with Tenant's use of the Leased Premises, except in case of emergency. In the event that Tenant is not personally present to open and permit such entry, Landlord may enter by means of master keys or may enter forcibly and shall incur no liability to Tenant as a result of such entry, except for any gross negligence or willful misconduct on the part of Landlord or any of its employees, agents, representatives or contractors. In non-emergency situations, Landlord shall exercise such right of access with reasonable notice and frequency and shall exercise commercially reasonable efforts to be accompanied by Tenant's representative.

## 2. TERM.

2.1 Initial Term; Commencement Date; Annual Period. The term of this Lease shall commence at 12:01 a.m. on $\quad 2024$ ("Commencement Date") and continue until 11:59 p.m. on $\qquad$ , 2054 ("Expiration Date"). Each twelve (12) full calendar month period, commencing on the Commencement Date, during the term of this Lease is sometimes hereinafter referred to as an "Annual Period".
2.2.1 Landlord's Right to Terminate. Tenant acknowledges that Landlord is presently conducting and in the future will conduct feasibility, economic, land use and other studies of the Airport and its physical configuration for the purpose of relocating or rebuilding terminal facilities, fixed base operator facilities, cargo facilities, fueling facilities, retail, commercial, industrial and manufacturing facilities, parking areas, service areas, runways, taxiways, apron areas, access roads, control tower, safety and open areas, safety and navigation equipment and other Airport and non-Airport facilities, some or all of which may be required by the Federal Aviation Administration ("FAA"), by considerations of safety or efficiency of operation at the Airport, or by economic conditions, opportunities or circumstances, and that it is not possible to determine whether or to what extent the Leased Premises or New Improvements will be included within or affected by any such studies, reconfiguration of the Airport or rebuilding or relocation of Airport facilities. In the event that Landlord, in its sole and absolute discretion, determines that all or a portion of the Leased Premises is needed for alternative purposes, uses or opportunities, or that any reconfiguration of the Airport, reconstruction, rebuilding or reconstruction of Airport facilities, or construction of new Improvements or facilities, will prevent or interfere with Tenant's authorized use of the Leased Premises, and without any requirement that Landlord consider the potential or actual adverse economic impacts upon Tenant or that Landlord meet any standard of reasonableness, need, good faith or fair dealing, all of which Tenant acknowledges shall not be required to be considered by Landlord, Landlord shall have the right to terminate this Lease as to all of the Leased Premises by delivering to Tenant not less than six (6) months' prior written notice of such termination pursuant to this Section.
2.2.2 Tenant Acknowledgments Regarding Landlord's Right to Terminate. The provisions of Section 2.2.1 are contractual and arise from Landlord's unwillingness to enter into a long term lease of the Leased Premises without the right of termination provided herein, and are in part in exchange for Tenant's rights under Section 2.2.3 below. Tenant acknowledges that under these circumstances, including those in the preceding sentence, such provisions are reasonable and Tenant is willing to accept Landlord's termination rights in order to obtain a longer lease term than might otherwise be provided by Landlord. The exercise by Landlord of its termination right shall not be construed as a taking by Landlord of any part of the Leased Premises or New Improvements or of Tenant's rights or leasehold estate under this Lease, and Tenant shall not be entitled to payment for any loss of goodwill, income or other amount measured by Tenant's loss upon termination or reduction of its business following termination of this Lease as to the Leased Premises or any New Improvements.
2.2.3 Tenant's Right to Terminate. Provided Tenant is not in default under this Lease as of the date its termination notice (hereinafter described) is sent and the date specified in such notice as the date on which this Lease shall terminate, then Tenant shall have the right to terminate this Lease upon six (6) months' prior written notice to Landlord.

## 3. RENT AND OTHER CHARGES.

3.1 No Rent. In consideration of the enhancement and promotion of public safety being served by the law enforcement helicopter facility to be located on the leased premises, Tenant shall not be required to pay to Landlord any sums as and for rent.
3.2 Taxes. Tenant shall, if not otherwise exempt from payment, pay prior to delinquency all taxes and assessments imposed by any authority having the direct or indirect power to tax which are applicable during the term of this Lease on the leasehold estate of Tenant hereunder (i.e., possessory interest taxes) and/or any improvements or constructed, installed or made to the Leased Premises by Tenant, and all personal property of Tenant.
3.2.1 Right to Contest. Tenant shall have the right to contest the validity, applicability, and/or amount of any taxes alleged by the applicable taxing authority to be payable by Tenant by appropriate proceedings and the cost of such contest shall be paid by Tenant, but Tenant shall be entitled to receive and retain the recoveries from such contest. Notwithstanding the foregoing, if such Taxes are secured by a lien on any portion of the Airport or its revenues or if, in the sole opinion of Landlord, the nonpayment of such Taxes will be detrimental to Landlord, then as a condition to making such contest, Tenant shall pay the contested Taxes with a right of reservation.
3.3 Utilities. Tenant shall pay charges for water, gas, heat, light, power, air conditioning, telephone, internet and other utilities and services supplied to and/or used in the Leased Premises, together with any and all taxes thereon and connection fees relating thereto, in accordance with Section 3.3 below. Tenant acknowledges, for itself that, except to the limited extent expressly provided in Section 3.3, Landlord has no obligation to provide utilities or services to the Leased Premises. Landlord shall not be liable to Tenant under any circumstances for destruction, damage or loss to property, injury or death of any person, or any consequential damages, arising out of, resulting from or relating to, whether directly or indirectly, the furnishing, failure to furnish, interruption, cancellation or termination of any of said utilities or services by the providers or suppliers of any said utilities or services. Tenant shall comply with all rules, regulations and other requirements which any provider or supplier of utilities or services may establish for the use, proper functioning and protection of any said utility or service.

### 3.4 Other Charges.

3.4.1 Obligation to Pay. Tenant shall pay, as additional rent all the costs and expenses incurred by Landlord described in Section 3.3 (Utilities) above and this Section 3.4.
3.4.2 Fire and Security Services. Landlord is not obligated to Tenant to furnish any fire-fighting services or security services to the Leased Premises. Tenant acknowledges that the Leased Premises, Common Use Facilities and other areas of the Airport are within the municipal service areas of the City of Burbank and the City of Los Angeles. Tenant shall provide such security services as may be reasonably required by Landlord to protect the Leased Premises against fire, theft, vandalism, malicious mischief, and unauthorized use or entry of the Leased Premises, and any improvements so required shall be included in "Approved New Improvements". Without limiting or modifying any obligation of Tenant to pay Annual Base Rent or other amounts due under this Lease, with Landlord's prior written approval, which shall not be unreasonably withheld, Tenant shall have the right to station its own security personnel at the Leased Premises and to install its own security systems in the Leased Premises.
3.4.3 Trash Removal. Tenant shall comply with all reasonable written instructions of Landlord in disposing of its trash and refuse. Tenant shall dispose of its refuse at its sole expense.
3.4.4 Manner of Payment. In the event Landlord pays or incurs any amount reimbursable to Landlord under this Section 3.3 or under any other section of this Lease, Tenant shall reimburse Landlord for such charge, as additional rent hereunder, within thirty (30) days after Landlord gives to Tenant an appropriate invoice therefor.
3.5 Net Lease. Except as otherwise provided in this Lease, Tenant shall be responsible for all costs attributable to the Leased Premises and Tenant's use or occupancy thereof. Landlord shall receive all amounts payable by Tenant pursuant to this Section 3, or any other provision of this Lease, free and clear of any and all other impositions, Taxes, liens, charges or expense of any nature whatsoever in connection with the ownership and operation of the Leased Premises. In addition to the amounts payable by Tenant pursuant to this Section 3, Tenant shall pay to the parties respectively entitled thereto all other impositions, operating charges, maintenance charges, construction costs, and any other charges, costs and expenses which arise or may be contemplated under any provision of this Lease during the term hereof; provided, however, that Tenant shall have the right to contest the validity, applicability or amount of any such charge, cost or expense and, if the claimant attempts to attach or to assert any stop notice or mechanics lien rights against funds held by Tenant's lender, the Leased Premises or any New Improvements, Tenant provides any statutory bond required to prevent such claimant from exercising any such rights or remedies against the lender, the Leased Premises or the New Improvements. All of such charges, costs and expenses which either (i) are payable to Landlord or (ii) the failure to pay will create a lien against the Land, shall constitute additional rent, and upon the failure of Tenant to pay any of such costs, charges or expenses, Landlord shall have the same rights and remedies as otherwise provided in this Lease for the failure of Tenant to pay rent.
3.6 Interest on Past Due Payments. Any amount due from Tenant to Landlord pursuant to this Section 3 or any other provision of this Lease which is not paid within fifteen (15) days after Landlord delivers written notice to Tenant that such amount is due shall bear interest from the due date until paid at a rate equal to the lower of (i) ten percent ( $10 \%$ ) per annum or (ii) five (5\%) in excess of the prevailing rate established by the Federal Reserve Bank at San Francisco on advances to member banks on the twenty-fifth (25th) day of the month preceding the Commencement Date (but not more than the maximum rate permissible by Law); provided, however, that the payment of any interest pursuant to this Section shall not excuse or cure any default by Tenant with respect to its obligations to pay any amount due from Tenant pursuant to this Section 3 or any other provision of this Lease.
3.7 Address for Payment. The rent and all other amounts due to Landlord pursuant to this Section 3 or any other provision of this Lease shall be paid at the office of Landlord; Burbank-Glendale-Pasadena Airport Authority, 2627 Hollywood Way, Burbank, California 91505, Attention: Controller, or at such other place as Landlord may designate from time to time in writing to Tenant.
3.8 No Abatement of Rent or Fees. Tenant acknowledges and agrees that, except as provided in Sections 8.1, 8.2, 10.1 or 10.2: (i) this Lease shall not be terminable for any
reason by Tenant, and (ii) Tenant shall in no event be entitled to any abatement of or reduction in rent payable under this Lease. Any present or future Law to the contrary shall not alter this Lease.

## 4. USE OF LEASED PREMISES.

### 4.1 Use of Leased Premises.

4.1.1 Principal Use As Airport. Tenant hereby acknowledges that the principal use of the Airport consists of the operation of a public airport and that all other businesses and operations which now are or hereafter permitted by Landlord, to be conducted on or at the Airport, including Tenant's use of the Leased Premises pursuant to this Lease, must at all times be compatible with such principal use, as Landlord, in its sole and absolute discretion, shall determine, including, without limitation, the exercise of Landlord's rights pursuant to Section 2.2.1.
4.1.2 Authorized Use of Leased Premises. Tenant shall use the portion of the Leased Premises constituting hangar space exclusively throughout the Lease term for helicopter storage and maintenance and for no other use; Tenant shall use the portion of the Leased Premises constituting office space exclusively throughout the Lease term for office use and for no other use; and Tenant shall use the remainder of the Leased Premises constituting hangar for operation of Tenant's helicopters and related law enforcement equipment and operations (collectively, the "Permitted Uses"). Tenant shall not use nor authorize the use of the Leased Premises, or any portion thereof, for any purpose whatsoever that is not a Permitted Use for the applicable portion without Landlord's prior written consent, which consent Landlord may withhold or condition in Landlord's sole and absolute discretion without regard to any standard of reasonableness.
4.1.3 Restrictions on Storage. Derelict aircraft, inoperative ground vehicles, unused ramp equipment, scaffolding, hoists and related items may not be kept on any portion of the Airport unless such equipment and materials are kept within the fully enclosed hangar building portion of the Leased Premises.
4.2 Prohibited Uses. Tenant shall neither use nor permit the use of any part of the Leased Premises for any purpose other than as set forth in Section 4.1. Without limiting the generality of the foregoing sentence, the following uses are specifically prohibited unless the prior written consent of Landlord is obtained:
4.2.1 Sales of aviation fuel or oil;
4.2.2 Sales of food;
4.2.3 Sales of products or sundry items;
4.2.4 Sales or dispensing of alcoholic beverages;
4.2.5 Any use prohibited by Law or not related to aviation.
4.2.6 Knowingly boarding, enplaning or unloading revenue passengers, either on a scheduled or nonscheduled basis.

### 4.3 Conduct of Tenant's Activities.

4.3.1 Standards. In addition to any and all other terms, conditions and requirements under this Lease, Tenant, at all times during the term of this Lease, shall comply strictly with the terms, conditions and requirements set forth in this Section 4.3.
4.3.2 Conduct of Employees. Tenant shall exercise its diligent efforts to control the conduct, demeanor, and appearance of its officers, employees, agents, representatives, contractors, licensees, permittees, invitees and permitted Tenants, and shall require all of its employees to wear clean and neat appearing clothing and shall take all actions necessary to ensure their courteous, polite and inoffensive conduct and demeanor. Upon receipt of reasonable written objection from Landlord concerning the conduct, demeanor, or appearance of any such person, Tenant immediately shall take all legal steps necessary to correct or to remove the cause of the objection.
4.3.3 Landlord Noise Abatement Rules. Tenant hereby acknowledges that Tenant has read and understands the Burbank-Glendale-Pasadena Airport Authority noise abatement rules as they presently exist, attached hereto as Exhibit "B". Tenant shall conduct its business and flight operations, if any, in compliance with the noise abatement rules, as the same may be amended by Landlord from time to time, including, without limitation, any voluntary or mandatory curfew imposed now or in the future by Landlord, consistent with federal law, on flight operations between specified nighttime and morning hours (the "Noise Abatement Rules"). Tenant shall also conduct its flight operation in accordance with any voluntary noise abatement procedures as may be promulgated by Landlord that are in compliance with federal law. Landlord shall give written notice to Tenant of any violation of the Noise Abatement Rules by Tenant which comes to Landlord's attention.
4.3.4 Licenses, Permits; Compliance With Laws. Tenant, at Tenant's own cost and expense, shall obtain and maintain in effect at all times during the term hereof all licenses, permits, certificates, approvals and other authorizations required by any federal, state, county, city or other governmental department, bureau, agency or other authority having jurisdiction over Tenant, Tenant's business and operations from the Leased Premises or any other areas of the Airport, including, without limitation, all licenses, permits, certificates, approvals and other authorizations required by the FAA. Tenant shall comply with all applicable federal, state, county and city statutes, regulations, rules and ordinances governing or regulating matters of health, safety or security or the use or occupancy of the Leased Premises or the operation of the Airport, including all rules and regulations promulgated by the FAA or the TSA, all rules, regulations, policies and guidelines of Landlord promulgated pursuant to Section 16 of this Lease, and all orders of any governmental department, bureau, agency or other authority having jurisdiction over Tenant, Tenant's business and operations from the Leased Premises, the Leased Premises and New Improvements or any other areas of the Airport (collectively, "Laws"). Landlord shall give written notice to Tenant of any violation of Laws by Tenant which comes to Landlord's attention.
4.3.5 Air Quality Improvement Plan. In addition to complying with Section 4.3.3, Tenant shall also comply with the certain provisions of the Burbank Airport's Air Quality Improvement Plan:
4.3.5.1 Ground Support Equipment Emissions Policy. Airlines and other entities own and operate ground support equipment ("GSE") to support arriving, departing, and parked aircraft at the Airport. The Airport's GSE policy will ensure that the Airport achieves Airport-wide GSE emissions targets. The Airport will achieve an airport average composite emissions factor for its GSE fleet which is equal to or less than 1.66 horsepower-hour of nitrogen oxides ( $\mathrm{g} / \mathrm{hp}$-h of Nox) by January 1, 2023, and $0.74 \mathrm{~g} / \mathrm{hp}-\mathrm{h}$ of Nox by January 1, 2031. Upon achieving the 2023 and 2031 emissions targets, Tenant shall be required to ensure its fleet average continues to meet the Airport emissions targets. Tenant's obligation to meet the 2031 target shall be contingent on the installation of adequate infrastructure to support zero-emission GSE, which is operationally feasible and commercially available. Tenant's "Burbank Airport GSE fleet" shall be comprised solely of GSE operated at the Airport. Emissions performance of GSE operating at the Airport cannot be averaged with emissions performance of GSE operating at other airports to demonstrate compliance with the Airport GSE emissions targets.
4.3.5.2 Clean Construction Policy. Landlord has adopted a Clean Construction Policy, which may be accessed/found at http://hollywoodburbankairport.com/green-initiatives/. For all capital improvement projects ("CIPs") undertaken by Tenant, Tenant shall comply, and shall cause its CIP contractors to comply, with such Clean Construction Policy, and shall otherwise ensure its contractors follow clean construction policies to reduce emissions of Nox such as using low-emission vehicles and equipment, recycling construction and demolition debris, and minimizing non- essential trips through better schedule coordination.
4.3.6 Burbank Airport Employee Ride Share Policy. Landlord intends to join the Burbank Transportation Management Organization (BTMO), which will serve all Airport employees and all Airport tenant employers, including employers with less than 250 employees. Tenant is encouraged to also join and to actively participate in the BTMO as an individual member.
4.4 Manner of Use. Tenant shall not use or permit the use of the Leased Premises or any other areas of the Airport in any manner that will (i) tend to create or permit any waste or nuisance, (ii) unreasonably tend to disturb other tenants, users or occupants of the Airport, (iii) invalidate, cause the cancellation of or conflict with any fire or other hazard insurance policies covering the Airport, or (iv) increase the premiums for any fire insurance policies covering the Leased Premises, the Airport or any property located thereon; or (v) constitute an immoral, improper, unlawful or objectionable purpose. Tenant, at its expense, shall comply with all rules, orders, regulations, or requirements of the National Board of Fire Underwriters, or any other similar body with respect to Tenant's operations at the Leased Premises.
4.5 Interference with Utilities, Police, Fire Fighting. Tenant shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of the mechanical, gas, electrical, heating, ventilating, air conditioning, plumbing or sewer systems, facilities or devices or portions thereof on or servicing the Leased Premises, or elsewhere on the Airport. In addition, Tenant shall not do or permit to be done anything which may interfere with free access or passage to the Leased Premises or the streets, roads, parking lots, curb areas, entryways, exits, sidewalks, Common Use Facilities or any other areas of the Airport other than such interference resulting from Tenant's compliance with Landlord's Security Requirements in accordance with the terms of this Lease. Further, Tenant shall not hinder police, fire fighting or other emergency personnel in the discharge of their duties.
4.6 Interference with Fire Exits. Tenant shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of fire exits in or adjacent to the Leased Premises or elsewhere at the Airport.
4.7 Temporary Structures. Tenant shall not allow any temporary structures or facilities on the Leased Premises, unless Tenant has obtained Landlord's prior written approval, which approval may be granted or withheld by Landlord in its sole and absolute discretion and, if such approval is granted, it shall be revocable at any time by Landlord, in its sole and absolute discretion.
4.8 Signs. Tenant shall not place, erect or maintain or cause to be placed, erected or maintained on or to the roof or any exterior door, wall, window or the roof of the building in which the Leased Premises are located or any New Improvement, or on or to the glass of any window or door of the Leased Premises or any New Improvement, any sign, marquee (flashing, moving, hanging, handwritten, or otherwise), decal, placard, awning, decoration, flashing, moving or hanging lights, lettering, or any other advertising matter of any kind or description without the express, written consent of Landlord. If Tenant places or causes to be placed or maintained any of the foregoing, Landlord or Landlord's representative may remove the same at Tenant's sole cost and expense and without notice or liability and without such removal constituting a breach of this Lease or entitling Tenant to claim damages on account thereof. No illuminated sign located within the Leased Premises that is visible from the outside of the Leased Premises shall be permitted. Tenant shall repair, at its sole cost and expense, any damage to the Leased Premises caused by the erection, maintenance or removal of any sign or other attachment. Landlord hereby acknowledges its approval of Tenant's existing signage, and signs substantially similar thereto.
4.9 Vending Machines. Tenant shall not place any vending machines or devices in or on the Leased Premises except for sales to its employees, without the prior written consent of Landlord.
4.10 Non-Discrimination and Affirmative Action. Tenant shall comply with the provisions of "C" attached hereto and by this reference made a part hereof regarding nondiscrimination, as the same may be amended by Landlord from time to time. In addition, Tenant shall undertake an affirmative action program, as required by 14 Code of Federal Regulations Part 152, Subpart E, to insure that no person shall, on the ground of race, creed, color, national origin, or sex, be excluded from participating in any employment activities covered in 14 Code of Federal Regulations Part 152, Subpart E. Tenant agrees that no person shall be excluded
on these grounds from participating in or receiving the services or benefits of any program or activity covered by said Subpart.
4.11 Compliance with FAA Grant Assurances and Airport Use. In connection with the ownership and use of the Airport by Landlord, Tenant hereby agrees as follows:
4.11.1 Development or Improvement of Landing Area. Landlord reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or views of Tenant, and without interference or hindrance.
4.11.2 Maintenance of Landing Area and Public Facilities. Landlord reserves the right, but shall not be obligated to Tenant, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Tenant in this regard.
4.11.3 Agreements with United States. This Lease shall be subordinate to the provisions and requirements of any existing or future agreement between Landlord and the United States, or any lawful requirement of the United States, relative to the development, operation, or maintenance of the Airport.
4.11.4 Construction of Improvements. In the event any future structure or building is planned for the Leased Premises in the event of any planned modification or alteration of any present or future building or structure situated on the Leased Premises, Tenant shall comply with the notification and review requirements covered in Part 77 of the Federal Aviation Regulations.
4.11.5 Non-exclusive Rights. It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of any exclusive right within the meaning of Section 308 (a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)).
4.11.6 Reservation of Rights. There is hereby reserved to Landlord, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Leased Premises and the other areas of the Airport. This public right of flight shall include the right to cause within said airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or landing at, taking off from or operating on the Airport.
4.11.7 Height Restrictions. Tenant shall not erect nor permit the erection of any structure or object, nor permit the growth of any tree, on the Leased Premises in violation of federal height restrictions and obstruction criteria or any more restrictive height restrictions and obstruction criteria established from time to time by Landlord. In the event the aforesaid covenants are breached, in addition to all other rights and remedies of Landlord, Landlord reserves the right to enter upon the Leased Premises to remove the offending structure or object and to cut the offending tree, all of which shall be at the expense of Tenant.
4.11.8 Interference with Aircraft. Tenant shall not make use of the Leased Premises nor any other areas of the Airport in any manner which might interfere with the landing and taking off of aircraft from the Airport, or which might otherwise constitute a hazard.

In the event the aforesaid covenant is breached, in addition to all other rights and remedies of Landlord, Landlord reserves the right to enter upon the Leased Premises or any other areas of the Airport and cause the abatement of such interference, at the expense of Tenant.
4.11.9 Rights of United States. This Lease and all the provisions hereof shall be subject to whatever right the United States Government now has, or in the future may have or acquire, affecting the control, operation, regulation and taking over of the Airport, or the exclusive or non-exclusive use of the Airport by the United States during the time of war or national emergency or otherwise.
4.11.10 Unauthorized Access. Tenant shall use reasonable precautions to prevent unauthorized persons from gaining access to restricted flight and aircraft operational areas, including, without limitation, the precautions established pursuant to Section 4.13.
4.11.11 Security Checks. Tenant shall comply with Part 107 of the Federal Aviation Regulations requiring background checks, including references and prior employment history, for all persons who have unescorted access to the airfield. Tenant agrees to maintain records of background checks for all employees of Tenant and to make such records available to the FAA and Landlord as may be requested from time to time.

### 4.12 Airport Security.

4.12.1 Security Requirements. Tenant's written security program described in Section 4.13 .2 below may be modified or supplemented from time to time by Landlord or its staff in writing, and in its sole and absolute discretion ("Security Requirements"), is an integral part of this Lease and is hereby incorporated herein by this reference.
4.12.2 Security Program. To the extent not previously submitted, within thirty (30) days after the date hereof, Tenant shall submit Tenant's written security program to Landlord for review and approval.

Upon receipt of any written notice from Landlord of a violation of the Security Requirements by Tenant or by any person subject to Tenant's control, Tenant shall promptly engage security personnel or undertake other necessary security procedures as reasonably requested by Landlord to cure the violation of the Security Requirements described in such notice and Tenant shall pay any fine or penalty imposed by the FAA as a result of such violation or imposed by Landlord under the Rules and Regulations. Tenant's failure to cure timely the violation of the Security Requirements described in the Landlord's notice shall constitute an Event of Default under this Lease.
4.12.4 Indemnity. Tenant shall defend, indemnify and hold harmless Landlord and the other Landlord Parties from and against any and all demands, claims, actions, causes of action, proceedings, judgments, awards, damages, fines, penalties, liabilities, obligations, losses, costs and expenses, including, without limitation, attorneys' fees, of any nature whatsoever, whether now existing or hereafter arising, known or unknown, foreseen or unforeseen, fixed or contingent (collectively, "Claims"), that Landlord or any other Landlord Party may at any time sustain or incur arising out of, resulting from or relating to any breach or violation by Tenant, or anyone subject to Tenant's control of, or failure to comply with, any provision of the Security

4.13 Quiet Enjoyment. Subject to the provisions of this Lease and applicable Laws, so long as Tenant is not in default (after applicable notice, if any, and an opportunity to cure) in the performance of any of its obligations under this Lease, Tenant shall lawfully and quietly hold, occupy and enjoy the Leased Premises during the Lease term.

## 5. MAINTENANCE AND REPAIRS.

5.1 Tenant's Obligations. Tenant, at Tenant's expense, shall maintain the Leased Premises and every part thereof in good order, condition, and repair according to standards determined by Landlord (whether or not such part of the Leased Premises requiring repair, or the means of repairing the same, are reasonably or readily accessible to Tenant, and whether or not the need for such repairs occurs as a result of Tenant's use, any prior use, the elements or the age of such part of the Leased Premises) including, without limiting the generality of the foregoing, (i) all buildings, structures or fixtures, including ceilings, floors, interior walls, non-structural components of exterior walls and exterior wall surfaces; (ii) store fronts, windows, doors, plate glass, showcases, skylights, entrances, and vestibules located within the Leased Premises, (iii) pavement, driveways, landscaping, parking lots, fences and signs, and all sprinkler, plumbing, sewer, drainage, heating, air conditioning, mechanical electrical and other system facilities, devices and equipment located within the boundaries of the Leased Premises, including air compressor and locks. Landlord shall not be liable to Tenant for any inconvenience or annoyance to Tenant or injury to Tenant's business resulting in any way from the undertaking of any repair following any damage or destruction, to the extent such repair is conducted in compliance with this Lease.

The termination of this Lease as to all or a portion of the Leased Premises by Landlord pursuant to any right of Landlord to do so set forth in this Lease, including, without limitation, under Section 2.2.1 or after an uncured Event of Default under Section 12, shall not be a taking under this Section 10.
10.2 Partial Taking. In the event of any taking under the power of eminent domain which does not result in a termination of this Lease pursuant to Section 10.1, the Annual Base Rent payable hereunder shall be reduced, effective as of the earlier of the date on which the condemnor obtains a right of possession of any portion of the Leased Premises or the date on which title vests with the condemning entity, by an amount calculated in the manner described in Section 2.3.1.1. Tenant, at its expense with respect to New Improvements and at Landlord's expense with respect to the balance of the Leased Premises, shall promptly restore the remaining portion of the Leased Premises to the condition existing immediately prior to such condemnation to the extent reasonably possible, and this Lease shall continue in full force and effect as to such remaining portion; provided, however, if the taking occurs during the last five (5) years of the term of this Lease, at Tenant's option, exercised by written notice to Landlord, Tenant shall have the right to terminate this Lease.

Nothing contained herein, however, shall be deemed to preclude Tenant from obtaining, or to give Landlord any interest in, any award to Tenant for loss of or damage to Tenant's Possessory interest in the Leased Premises, trade fixtures and removable personal property or damages for cessation or interruption of Tenant's business or operations at the Airport; provided, however, that in determining the value of Tenant's business or operations, all goodwill attributable to the location of Tenant's business or operations at the Airport shall belong to Landlord.
10.4 Sale Under Threat of Condemnation. A sale by Landlord to any entity having the power of eminent domain, either under threat of condemnation or while condemnation proceedings are pending, shall be deemed a taking under the power of eminent domain for all purposes of this Section.
10.5 Condemnation by Landlord. Nothing in this Lease (including, without limitation, Section 2.3.1) shall impair, limit or otherwise affect the power of eminent domain of Landlord or the exercise of such power by Landlord or the obligation of Landlord to pay just compensation, should Landlord exercise its power of eminent domain with respect to the Leased Premises.
11. SUBORDINATION.
11.1 Subordination. This Lease is subject and subordinate to all mortgages, deeds of trust, bond indentures, liens, encumbrances and other security interests now or hereafter affecting the Landlord's interest in the Leased Premises or the Airport, and to all renewals, modifications, replacements, consolidations and extensions thereof ("Senior Lien" and the holder thereof being a "Senior Lienholder"). Tenant shall execute and deliver to Landlord or any other party requiring confirmation of such subordination, within ten (10) calendar days following receipt of a request for such confirmation, any and all documents which may be required to effectuate such subordination; provided, however, that with respect to any mortgage, deed of trust, bond indenture, lien, encumbrance or other security interest affecting the Landlord's interest in the Leased Premises or the Airport created after the date of this Lease, such subordination shall not be effective and Tenant shall not be required to execute and deliver such confirmation unless Tenant receives a non-disturbance agreement in recordable form and on terms and conditions reasonably acceptable to Tenant that has been duly executed and acknowledged by any Senior Lienholder making such request. Tenant further agrees that this Lease shall be amended, altered or modified in accordance with the reasonable requirements of a Senior Lienholder, so long as such amendment, alteration or modification does not materially alter the rights or duties or materially increase the obligations or liabilities of Tenant under this Lease, and that Tenant's written consent to any such amendment, alteration or modification shall not be unreasonably withheld or delayed. Tenant shall give prompt written notice to each Senior Lienholder, of which Tenant has written notice, of any default of Landlord, and Tenant shall allow such Senior Lienholder a reasonable length of time (in any event, not less than thirty (30) days from the date of such notice) in which to cure such default.
11.2 Attornment. Subject to the terms of any nondisturbance agreement between Tenant and a Senior Lienholder, in the event that any Senior Lien is foreclosed, Tenant, with and at the election of the purchaser or, if there is no purchaser, with and at the election of the holder of the fee title to the Leased Premises, agrees to (i) enter into a new Lease covering the Leased Premises and the New Improvements for the remainder of the term of this Lease, on the same provisions herein provided or (ii) attorn to the purchaser and recognize the purchaser as the Landlord under this Lease, provided such purchaser agrees to assume in writing all obligations of Landlord under this Lease.

12.1.10 Failure to Acknowledge Notice of Claim. The failure by Tenant to comply with Section 7.10.
12.1.11 Defaults Under Other Agreements. The occurrence and continuation of any default or breach by Tenant under any other written agreement between Landlord and Tenant, after giving effect to any applicable grace period, notice requirement or opportunity to cure such default or breach.
12.2 Remedies. Upon the occurrence of any Event of Default by Tenant, Landlord, at its option and election, and without further demand or notice, shall have all of the following rights and remedies:
12.2.1 Termination of Lease. Landlord shall have the right to declare this Lease, including Tenant's leasehold estate, terminated. Upon termination of this Lease prior to the expiration of its term, Tenant's ownership of any New Improvements shall end automatically and Landlord shall succeed to ownership of the New Improvements free and clear of any and all liens or encumbrances upon Tenant's leasehold estate, the Leased Premises or upon the New Improvements. Landlord shall have the right to re-enter the Leased Premises and the New Improvements to remove and eject all persons therefrom, to take possession thereof; and to use and enjoy the Leased Premises and the New Improvements and Landlord shall have all of the rights and remedies of a landlord provided in Section 1951.2 of the California Civil Code which are not based on rent, and which Section is incorporated herein by this reference as though set forth in full. In the event that Landlord may have lawfully reentered the Leased Premises and the New Improvements after an Event of Default hereunder without having declared this Lease terminated, Landlord shall have the right at any time thereafter to elect to terminate this Lease and all of the rights and remedies of Tenant in and to the Leased Premises and the New Improvements as provided in this Section 12.2.
12.2.2 Continuation of Lease without Termination. Landlord has the remedy described in California Civil Code, Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover sums payable as they becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations). In this regard, Landlord shall have the right to continue this Lease and to maintain Tenant's right to possession of the Leased Premises and the New Improvements, whether or not Tenant shall have breached this Lease and/or abandoned the Leased Premises and the New Improvements. In such event this Lease shall continue in effect for so long as Landlord chooses not to terminate Tenant's right of possession and Landlord shall be entitled to enforce all of Landlord's rights and remedies under this Lease, including the right to collect and receive any and all other amounts payable by Tenant to Landlord under this Lease as the same shall come due.
12.3 Waiver of Claims. Tenant hereby waives all claims and demands against Landlord for damages or loss arising out of or in connection with any lawful exercise by Landlord of any one or more of its rights and remedies under this Section 12.
12.4 Waiver of Rights of Redemption. In the event of the lawful exercise by Landlord of any one or more of its rights and remedies under Section 12.2, Tenant hereby expressly waives any and all rights of redemption or relief from forfeiture under California Code of Civil

Procedure Section 1174 or 1179 , or granted by or under any present or future Laws, and further releases Landlord, from any and all claims, demands and liabilities by reason of such lawful exercise by Landlord.
12.5 No Waiver. Efforts by Landlord to mitigate the damages caused by Tenant's breach of this Lease shall not waive Landlord's right to recover damages under this Section 12. For the purposes of this Section 12, the following shall not constitute a termination of Tenant's right to possession: acts of maintenance or preservation or efforts to relet the Leased Premises; or appointment of a receiver upon the initiative of Landlord to protect Landlord's interest under this Lease.
12.6 Cumulative Remedies. The various rights, options, elections, powers and remedies reserved to Landlord herein shall be cumulative, and, except as otherwise provided by Law, Landlord may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the other or of any right or priority allowed by Law or in equity. No delay or omission of Landlord to exercise any right or remedy shall be construed as a waiver of any such right or remedy or waiver of any Event of Default. In addition to the foregoing, Landlord may exercise any other remedy now or hereafter available to a landlord against a defaulting tenant under the Laws of the State of California.
12.7 Performance of Tenant's Covenants by Landlord. In the event that Tenant at any time fails to make any payment or perform any other act under this Lease, and such failure continues for the applicable cure period specified herein, or if no cure period is specified herein, for at least five (5) business days after written notice thereof is delivered to Tenant (but no prior notice shall be required in an emergency), Landlord shall have the right, but not the obligation, immediately or at any time thereafter, without further notice or demand and without waiving any right or releasing Tenant from any obligation to Landlord, to make such payment or perform such other act for the account of Tenant, to the extent Landlord may deem desirable. In connection therewith, Landlord may pay reasonable expenses and employ counsel in instituting, prosecuting or defending any action or proceeding under this Lease. All sums so paid by Landlord and all expenses incurred in connection therewith, together with interest thereon at the annual rate specified in Section 3.6 shall be deemed additional rent hereunder and shall be payable to Landlord on demand. In the event such additional amounts remain unpaid within ten (10) days following the delivery to Tenant of a written demand therefor, Landlord shall have the same rights and remedies as for the nonpayment of rent.
12.8 Excuse of Performance by Landlord. Landlord shall be under no obligation to observe or perform any covenant of this Lease on its part to be observed or performed for the benefit of Tenant, which accrues after the date of any Event of Default by Tenant, unless and until such Event of Default is cured by Tenant or waived by Landlord.
12.9 Default by Landlord. Landlord shall not be deemed to be in default in the performance of any obligation required to be performed by it hereunder unless and until it has failed to perform such obligation for thirty (30) days following the delivery by Tenant to Landlord of written notice specifying the obligation Landlord has failed to perform; provided, however, in the event that the nature of Landlord's obligation is such that more than thirty (30) days are required for its performance, Landlord shall not be deemed to be in default if it shall commence
such performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion.

## 13. SURRENDER AT END OF TERM.

Upon the expiration or other termination of this Lease, unless required to be removed by Tenant pursuant to Section 6.4, ownership of the New Improvements shall pass automatically to Landlord and Tenant shall quit and surrender the Leased Premises and the Improvements to Landlord, broom clean and in good order and condition, ordinary wear and tear, casualty and damage by the elements excepted, and, except as otherwise provided in this Lease, Tenant shall remove all of its personal property, trade fixtures and equipment and shall promptly repair any damages to the Leased Premises caused by such removal. Tenant's obligation to perform this covenant shall survive the expiration or other termination of this Lease.

## 14. HOLDOVER BY TENANT.

In the event that Tenant shall holdover in the Leased Premises after the expiration or termination of the term hereof, with the written consent of Landlord, such holdover, in the absence of a written agreement on the subject executed by both parties, shall be deemed to have created a month to month tenancy with respect to the Leased Premises, terminable on thirty (30) days' written notice by either party to the other party. Such holdover tenancy otherwise shall be subject to the same provisions as contained in this Lease, unless the parties execute a written agreement modifying any of the terms hereof applicable to such holdover tenancy.

## 15. OTHER RULES AND REGULATIONS OF LANDLORD.

Tenant shall also comply with the rules and regulations described in Exhibit E, and all amendments thereto that are delivered to Tenant (sometimes referred to herein as the "Rules and Regulations"). Landlord shall not be responsible to Tenant for the nonperformance of any other Tenant or user of the Airport of any of the Rules and Regulations.

## 16. TRANSFER OF LANDLORD'S INTEREST.

In the event of any transfer of Landlord's interest in the Leased Premises, the transferor automatically shall be relieved of any and all obligations and liabilities accruing from and after the date of such transfer, provided that the transferee assumes all of the liabilities and obligations of Landlord under this Lease from and after the date of such transfer, but the transferor shall not be released from any obligations or liabilities accruing prior to the date of such transfer.

## 17. COMMON USE FACILITIES.

17.1 Common Use Facilities. As an appurtenance to Tenant's leasehold estate in the Leased Premises and in conjunction with Tenant's use of the Leased Premises, Tenant is hereby granted the non-exclusive right, at any time and from time to time, to enter upon or make customary and reasonable use of (i) runways, landing areas, taxiways, aprons, roadways, runway lights, signals, and other operating aids of the Airport and all aviation or flight easements now or hereafter granted or reserved for the benefit of Landlord and (ii) such other areas of the Airport provided and developed by Landlord for public aviation use as Landlord may from time to time
make available or designate as "Common Use Facilities" (collectively, the "Common Use Facilities"). Tenant's rights hereunder shall be in common with Landlord and with other persons authorized by Landlord from time to time to use the Common Use Facilities, including members of the general public and shall be exercised by Tenant subject to all applicable Laws and FAA, TSA or other applicable governmental regulations governing aviation and air navigation and to the uniform rules and procedures adopted by Landlord from time to time governing the use of the Airport and the Common Use Facilities.
17.2 Reservation of Right to Make Changes. Landlord reserves the right, in its sole and absolute discretion, to make changes, at any time and from time to time, in the size, shape, location, number and extent of the Common Use Facilities and specifically further reserves the right to designate portions of the Common Use Facilities for the exclusive or non- exclusive use of certain tenants, licensees, concessionaires and other vendors or users of the Airport; provided, however, that none of such changes or designations shall materially interfere with reasonable access by Tenant between the Leased Premises and the Common Use Facilities.

## 18. COMPLIANCE WITH ENVIRONMENTAL LAWS.

18.1 Use of Toxic Materials Prohibited. Tenant shall not cause or permit any "Toxic Materials" (as defined in Section 18.14.2) to be brought onto, stored, used, generated, recycled, or disposed of (collectively, "Use of Toxic Materials") in, on, under or about the Leased Premises, the Improvements associated with the Leased Premises, or any other part of the Airport, by any Tenant Party or any of their respective licensees, permittees or invitees; provided, however, that Tenant shall be permitted to store and use in the ordinary course of maintaining aircraft stored in the Leased Premises Toxic Materials so long as Tenant demonstrates to Landlord's reasonable satisfaction that such Toxic Materials, and the quantities thereof, are necessary or useful to Tenant's business and that such use of Toxic Materials is at all times subject to and in compliance with all Environmental Laws (as defined in Section 18.14.1). Landlord shall not cause any "Toxic Materials" (as defined in Section 18.14.2) to be brought onto, stored, used generated, recycled or disposed of in, on, under or about the Leased Premises unless requested to do so by Tenant. Tenant shall demonstrate that such Toxic Materials are necessary or useful by submitting information to Landlord in accordance with Section 18.3.
18.2 Compliance with Environmental Laws. Tenant and Landlord shall each comply, at their respective sole cost and expense, with all "Environmental Laws" (as defined in Section 18.14.1), applicable to their respective premises and their use thereof and operation of their respective businesses at the Airport and, with respect to any use of Toxic Materials permitted under Section 18.1 above; provided, unless caused by a Tenant Party, Tenant's obligations under this Section 18.2 shall exclude any discharge or release migrating to the Leased Premises from other land, unless caused by a Tenant Party. Tenant shall not release or dispose of any Toxic Material in the drains, storm drains, sewers, plumbing or any other drainage facility that will cause or contribute to a violation of any Environmental Law or any contamination. The off-site disposal of any and all Toxic Materials shall be in strict compliance with all Environmental Laws.

### 18.3 Disclosure. Prior to or upon the Commencement Date, and prior to the end

 of January during each Annual Period, Tenant shall submit to Landlord the following documents: (i) an inventory or list of all compounds or products that contain Toxic Materials which were used,stored or disposed of by each Tenant Party on or about the Leased Premises or the New Improvements during the prior year, (ii) all Safety Data Sheets for said compounds or products containing Toxic Materials, (iii) an estimate of the quantity or volume of such products or compounds used, stored or disposed of on or about the Leased Premises during the prior year, and (iv) copies of all hazardous waste manifests for wastes generated on the Leased Premises and sent offsite for treatment, storage, disposal or recycling.
18.4 Business Plan. If any Tenant Party's business conducted or to be conducted in, on, under or about the Leased Premises requires the establishment and implementation of a business plan pursuant to California Health and Safety Code Sections 25500 et seq., concerning the handling of hazardous materials, Tenant shall immediately give written notification to Landlord that the Tenant Party's business is subject to the business plan requirement of such Code and that the business is in compliance with such Code. A copy of the plan shall be delivered to Landlord with such notification.
18.5 Tenant's Indemnity. Tenant shall defend, indemnify and hold harmless each of the Landlord Parties from and against any and all "Liabilities" (as defined in Section 18.14.3) arising out of, resulting from or caused by the Use of any Toxic Materials by any Tenant Party; provided, unless such Contamination is caused by a Tenant Party, Tenant's obligations under this Section 18.5 shall exclude any discharge or release migrating to the Leased Premises from other land. In the event of any indemnification under this provision, the Tenant shall pay promptly upon demand all reasonable costs and expenses incurred by Landlord for attorneys' fees, environmental consultants or other amounts incurred for remediation or otherwise because of the Tenant's violation of the terms of this Lease with respect to Toxic Material or failure to comply with any Environmental Laws. Tenant acknowledges that Landlord shall have complete control (which control shall be exercised in a reasonable manner) over any litigation, settlement discussion or regulatory compliance or remediation with respect to any indemnity claim under this Section 18.5 and that Tenant shall cooperate fully with Landlord in connection therewith, including without limitation, executing any instruments, affidavits or other documents necessary in the reasonable judgment of Landlord in connection therewith. This indemnity shall survive the termination of this Lease.
18.6 Notice. If any Tenant Party is required by statute or regulation to give notice to any Agency about any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises, Tenant shall immediately give the Landlord's Director of Airport Operations the same notice by telephone at (818) 840-8840, which shall be confirmed by written notice not later than the next business day. This obligation to notify Landlord shall also extend to any personal injuries or property damage to third parties resulting directly or indirectly from said spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises. If Tenant becomes aware of the presence of or Use of any Toxic Materials not authorized in accordance with the terms of this Lease, or of any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises not subject to the notification provisions of the first sentence of this Section, Tenant shall immediately give written notice of such condition to Landlord to the extent required by California Health and Safety Code Section 25359.7.
18.7 Storage and Use of Toxic Materials. Any and all Toxic Materials permitted in, on, under or about the Leased Premises pursuant to this Lease shall be stored and used in strict compliance with all Environmental Laws. There shall be no ponding or uncovered surface storage whatsoever of Toxic Materials in, on or about the Leased Premises. No underground storage tanks shall be constructed, installed or used without Landlord's prior written consent, which consent may be withheld by Landlord in its absolute discretion. If the Tenant is not in substantial compliance with Environmental Laws concerning underground storage tanks or has failed to take Necessary Action when required to do so, Landlord shall have the right to enter the Leased Premises for the purpose of removing any underground storage tank, if any, at Tenant's sole expense in accordance with a closure plan approved by regulatory authorities.
18.8 Disposal of Toxic Materials. Notwithstanding anything to the contrary contained in this Section 18, Tenant shall not release or dispose of any Toxic Material, in the drains, storm drains, sewers, plumbing, or any other drainage facility within the Leased Premises, New Improvements, or the Airport that will cause or contribute to a violation of Environmental Laws or Contamination. The offsite disposal of Toxic Materials shall be in strict compliance with all Environmental Laws.
18.9 Safety. Tenant shall maintain Material Safety and Data Sheets for each and every item or product containing any regulated amount of Toxic Material brought onto the Leased Premises. Such information shall be kept current at all times.
18.10 Fees, Taxes and Fines. Tenant shall pay, prior to delinquency, any and all fees, taxes (including excise taxes) and fines which are charged upon or incident to Tenant's activities related to Toxic Materials, provided Tenant shall have the right to contest the validity or amount of any such fees, taxes or fines, so long as (i) Tenant establishes a reserve in the amount thereof on its financial statements, and (ii) shall not allow such obligations to become a lien or charge against the Leased Premises, New Improvements or the Airport or upon Landlord.
18.11 Delivery of Documentation. Tenant shall deliver to Landlord true and correct copies of the following documents related to compliance with Environmental Laws concurrently with the receipt from or submission to an Agency: (i) permit applications; (ii) permits and approvals; (iii) notices of violations of Environmental Laws and Tenant's responses thereto; (iv) environmental assessments, and (v) any other documents related to compliance with Environmental Laws that the Landlord may reasonably request from time to time.
18.12 Annual Site Investigation. In addition to Landlord's right of access to the Leased Premises set forth in Section 1.4, Landlord shall have the right, but not the obligation, to conduct annually an environmental inspection and assessment of the Leased Premises during each year of the term of this Lease, either alone or in conjunction with other areas of the Airport, and to utilize the services of an environmental consultant or consulting firm for such inspection and assessment. Tenant shall reimburse Landlord, as additional rent hereunder, for the cost of such inspections/assessments.
18.13 Limitation on Liability of Landlord. Without limiting any other rights or remedies of any Landlord Party or any other obligation of Tenant pursuant to this Lease or applicable Laws, Tenant hereby assumes the risk of, waives, releases and forever discharges the

Landlord Parties from and against, and covenants not to bring any action or proceeding against, the Landlord Parties as a result of, any delay in construction, prevention of construction, increase in the cost of Improvements, loss or adverse effects upon Tenant's financing (if any), diminution in the value of the Leased Premises or Improvements, or any and all other Claims arising out of or resulting from the discovery or presence on, in, under or about the Improvements, of any spilling, discharging, releasing or disposing of Toxic Materials. Landlord's sole obligation and liability arising out of the presence of any such spilling, discharging, releasing or disposing of Toxic Materials, irrespective of the theory of liability or the facts supporting any such theory, shall be to take, or cause any person legally obligated to take, any and all action which any federal, state, regional, municipal or local governmental agency lawfully requires of Landlord to be taken to investigate, clean-up, remediate or remove such spilling, discharging, releasing or disposing of Toxic Materials.

19.1 Delivery. Tenant, from time to time upon not less than ten (10) days' prior written notice from Landlord, shall execute, acknowledge and deliver to Landlord a statement in writing: (i) certifying that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease, as so modified, is in full force and effect); (ii) setting forth the dates to which the charges, if any, due under this Lease are paid; and (iii) acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder (or specifying such defaults if any are claimed).
19.2 Reliance. Any such statement may be relied upon by any encumbrancer of the Leased Premises or any Senior Lienholder or underwriter of debt financing for all or any portion of the Airport. Tenant's failure to deliver such statement within such time shall be conclusive evidence upon Tenant that: (i) this Lease is in full force and effect, without modification except as may be represented by Landlord; and (ii) there are no uncured defaults in Landlord's performance.

## 20. MISCELLANEOUS.

### 20.1 Lease Interpretation.

20.1.1 Incorporation of Prior Agreements; Amendments. This Lease contains the entire agreement between the parties hereto, and no prior or contemporaneous agreement or understanding shall be effective for any purpose, all of which, if any, are hereby terminated or rescinded, except as to provisions which are expressly stated to survive termination and any indemnity or insurance obligations in favor of Landlord. Except as otherwise expressly provided herein, no provision of this Lease may be amended or added to, except by an agreement in writing signed by the parties hereto or their respective successors in interest. Tenant agrees that it shall not unreasonably refuse to execute any amendment of or supplement to this Lease which Landlord determines is necessary or advisable in order to comply with applicable Laws, governmental regulations or Landlord's uniform policies reflected in resolutions in effect from time to time; provided Tenant shall not be required to execute any amendment of or supplement
to this Lease which materially impairs the rights and benefits of Tenant or materially increases the obligations and liabilities imposed on Tenant under this Lease.
20.1.2 No Representations by Landlord. Tenant acknowledges that no Landlord Party has made any representations, warranties or promises with respect to the Leased Premises or the Airport, except as herein expressly set forth. Tenant acknowledges that it has not executed this Lease in reliance upon any representations, warranties or promises of any Landlord Party with respect to the Leased Premises or the Airport, except as herein expressly set forth.
20.1.3 Examination of Lease. Submission of this Lease for examination or signature by Tenant does not constitute a reservation of or option for a lease, and it is not effective as a lease or otherwise until its execution and delivery by both Landlord and Tenant.
20.1.4 Severability. In the event that any one or more of the provisions contained in this Lease shall be determined to be invalid, illegal or unenforceable in any respect for any reason, the validity, legality and enforceability of any such provision in other respect and the remaining provisions of this Lease shall not be in any way impaired.
20.1.5 Gender and Number. As used in this Lease, each gender shall be deemed to include each other gender, and the singular shall be deemed to include the plural and vice versa, whenever the context so indicates.
20.1.6 Headings. The Section headings, paragraph captions and marginal headings contained in this Lease are for convenience only and shall have no effect in the construction or interpretation of any provision hereof.
20.2 Further Assurances. Tenant and Landlord each agree to perform any further acts and execute and deliver any additional documents which may be reasonably necessary to carry out the provisions of this Lease, or which may be reasonably requested by the other party.
20.3 Disclaimer of Partnership or Agency. Neither Landlord nor Tenant are the legal representatives or agents of the other party for any purpose whatsoever and neither party shall have the power or authority to assume or create, in writing or otherwise, any obligation or responsibility of any kind, express or implied, to transact business, to make any warranty or otherwise to act in any manner in the name of or on behalf of the other party. This Lease shall not be construed as constituting or creating a partnership between Landlord and Tenant or as creating any other form of legal association between Landlord and Tenant which would impose liability upon one party for the act or the failure to act of the other party.
20.4 Waivers. The waiver by either party of any provision of this Lease shall not be deemed to be a waiver of any other provision hereof or of any subsequent breach of the same or any other provision. Landlord's consent to any act by Tenant requiring Landlord's consent shall not be deemed to render unnecessary the obtaining of Landlord's consent to any subsequent act by Tenant, whether or not similar to the act so consented. The subsequent acceptance by Landlord of any amount due from Tenant hereunder shall not be deemed to be a waiver of any preceding breach or Event of Default by Tenant of any provision of this Lease, other than the failure of Tenant to pay the particular amount so accepted, regardless of Landlord's knowledge of such preceding
breach at the time of acceptance of such amount. No waiver on the part of Landlord with respect to any provision of this Lease shall be effective unless such waiver is in writing.
20.5 No Merger. The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation thereof, shall not work as a merger, but shall, at the option of Landlord, shall or operate as an assignment to Landlord.
20.6 Waiver of Jury Trial. Landlord and Tenant hereby waive the right of trial by jury to the maximum extent permitted by Law.
20.7 Notices. All notices, requests, demands and other communications given, or required to be given under this Lease, shall be in writing, duly addressed to the parties as follows:

Chief of Police
140 N. Olive Ave.
Glendale, CA 91206

Any notices properly addressed, sent by registered or certified mail, return receipt requested, shall be deemed to have been duly given and received seventy-two (72) hours after they are deposited in the United States Mail, postage prepaid. Notices shall be deemed delivered and received at the time delivered if properly addressed and delivered to the addresses set forth in this Section during normal business hours or personally delivered to the person to whose attention they are addressed. Notice sent by any other manner shall be effective upon actual receipt of the addressee. Any party may change its address for purposes of this Section by giving notice to the other party as provided in this Section.
20.8 Brokers. Each party warrants that it has not had any dealings with any real estate broker or agent in connection with this Lease, and each party agrees to defend, indemnify and hold harmless the other party from and against any and all Claims for any compensation, commission or other charge by any finder or any other real estate broker or agent.
20.9 Recording. No copy, short form or memorandum of this Lease shall be recorded.
20.10 Governing Law. This Lease shall be governed by and construed pursuant to the Law of the State of California applicable to contracts made and to be performed fully within such state.
20.11 Attorneys' Fees. In the event of any action or proceeding (including, without limitation, any bankruptcy proceeding) to enforce or construe any of the provisions of this Lease, the prevailing party in any such action or proceeding shall be entitled to reasonable attorneys' fees and costs.
20.12 Force Majeure. If either party hereto shall be delayed in or prevented from the performance of any repair or maintenance obligation required hereunder by reason of acts of God, labor troubles, inability to procure materials, restrictive governmental Laws or regulations, delays arising from environmental remediation (except to the extent caused by the party obligated), or other causes without fault and beyond the control of the party obligated (financial inability excepted), performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay; provided, however, nothing in this Section shall excuse Tenant from the prompt payment of any rent or other charge required of Tenant hereunder.
20.13 Authority of Persons Signing for Tenant. Tenant and the persons executing this Lease on behalf of Tenant hereby represent and warrant to Landlord that such person has the legal power and authority to execute this Lease on behalf of Tenant and bind Tenant to the terms of this Lease, and that this Lease and the execution hereof has been duly authorized by Tenant.
20.14 Parking. Landlord is not responsible or obligated to provide Tenant or its officers, directors, employees, agents, representatives or customers with any parking spaces within

## NOISE ABATEMENT RULES

(amended and effective as of April 1, 2019)
The daily operation of the Burbank-Glendale-Pasadena Airport is governed by a set of specific rules and regulation which have been established by the Airport Authority. One section of the Airport Rules and Regulations applies to noise abatement and is commonly called the Airport "noise rules."

For legal or technical reasons, some of these rules are long and may be difficult to follow. For clarity, this booklet begins with a brief and-nontechnical summary of the noise abatement section. Although this summary may be useful as a quick reference, the complete and unabridged version is produced later in this booklet. Please refer to the complete version for specific information, exact details and any pertinent exceptions.

## NOISE RULES

The Airport Noise Rules were originally adopted in the 1980s and have been enforced as follows since the late 1980s. This restatement and clarification is not intended to modify the enforceability of the Noise Rules under federal law.

## Rule 1

All subsonic transport category airplanes and all subsonic turbojet powered airplanes regardless of category operating at the Burbank-Glendale-Pasadena Airport shall be in compliance with all Federal Air Regulations respecting noise, as the same may be amended from time to time.

This Rule has been and shall continue to be enforced by requiring all aircraft to be FAA certified under Part 36 (provision governing aircraft noise levels).

## Rule 2

Each air carrier jet operator shall implement appropriate FAA approved takeoff and arrival procedures consistent with the standard of Case 9A as contained in the Final Environmental Impact Statement approved by FAA on September 12, 1977.

This Rule has been and shall continue to be enforced by requiring that all aircraft meet the noise performance levels of certified Stage 3 aircraft.

## Rule 3

All other jet operators shall use the National Business Aircraft Association's noise abatement procedures established January 1978.

This Rule has been and shall continue to be enforced by requiring that all general aviation turbojet aircraft (including Stage 2 hush-kitted aircraft that are certified as Stage 3) use the applicable NBAA noise abatement procedures as amended from time to time.

## Rule 4

Each air carrier that operates, for any reason, after 10:00 p.m. or before 7:00 a.m. shall pay the full amount of any costs charged to or incurred by the Authority for maintaining the crash rescue service on duty.

This Rule has not been enforced since the mid-1980s due to grant assurances adopted by the federal government in the 1980s that prohibit such enforcement, and shall not be enforced going forward.

## Rule 5

This Rule was repealed in 1986 and shall not be enforced going forward. (It specified departure runways for flights to the east and south.)

## Rule 6

Each aircraft operator and maintenance and repair facility shall adhere to the Authority Engine Test Run-up Policy as contained in the Airport Operations Manual, as the same may be amended from time to time.

This Rule has been and shall continue to be enforced by requiring all operators to comply with the run-up policy in the Airport's Operations Manual as amended from time to time.

## Rule 7

A. No air carrier shall: (1) inaugurate any operations; (2) implement any increase in operations; (3) substitute aircraft types producing higher noise levels for aircraft already in service (except on a temporary basis because of emergency maintenance, weather, payload, or other unanticipated conditions beyond the carrier's control); or (4) substitute aircraft which do not comply with the Stage 3 requirements of F.A.R. Part 36 for aircraft which meet those requirements (except on a temporary basis because of emergency maintenance, weather, payload, or other unanticipated conditions beyond the carrier's control) without having first obtained the written approval of the Commission, which approval shall not be granted except upon a determination by the Commission that such proposed operations or increase will not result in or contribute to an increase in the noise impact area of the Airport from all aircraft operations based on the annual CNEL of 70 for the period ending June 30, 1978.
B. As used herein, the term "operations" shall mean takeoffs and landings other than emergency procedures or takeoffs or landings resulting from the use of the Airport as weather alternate. The term "weighted operations" shall mean operations weighted on the basis of time of occurrence as provided in Section 5006 of the California Noise Standards, 21 Cal. Admin. Code Section 5000 et. seq. As used herein, noise levels are defined as sound exposure levels measured at, or calculated for, Airport noise monitor system positions.
C. Any air carrier desiring to: (1) inaugurate any operations; (2) implement any increase in operations or weighted operations; (3) substitute aircraft types producing higher noise levels for aircraft types already in service (except on a temporary basis because of emergency maintenance, weather, payload, or other unanticipated conditions beyond the carrier's control); or (4) substitute aircraft which do not comply with the Stage 3 requirements of F.A.R. Part 36 for aircraft which meet those requirements (except on a temporary basis because of emergency maintenance, weather, payload, or other unanticipated conditions beyond the carrier's control) pursuant to Part (A) hereof shall, not less than 30 days prior to the proposed effective date of such service apply in writing for permission to the Airport Operations Committee. Such application shall include information as to the nature of the proposed operations or increase, and the projected
effect thereof on the Airport's June 30, 1978 noise impact area and other material which the applicant air carrier wishes to bring to the attention of the Operations Committee.

Upon review of the application and such other information as it deems appropriate, the Operations Committee shall recommend to the Commission that it grant or deny the permission requested, or any portion thereof. The Commission shall consider the recommendation of the Operations Committee, together with any other additional information which the applicant air carrier desires to present to it, and act thereon at its next regularly scheduled meeting.
D. The Commission may approve an application, in whole or in part, for a period not to exceed one year from the commencement of such approved operations or weighted operations. Any air carrier desiring to continue such operations or weighted operations beyond said period shall have the burden of demonstrating to the Commission prior to the expiration thereof that such increase did not result in or contribute to an increase in the Airport's June 30, 1978 noise impact area.
E. Any air carrier violating the provision of this Rule may, in the discretion of the Commission and in addition to any other remedies, including injunctive remedies available, be subject to civil penalties in the amount of One Thousand Dollars $(\$ 1,000)$ for each operation which has not been approved by the Commission pursuant to the provisions of this Rule.

This Rule has been and shall continue to be enforced by a public report by Airport Staff to the Commission of schedule changes and a report of the anticipated impact, if any, on the Airport's Noise Impact Area of those changes. No approval of the Authority has been or shall be needed by an air carrier for any changes as long as the Noise Impact Area incompatible land within the 70 db CNEL contour of the Airport does not exceed the 403 acres existing in 1978. If the acreage of incompatible land within the Airport's 70db CNEL contour ever exceeds 403 acres, the Airport shall attempt to prevent the increase in operations. That effort may or may not be successful.

## Rule 8

F. Between the hours of 10:00 p.m. and 7:00 a.m.:

1. No intersection takeoffs shall be permitted;
2. No maintenance engine run-ups shall be permitted, unless a delay of such maintenance engine run-up would cause an aircraft to arrive and/or depart after 10:00 p.m. in the succeeding 24 hour period; and
3. No flight training operations, including practice instrument approaches and touch-and-go operations, shall be permitted.
G. Any pilot in command or maintenance facility violating the provisions of these Rules may, in the discretion of the Commission, and in addition to other remedies (including injunctive remedies) available, be subject to civil penalties for each violation of this Rule as follows: (1) For the first violation, one thousand five hundred fifty-five dollars (\$1,555); (2) For subsequent violations, two thousand two hundred fifty-eight dollars $(\$ 2,258)$.

This Rule has been and shall continue to be enforced as written.

## Rule 9

H. Except as provided in Parts (B) and (C) hereof, no aircraft may land at or take off from the Burbank-Glendale-Pasadena Airport between the hours of 10:00 p.m. and 7:00 a.m.
I. The following aircraft shall be permitted to land at and take off from the Burbank-Glendale-Pasadena Airport between the hours of 10:00 p.m. and 7:00 a.m.:

1. Public aircraft, military aircraft, aircraft owned or operated by the armed forces of the United States, and aircraft operated in support of military operations.
2. Aircraft operated by commercial air carriers whose schedules comply with Rule 7 of these Rules and Regulations.
3. Aircraft, other than those listed in FAA Advisory Circular 36-1B or 36-2C, whose total rated maximum brake or shaft horsepower is 200 or less.
4. Propeller-driven aircraft whose certificated takeoff weights are 12,500 pounds or less and whose measured or estimated flyover noise levels, as contained in FAA Advisory Circular 36-1H or 36-2C (as said Advisory Circulars may be revised, supplemented, or replaced from time to time), are equal to or less than 85.6 dBA .
5. Aircraft whose estimated sideline noise levels, as set forth in FAA Advisory Circular 36-3 (or in any revision, supplement, or replacement thereof listing sideline noise levels), are equal to or less than:
a. for aircraft whose noise levels have been determined at a sideline distance of 450 meters, 82.2 dBA ;
b. for aircraft whose noise levels have been determined at a sideline distance 0.25 nautical miles, 82 dBA ; and
c. for four-engine aircraft whose noise levels have been determined at a sideline distance of 0.35 nautical miles, 79.1 dBA .
6. Aircraft whose maximum noise levels, under normal operating conditions and procedures, have been determined by the Airport Authority, upon a showing by the aircraft manufacturer or operator, are equal to or less than either:
a. when measured or estimated at a sideline distance of 450 meters, 0.25 nautical miles, or 0.35 nautical miles pursuant to F.A.R. Part 36 Appendix C, $82.2 \mathrm{dBA}, 82$ dBA , or 79.1 dBA , as applicable respectively, or

J. Aircraft other than those specified in Paragraph (B) shall be permitted to land at or take off from the Burbank-Glendale-Pasadena Airport between the hours of 10:00 p.m. and 7:00 a.m. only under the following circumstances:
7. in the event such landing and/or takeoff results from the existence of a declared emergency;
8. in the event such landing and/or takeoff results from the use of the airport as a weather alternate; and
9. in the event such landing and/or takeoff results from a weather, mechanical, or air traffic control delay; provided however, that this exception shall not authorize any landing or takeoff between the hours of 11:00 p.m. and 7:00 a.m.
K. Upon the request of the Airport Authority, the aircraft operator or pilot in command shall document or demonstrate the precise emergency conditions resulting in a landing and/or takeoff between the hours of 10:00 p.m. and 7:00 a.m. or the precise weather, mechanical, or air traffic control conditions resulting in a landing and/or takeoff between the hours of 10:00 p.m. and 11:00 p.m.
L. Any aircraft operator or pilot in command violating the provisions of this Rule may, in the discretion of the Commission, and in addition to any other remedies (including injunctive remedies) available, be subject to civil penalties in the amount of four thousand five hundred twenty-two dollars $(\$ 4,522)$ for each unauthorized landing and each unauthorized takeoff.

This Rule has been and shall continue to be enforced consistent with the ongoing enforcement of Clarified Rule 7 with respect to aircraft other than public aircraft, military aircraft, aircraft owned or operated by the armed forces of the United States, and aircraft operated in support of military operations. In particular, this Rule has been and will be enforced by allowing Stage 3 certified aircraft to fly between 10 p.m. and 7:00 a.m. With respect to Stage 2 hush-kitted aircraft that are certified as Stage 3, such aircraft operating between 10 p.m. and 7:00 a.m. shall continue to have to demonstrate compliance with the Rule as written. Stage 2 aircraft not certified as Stage 3 are not permitted to fly at any time.

## Rule 10

M. Except as provided in Parts (B) and (C) hereof, no aircraft operating pursuant to an Operating Certificate issued by the Federal Aviation Administration may land at or take off from the Burbank-Glendale-Pasadena Airport.
N. The following aircraft operated pursuant to an Operating Certificate issued by the Federal Aviation Administration shall, subject to all other applicable Rules and Regulations, be permitted to land at and take off from the Burbank-Glendale-Pasadena Airport:
10. Transport category large airplanes and turbojet powered airplanes certificated under F.A.R. Part 36 or ICAO Annex 16 whose certificated sideline noise levels are equal to or less than:
a. for aircraft whose certificated noise levels have been determined at a sideline distance of 0.25 nautical miles, 105.0 effective perceived noise decibels;
b. for aircraft whose certificated noise levels have been determined at a sideline distance of 450 meters, 105.1 effective perceived noise decibels; and
c. for four-engine aircraft whose certificated noise levels have been determined at a sideline distance of 0.35 nautical miles, 103.5 effective perceived noise decibels.
11. Aircraft whose average sound exposure levels (SEL) on takeoff from Runway 15 , under normal operating conditions and procedures, as measured at Airport Monitoring Stations 1, 2, and 3, are equal to or less than 104.5 dB , determined as follows:
d. for aircraft types regularly operating at the Airport during the year ending June 30, 1981, the average level shall be determined from the energy average of the SEL values measured at Monitoring Stations 1, 2, and 3 during April, May, and June, 1981.
e. for aircraft types not regularly operating at the Airport during the year ending June 30, 1981, the aircraft operator shall submit estimates of the energy average SEL values expected at Monitoring Stations 1, 2, and 3, accompanied by noise level and takeoff performance calculations sufficient to show the basis for obtaining the estimates. Where the average combined noise level estimates fall within the range of 101.5 to 104.5 dB , the Airport shall have the option of allowing the aircraft to operate at the Airport for a demonstration period of 90 days. The noise levels measured at Stations 1, 2, and 3 during this 90 -day demonstration period shall be the basis for determining whether or not the aircraft meets the noise limits under this Part. The permission granted under this Part (B) (3) (b) shall continue only for so long as the approved aircraft continues to be operated at an average combined noise level at or below 104.5 dB as set forth above.
O. Aircraft operated pursuant to an Operating Certificate issued by the Federal Aviation Administration, whose noise levels exceed the limits specified in Part (B) shall be permitted to land at and take off from the Burbank-Glendale-Pasadena Airport only under the following circumstances:
12. in the event such landing and takeoff results from the existence of a declared emergency;
13. in the event such landing and takeoff results from use of the Airport as a weather alternative; or
14. in the event such landing and takeoff occurs in connection with FAA certificated maintenance, repair and modification.
P. Upon request of the Airport Authority, the aircraft operator or pilot in command shall document or demonstrate the precise emergency conditions or FAA certificated maintenance, repair, or modification resulting in the landing and takeoff of an aircraft whose noise levels exceed those set forth in Part (B) above.
Q. Any aircraft operator or pilot in command violating the provisions of this Rule may, in the discretion of the Commission, and in addition to any other remedies (including injunctive remedies) available, be subject to civil penalties in the amount of One Thousand Dollars $(\$ 1,000)$ for each unauthorized landing and takeoff.

This Rule has been and shall continue to be enforced as written as all modern commercial and general aviation aircraft in service meet these standards.

## Rule 11

Subject to the provisions of Rule 7 of these Rules and Regulations:
R. No air carrier shall inaugurate or reinstitute scheduled turbojet operations at the Burbank-Glendale-Pasadena Airport ("the Airport"), except as provided in Part C below, unless all turbojet operations of that carrier are to be conducted solely with aircraft which comply with the noise level criteria of F.A.R. Part 36 Stage 3 (section C36.5 (a) (3) of Appendix C), as the same may be revised, supplemented, or replaced from time to time ("Stage 3 aircraft").
S. Each air carrier that has continuously provided scheduled passenger service at the Airport using non-Stage 3 aircraft since March 1, 1982, shall:
15. Utilize only Stage 3 aircraft in increases in its scheduled turbojet operations above the number of such operations in effect on June 30, 1982;
16. Conduct at least twenty-five percent (25\%) of its scheduled turbojet operations with Stage 3 aircraft until March 31, 1986; and
17. From April 1, 1986, to March 31, 1987, conduct at least fifty percent (50\%) of its scheduled turbojet operations with Stage 3 aircraft.
T. Air carriers seeking to inaugurate or reinstitute scheduled passenger operations at the Airport between the effective date of this Rule and March 31, 1987, will be permitted to make use of non-Stage 3 aircraft to the extent such aircraft may be used during that period by air carriers that have continuously utilized such aircraft at the Airport in scheduled passenger service since March 1, 1982, if the air carrier seeking to inaugurate or reinstitute scheduled passenger service demonstrates that the non-Stage 3 aircraft sought to be utilized will produce, at the average gross weight reasonably expected in operations at the Airport, an energy average Sound Exposure Level ("SEL") no greater than 98 decibels at Airport Monitoring Stations 1, 2, and 3 for departures on Runway 15 and no greater than 93 decibels at Station 9 for arrivals on Runway 8.
U. After March 31, 1987, each air carrier providing scheduled passenger service at the Airport shall conduct one hundred percent (100\%) of its scheduled turbojet operations with Stage 3 aircraft.
V. Air carriers may substitute higher noise level aircraft in operations required to be flown with lower noise level aircraft only if the required lower noise level aircraft is removed from service on a temporary basis for unanticipated conditions beyond the carrier's control, but only for so long as is necessary to correct such unanticipated conditions.
W. Each scheduled air carrier shall demonstrate, in writing, its intention and ability to fulfill the requirements of this Rule not less than 30 days prior to the commencement (including reinstitution) of scheduled passenger service or any proposed increase in operations at the Airport. Each such air carrier shall also, upon request of the Authority, provide written documentation of the reasons for and duration of any substitution of aircraft pursuant to Part E hereof.
X. Each scheduled air carrier violating the provisions of this Rule may, in the discretion of the Commission, and in addition to the other remedies (including injunctive remedies) available, be subject to civil penalties in the amount of Ten Thousand Dollars $(\$ 10,000)$ for each day on which operations are conducted in violation of the provisions of this Rule.

This Rule has been and shall continue to be enforced by requiring all air carriers to use aircraft that are certified Stage 3 or quieter at the Airport.

## Rule 12

In the event one or more clauses, sections or provisions of these Rules shall be held to be unlawful, invalid or unenforceable, the remainder of such Rule (or Rules) shall not be affected thereby.

This Rule has been and shall continue to be enforced as written.

## Noise Rules Enforcement

The following procedures shall govern the enforcement of the Noise Abatement Rules.
18. Alleged violations of the Noise Abatement Rules shall be investigated by the Noise \& Environmental Department or such other airport staff member as the Executive Director may designate.
19. In each instance of a potential violation identified by the Noise \& Environmental Department, the Noise \& Environmental Department staff shall notify the owner or operator of the aircraft in question. In the case of potential violations of Rules 8 or 9 , or in any other instance in which a violation, if confirmed, would result in the imposition of a monetary fine or operational restriction, such notice shall be in writing and shall be delivered by certified mail or other form of registered delivery. Such written notice shall specify the nature of the alleged violation, the time, date and location of its occurrence, the rule allegedly violated, and shall include a copy or description of these enforcement procedures.
20. The owner or operator shall have fifteen (15) business days from the date of such notice to: pay the proposed fine; contest in writing the finding of a violation; or request in writing an informal conference with the Director, Noise \& Environmental Programs ("Director"). The Director shall, based upon information received in writing or through an informal conference, determine whether a violation has occurred and shall promptly give written notice of such determination to the owner or operator.
21. The owner or operator shall have ten (10) business days from the date of such notice of determination to appeal the determination of the Director to the Authority's Operations Committee. Such appeal shall be in writing, submitted to the Noise \& Environmental

Department, and shall set forth all information the owner or operator believes necessary to support such appeal. The Operations Committee shall have the discretion to request further information from the owner or operator, either in writing or in person, and may affirm, overrule or modify the determination of the Director. The Operations Committee shall give written notice of its decision to the owner or operator.
22. The owner or operator may, within ten (10) business days of the date of the notice of decision of the Operations Committee, appeal that decision to the full Airport Authority Commission, by submitting a notice of appeal, together with such written information as it deems appropriate, to the Noise \& Environmental Department. The Commission may request further information from the owner or operator, either in writing or in person, and may affirm, overrule or modify the decision of the Operations Committee. The Commission shall give written notice of its decision to the owner or operator.

5. Prior to the start of construction and after all insurance and bond requirements have been satisfied, an Indemnification \& Defense Agreement has been submitted to the Authority, and Building permits and any other necessary permits are on file with the Authority, a pre-construction meeting must be held in the Authority Administrative offices. When all of these requirements have been satisfied, approval to begin construction will be granted on the Tenant Improvement Form and a copy returned to the Tenant. The form will indicate whether approval has been granted, and if not granted, the reason for denial.
6. All Tenants shall, within thirty (30) days after completion, submit to Business, Property and Administrative Services Department one set of "as built" plans. Also, an itemized summary of construction costs shall be forwarded to Business, Property and Administrative Services Department. The itemized summary shall be signed by the contractor and notarized.

NOTES: a.) For smaller projects costing less than $\$ 5,000$, the Authority may, at its discretion, waive any or all of the above requirements.
b.) Airport approval does not constitute a substitution of approval from any other governmental agency having jurisdiction.

## PLANS AND SPECIFICATIONS

Plans shall be drawn to scale and dimensioned on standard size drawing sheets for future reference and file retention, and shall be of sufficient clarity to indicate the nature and extent of the work proposed and show in detail that it conforms to the provisions of the governing codes, ordinances, rules and regulations. The minimum number of drawings normally acceptable with each set of plans submitted for final review and approval will generally consist of a plot plan, foundation plan, floor plan, elevations, framing section and details. Electrical, plumbing, heating and air conditioning plans and details shall be submitted when applicable. Foundation recommendations, including calculations and a soils investigation report shall be submitted when appropriate or requested by Airport Engineering. All design documents, including required calculations, shall be prepared, stamped, and signed by a licensed professional engineer or architect registered in the State of California. Engineers shall be licensed for the specific discipline required. Drawings/specifications and/or calculations

Comprehensive Automobile Liability:
Workers' Compensation: $\$ 1,000,000$ for Personal Injury for each occurrence.

Liability policies shall name the Burbank-Glendale-Pasadena Airport Authority as an Additional Insured. Certificates of Insurance on all policies shall be filed with Business, Property and Administrative Services Department. Each of said insurance policies shall contain a provision requiring the insurer to notify the Burbank-Glendale-Pasadena Airport Authority ten (10) days prior to the cancellation or material change in the Policy.

BOND REQUIREMENT
The Tenant shall require the contractor to obtain a material and labor bond equal to the contract price of the work. A copy of said bond shall be forwarded to Airport Engineering.

## INDEMNIFICATION \& DEFENSE AGREEMENT

The Tenant and its Contractor agree to and do hereby indemnify, defend and hold harmless the Burbank-GlendalePasadena Airport Authority, and its officers, agents, employees and contractors from all claims, demands, liabilities, losses, damages, costs and expenses, of any nature whatsoever, caused by or arising from, directly or indirectly, any act or omission (including, without limitation, negligent acts, negligent omissions, willful misconduct and any violation of the terms of that certain Lease between Tenant and Authority in, on or near the Bob Hope Airport by Contractor, or its subcontractors, agents or employees (including without limitation work done by Contractor for Tenant on Tenant's leased premises).

## MONTH TO MONTH OFFICE LEASE

THIS MONTH TO MONTH OFFICE LEASE ("Lease") is dated $\qquad$ 2023 for reference purposes and is executed by the Burbank-Glendale-Pasadena Airport Authority ("Landlord"), a California joint powers agency, and C\&W Facility Services, Inc. ("Tenant"), a Massachusetts corporation.

In consideration of the mutual covenants, conditions, and agreements contained herein, Landlord and Tenant agree as follows:

## 1. LEASED PREMISES.

1.1 Location of Leased Premises. Landlord leases to Tenant, and Tenant hires and takes from Landlord, those certain premises more particularly described in Exhibit "A" attached hereto ("Leased Premises") located in the Building described in Exhibit "A" situated within the Bob Hope Airport ("Airport"), including the right in common with others, to the use of certain of the "common use facilities" of the Airport as set forth in Section 14 upon the terms and subject to the conditions set forth in this lease.
1.2 Acceptance of the Leased Premises. Tenant accepts the Leased Premises in the condition existing as of the date hereof. Tenant agrees that the Leased Premises are in a good and tenantable condition and acknowledges that Tenant has inspected the Leased Premises and available common use facilities of the Airport to its satisfaction and acknowledges that Landlord is not obligated to make any repairs or alterations to the Leased Premises or common use facilities.
1.3 Reservations to Landlord. Tenant further accepts the Leased Premises subject to any and all existing easements and encumbrances. Landlord reserves the right, without obligation, to install, lay, construct, maintain and repair utilities and appurtenances necessary or convenient in connection therewith in, over, upon, through, across, under and along the Leased Premises or any part thereof, and to enter the Leased Premises for any and all such purposes. Landlord also reserves the right to grant franchises, licenses, easements, rights of way and permits in, over, upon, through, across, under and along any and all portions of the Leased Premises. No right reserved by Landlord in this Section shall be so exercised as to interfere unreasonably with Tenant's operations hereunder.
1.4 Landlord's Right of Access. Landlord shall have free access to the Leased Premises in all cases of emergency, and during all reasonable hours for the purposes of examining the same to ascertain if they are in good repair, inspecting any work in progress within the Leased Premises, the Building or elsewhere on the Airport, making repairs which Landlord may be required or permitted to make hereunder, and exhibiting the same to prospective purchasers or Tenants. Such entry shall be made in a manner which will not unreasonably interfere with Tenant's use of the Leased Premises, except in case of emergency. In the event that Tenant is not personally present to open and permit such entry, Landlord may enter by means of a master key or may enter forcibly and shall incur no liability to Tenant as a result of such entry, and this Lease shall not be affected thereby.

[^2]1.5 Certified Access Specialist. The Leased Premises, the building in which they are located and any other areas that may be used by Tenant under this Lease (herein, the "Subject Premises") have not been inspected by a Certified Access Specialist ("CASp"). A CASp can inspect the Subject Premises and determine whether they comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the Subject Premises, a commercial property owner or lessor may not prohibit a lessee or tenant from obtaining a CASp inspection of the Subject Premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties must mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the Subject Premises. Landlord and Tenant hereby agree that Landlord will not be obligated to obtain or pay for such an inspection report, and will not make or pay for any necessary repairs (all of which shall be the responsibility of the Tenant under this Lease).

## 2. TERM.

2.1 Commencement Date. The term of this lease shall be month to month, commencing on November 1, 2023 ("Commencement Date"), and continuing until this Lease is terminated as provided herein.
2.2 Early Possession. In the event that Tenant takes early possession, with Landlord's consent, Tenant shall be subject to all of the provisions hereof, excluding any and all covenants, obligations and conditions required to be performed or satisfied by Landlord under this Lease, and the provisions of Section 3.2 applicable to adjustments in the Monthly Base Rent (as defined herein) shall apply. Landlord shall have no obligation or responsibility with respect to such early possession, and Tenant shall defend, indemnify and hold harmless Landlord from and against any and all claims, losses, damages, liabilities, obligations, costs and expenses, including attorneys' fees, arising out of, resulting from or relating to such early possession.
2.3 Termination. Either party shall have the right to terminate this Lease at any time, with or without cause, by delivering to the other party at least 30 days' prior written notice of termination.
2.4 Default. Landlord shall have the right to terminate this lease in the event of a default by Tenant as provided in Section 12.2.

## 3. RENT.

3.1 Rent. In consideration of Landlord leasing to Tenant the Leased Premises, Tenant shall pay to Landlord as monthly base rent the sum of Six Hundred Ninety-Nine Dollars and Eighteen Cents (\$699.18) ("Monthly Base Rent"), subject to adjustment pursuant to Section 3.2, commencing on the Commencement Date and continuing on the first day of each calendar month thereafter during the term of this Lease. The Monthly Base Rent from the Commencement Date to the first day of the calendar month following the Commencement Date and for the calendar

[^3]month in which this Lease is terminated shall be prorated to the extent that such calendar months are partial calendar months on the basis of a 30 day calendar month.

### 3.2 Base Rent Adjustments.

### 3.2.1 Definitions.

i. The term "Adjustment Date" shall mean November 1 of each year starting in 2024.
ii. The term "Adjustment Index" shall mean the Consumer Price Index for the month of September of the calendar year containing the applicable Adjustment Date.
iii. The term "CPI Increase" shall mean the percentage increase in the "Consumer Price Index" during the preceding calendar year prior to an Adjustment Date, calculated by subtracting the Prior Index from the Adjustment Index and then dividing the result by the Prior Index.
iv. The term "Consumer Price Index" shall mean the Consumer Price Index for All Urban Consumers for the Los Angeles - Long Beach - Anaheim statistical area (CPIU) (1982-84 =100) published by the United States Department of Labor, Bureau of Labor Statistics.
v. The term "Adjusted Monthly Base Rent" shall mean the greater of: (a) the Monthly Base Rent (as may have been previously adjusted) payable each month during the immediately preceding calendar year increased by an amount equal to the product of $120 \%$ of the CPI Increase (rounded to the nearest hundredth) for the immediately preceding calendar year, or (b) $103 \%$ of the Monthly Base Rent (as may have been previously adjusted) payable each month during the immediately preceding calendar year. However, in no event shall the Adjusted Monthly Base Rent be more than $6 \%$ greater than the Monthly Base Rent (as it may have been previously adjusted) for the previous calendar year. The following is an example of the calculation under the preceding clause (a):

vi. The term "Prior Index" shall mean on each Adjustment Date, the Consumer Price Index used as the Adjustment Index on the prior Adjustment Date (or in the case of the first adjustment, the Consumer Price Index for the month of December of the prior calendar year).

[^4]3.2.2 Regular Annual Adjustments. On each Adjustment Date, the Monthly Base Rent then in effect shall be adjusted to the applicable Adjusted Monthly Base Rent.
3.2.3 CPI Changes. If the Consumer Price Index is changed so that the base year differs from that used for the Prior Index, the Consumer Price Index or the Prior Index, as applicable, shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Consumer Price Index is discontinued or revised during the term of this Lease, such other governmental index or computation with which it is replaced shall be used.

### 3.3 Taxes.

3.3.1 Possessory Interest and Other Taxes. Tenant shall pay, as additional rent under this Lease, all "taxes" imposed by any authority having the direct or indirect power to tax and which are applicable to the Leased Premises during the term of this Lease. As used herein, the term "taxes" shall include any form of possessory interest tax, assessment (including public facilities maintenance district levy or assessment or any public transit or other benefit assessment district levy or assessment), license fee, commercial rental tax, any tax or excise on rents, levy, penalty or tax (other than net income, inheritance or estate taxes) imposed by any authority having the direct or indirect power to tax, including any federal, state, county or city, government, or any school, agricultural, lighting, drainage, or other improvement district thereof, as against any legal or equitable interest of Landlord in the Leased Premises, as against Landlord's right to rent or other income therefrom, or as against Landlord's business of leasing the Leased Premises. In this regard, Tenant recognizes and understands that this Lease might be held to create a possessory interest subject to property taxation and that Tenant might be subject to the payment of property taxes levied on such interest.
3.3.2 Personal Property Tax. Tenant shall pay before delinquency any and all taxes and assessments on the furniture, fixtures, equipment and other personal property of Tenant located or used in the Leased Premises, whether assessed to Tenant or assessed to Landlord as part of the real property.

### 3.4 Utilities.

3.4.1 Payment. Tenant shall pay all costs, expenses and charges for telephone and other utilities and services, other than gas, heat, light, power and air conditioning services payment of which shall be included in Monthly Base Rent, supplied to the Leased Premises, together with any taxes thereon and any connection fees, prior to when such charges are due, and Tenant shall indemnify Landlord against any liability therefore. In the event that any utilities or services are not separately metered to Tenant, Tenant shall pay to Landlord, as additional rent under this Lease, Tenant's proportionate share, determined by Landlord, of all charges jointly metered with other premises in the Building or elsewhere at the Airport within fifteen (15) days following the delivery to Tenant of a statement with respect thereto.
3.4.2 No Obligation to Furnish. Notwithstanding any other provisions of this Lease, Tenant acknowledges that Landlord has no obligation to provide any utilities or services to
the Leased Premises. Landlord shall not be liable to Tenant under any circumstances for damages or loss to Tenant's property, injury to persons or property, or consequential damages, however occurring, through, in connection with, or incidental to any such utilities or services not being provided or inadequately being provided or any permanent or temporary cessation or other interruption of any such utilities or services.
3.4.3 Compliance with Utility Supplier Rules. Tenant shall comply with all rules and regulations which Landlord, any governmental agencies or authorities, or any utility company may establish for the use, proper functioning and protection of any utilities or services.
3.5 Net Lease. Landlord shall receive all amounts payable by Tenant pursuant to this Section 3 or any other provision of this Lease, free and clear of any and all other impositions, taxes, liens, charges or expense of any nature whatsoever in connection with the ownership and operation of the Leased Premises. In addition to the amounts payable by Tenant pursuant to this Section 3, Tenant shall pay to the parties respectively entitled thereto all other impositions, operating charges, maintenance charges, construction costs, and any other charges, costs and expenses which arise or may be contemplated under any provision of this Lease during the term, except only those amounts payable by Landlord as provided in Section 6.1.1. All of such charges, costs and expenses shall constitute additional rent, and upon the failure of Tenant to pay any of such costs, charges or expenses, Landlord shall have the same rights and remedies as otherwise provided in this Lease for the failure of Tenant to pay rent.
3.6 Interest on Past Due Payments. Any amount due from Tenant pursuant to this Section 3 or any other provision of this Lease which is not paid when due shall bear interest from the due date until paid at a rate equal to $5 \%$ in excess of the prevailing rate established by the Federal Reserve Bank at San Francisco on advances to member banks on the 25th day of the month preceding the Commencement Date (but not more than the maximum rate permissible by law); provided, however, that the payment of any interest pursuant to this Section shall not excuse or cure any default by Tenant with respect to its obligations to pay any amount due from Tenant pursuant to this Section 3 or any other provision of this Lease.
3.7 Financial Information. Within 10 days following a written request by Landlord, Tenant shall furnish to Landlord, in such detail as Landlord may reasonably request, financial information concerning Tenant, any parent or subsidiary of Tenant, or any person, firm or entity having the power, direct or indirect, to control Tenant or its operations at the Airport. The financial information to be furnished hereunder shall include, but shall not be limited to, balance sheets, statements of profit and loss and statements of changes in financial position. If available, such financial information shall include the opinion of an independent auditor as to the financial statements or, if not available, shall be certified as true, accurate and complete by the chief financial officer of the party for whom the information is furnished.
3.8 Address for Payment. The payment of Monthly Base Rent and all other amounts due to Landlord hereunder shall be paid at the office of Landlord; Burbank-Glendale-Pasadena Airport Authority, 2627 Hollywood Way, Burbank, California 91505, ATTENTION: Controller, or at such other place as Landlord may designate from time to time in writing.

[^5]4. SECURITY DEPOSIT. Concurrently with the execution of this Lease, Tenant shall pay to Landlord the sum of $\mathbf{\$ 2 , 0 9 7 . 5 4}$, equivalent to three times the Monthly Base Rent ("Security Deposit"), as security for the full and faithful performance by Tenant of the terms, provision, conditions, clauses, and covenants of this Lease. In the event Tenant defaults with respect to any provision of this Lease, including, but not limited to, the provisions relating to the payment of Monthly Base Rent or any other amounts payable by Tenant to Landlord hereunder, Landlord may, but shall not be required to, use, apply or retain all or any part of the Security Deposit for the payment of such Monthly Base Rent or other amounts in default, or for the payment of any amount which Landlord may spend or become obligated to spend by reason of Tenant's default, or to cure any other default for any other loss or damage which Landlord may suffer by reason of Tenant's default including, but not limited to or repairing damages to the Leased Premises, the Building or other areas of the Airport or any portion thereof, caused by Tenant. If any portion of the Security Deposit is so used or applied, Tenant shall, upon demand, deposit cash with Landlord in an amount sufficient to restore the Security Deposit to three times the amount of the current Monthly Base Rent and Tenant's failure to do so shall constitute a material breach of this Lease. Landlord shall not be required to keep the Security Deposit separate from its general accounts. If Tenant performs all of Tenant's obligations hereunder, the Security Deposit, or so much thereof as has not previously been applied by Landlord, shall be returned, without payment of interest for its use, to Tenant (or, at Landlord's election, to the last assignee, if any, of Tenant's interest hereunder) at the expiration of the term of this Lease, following Tenant's vacation of the Leased Premises in strict accordance with the provisions of this Lease. No trust relationship is created herein between Landlord and Tenant with respect to the Security Deposit.

## 5. CONDUCT OF BUSINESS BY TENANT.

5.1 Principal Use of Airport. Tenant acknowledges that the principal use of the Airport consists of the operation of a public airport and that all other businesses and operations which now are or hereafter permitted by Landlord, to be conducted on or at the Airport, including Tenant's use of the Leased Premises pursuant to this Lease, must be at all times compatible with such principal use, as Landlord, in its sole discretion, shall determine.
5.2 Authorized Use of Leased Premises. Tenant shall use the Leased Premises solely for office use. Tenant shall not use the Leased Premises for any use other than office use.
5.3 Licenses, Permits; Compliance with Laws. Tenant, at Tenant's own cost and expense, shall obtain and maintain in effect at all times during the term of this Lease all licenses, permits, certificates, approvals and other authorizations required by any federal, state, county, city or other governmental authority or agency having jurisdiction over Tenant, Tenant's business and operations, the Leased Premises, the Building or the other areas of the Airport, including, without limitation, all licenses, permits certificates, approvals and other authorizations required by the FAA. Without limiting the generality of the foregoing, Tenant shall comply with all applicable federal, state, county and city statutes, regulations, rules, ordinances and all orders of any department, bureau or agency or any governmental authority having jurisdiction over Tenant, Tenant's business and operations and the occupancy, maintenance and use of the Leased Premises for the purpose demised hereunder including, without limitation, the provisions of Section 23 and all rules and regulations promulgated by the FAA.

### 5.4 Restrictions On Use.

5.4.1 No Other Use. Tenant shall not use or permit the use of the Leased Premises for any purpose other than the purposes set forth in Section 5.2.
5.4.2 Manner of Use. Tenant shall not use or permit the use of the Leased Premises, the Building or any other areas of the Airport in any manner that will (i) tend to create or permit any waste or nuisance, (ii) tend to disturb other tenants, occupants, licensees, concessionaires or other users or customers of the Building or any other areas of the Airport, (iii) invalidate or cause the cancellation of or be in conflict with any fire or other hazard insurance policies covering the Airport, or (iv) increase the premiums for any fire insurance policies covering the Airport or any property located therein, over the premiums for such policies in effect on the Commencement Date. Tenant, at its expense, shall comply with all rules, orders, regulations, or requirements of the National Board of Fire Underwriters, or any other similar body.
5.4.3 Vending Machines. Tenant shall not place any vending machines or vending devices in or on the Leased Premises without the prior written approval of Landlord.
5.4.4 Interference With Utilities, Police, Fire Fighting. Tenant shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of the mechanical, gas, electrical, heating, ventilating, air conditioning, plumbing or sewer systems, facilities or devices or portions thereof on or servicing the Leased Premises, the Building or elsewhere on the Airport, nor shall Tenant do or permit to be done anything which may interfere with free access or passage to the Leased Premises, the Building or the streets, roads, parking lots, curb areas, entryways, exits, sidewalks adjoining the Building, the common use facilities of the Airport or the public areas adjacent thereto. In addition, Tenant shall not hinder police, fire fighting or other emergency personnel in the discharge of their duties.
5.4.5 Interference with Fire Exits. Tenant shall not do or permit to be done anything which may interfere with the effectiveness or accessibility of fire exits, elevators or escalators in or adjacent to Leased Premises, the Building or elsewhere at the Airport, including lines, pipes, wires, conduits and equipment connected with or appurtenant thereto.
5.5 Non-Discrimination and Affirmative Action. Tenant shall comply with the provisions of Exhibit "B" attached hereto and by this reference made a part hereof regarding nondiscrimination, as the same may be amended by Landlord from time to time. In addition, Tenant shall undertake an affirmative action program as required by 14 Code of Federal Regulations Part 152, Subpart E, to insure that no person shall, on the ground of race, creed, color, national origin, or sex, be excluded from participating in any employment activities covered in 14 Code of Federal regulations Part 152, Subpart E. Tenant agrees that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by said subpart. Tenant will require that its permitted subtenants, licensees or permittees will provide assurances to Tenant that they similarly will undertake affirmative action programs and that they will require assurances from their licensees or permittees, as required by 14 Code of Federal regulations Part 152, Subpart E, to the same effect.

[^6]5.6 Compliance with FAA Grant Assurances and Airport Use. In connection with the ownership and use of the Airport by Landlord, Tenant agrees as follows:
5.6.1 Development or Improvement of Landing Area. Landlord reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or views of Tenant, and without interference or hindrance.
5.6.2 Maintenance of Landing Area and Public Facilities. Landlord reserves the right, but shall not be obligated to Tenant, to maintain and keep in repair all common use facilities and publicly owned facilities of the Airport, together with the right to direct and control all activities of Tenant in this regard.
5.6.3 Agreements with United States. This Lease shall be subordinate to the provisions and requirements of any existing or future agreement between Landlord and the United States, or any lawful requirement of the United States, relative to the development, operation, or maintenance of the Airport.
5.6.4 Reservation of Rights. There is reserved to Landlord, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Leased Premises and the other areas of the Airport. This public right of flight shall include the right to cause within such airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or lading at, taking off from, or operating on the Airport.
5.6.5 Height Restrictions. Tenant shall not erect nor permit the erection of any structure or object, nor permit the growth of any tree, on the Leased Premises, the Building or elsewhere at the Airport in violation of federal height restrictions and obstruction criteria or any more restrictive height restrictions and obstruction criteria established from time to time by Landlord. In the event such covenants are breached, Landlord reserves the right to enter upon the Leased Premises, the Building or other areas of the Airport to remove the offending structure or object and to cut the offending tree, all of which shall be at the expense of Tenant.
5.6.6 Interference with Aircraft. Tenant shall not make use of the Leased Premises or any other areas of the Airport in any manner which might interfere with the landing and taking off of aircraft from the Airport, or which might otherwise constitute a hazard. In the event such covenant is breached, Landlord reserves the right to enter upon the Leased Premises or any other areas of the Airport and cause the abatement of such interference, at the expense of Tenant.
5.6.7 Rights of United States. This Lease shall be subject to whatever right the United States Government now has, or in the future may have or acquire, affecting the control, operation, regulation and taking over of the Airport, or the exclusive or nonexclusive use of the Airport by the United States during the time of war or national emergency or otherwise.

[^7]5.6.8 Unauthorized Access. Tenant shall use reasonable precautions to prevent unauthorized persons from gaining access to restricted flight and aircraft operational areas, including, without limitation, the precautions established pursuant to Section 5.7.
5.7 Airport Security. Landlord's Airport Security Program, as the same may be modified or supplemented from time to time by Landlord or its staff in its sole and absolute discretion ("Security Requirements"), are an integral part of the Lease and hereby incorporated herein by this reference.
5.8 Air Quality Improvement Plan. In addition to complying with Section 5.3, Tenant shall also comply with the certain provisions of the Burbank Airport's Air Quality Improvement Plan:
5.8.1 Ground Support Equipment Emissions Policy. Airlines and other entities own and operate ground support equipment ("GSE") to support arriving, departing, and parked aircraft at the Airport. The Airport's GSE policy will ensure that the Airport achieves Airportwide GSE emissions targets. The Airport will achieve an airport average composite emissions factor for its GSE fleet which is equal to or less than 1.66 horsepower-hour of nitrogen oxides ( $\mathrm{g} / \mathrm{hp}$-h of NOx) by January 1, 2023, and $0.74 \mathrm{~g} / \mathrm{hp}-\mathrm{h}$ of NOx by January 1, 2031. Upon achieving the 2023 and 2031 emissions targets, Tenant shall be required to ensure its fleet average continues to meet the Airport emissions targets. Tenant's obligation to meet the 2031 target shall be contingent on the installation of adequate infrastructure to support zero-emission GSE, which is operationally feasible and commercially available. Tenant's "Burbank Airport GSE fleet" shall be comprised solely of GSE operated at the Airport. Emissions performance of GSE operating at the Airport cannot be averaged with emissions performance of GSE operating at other airports to demonstrate compliance with the Airport GSE emissions targets.
5.8.2 Clean Construction Policy. Landlord has adopted a Clean Construction Policy, which may be accessed/found at http://hollywoodburbankairport.com/green-initiatives/. For all capital improvement projects ("CIPs") undertaken by Tenant, Tenant shall comply, and shall cause its CIP contractors to comply, with such Clean Construction Policy, and shall otherwise ensure its contractors follow clean construction policies to reduce emissions of NOx such as using low-emission vehicles and equipment, recycling construction and demolition debris, and minimizing non- essential trips through better schedule coordination.
5.8.3 Burbank Airport Employee Ride Share Policy. Landlord has joined the Burbank Transportation Management Organization (BTMO), which serves all Airport employees and all Airport tenant employers, including employers with less than 250 employees. Tenant is encouraged to also join and to actively participate in the BTMO as an individual member.

## 6. MAINTENANCE AND REPAIRS.

### 6.1 Landlord's Obligations.

6.1.1 Landlord Obligations. During the term of this Lease, Landlord shall keep and maintain in good condition and repair, reasonable wear and tear excepted, according to the

[^8]standards established by Landlord, as the same may be changed at any time and from time to time, (i) the foundations, roof and other structural components of the Building, including the structural portions of the exterior walls of the Leased Premises, and (ii) all sprinklers, plumbing, sewer, electrical, water, gas, drains, heating, ventilating and air conditioning systems, facilities and equipment serving the Leased Premises, but only to the extent such systems, facilities or equipment are located within the Airport and only to the point of connection or distribution to the Leased Premises, as determined by Landlord, and are not located within any easement in favor of a municipal or public utility supplier; provided, however, that Landlord shall have no obligation to repair any damage to any of the foregoing to the extent caused by the willful or negligent act or omission, including, without limitation, any overuse or abuse, of Tenant or the agents, employees, or invitees of Tenant, which damage shall be repaired promptly by Tenant, at Tenant's sole cost and expense. Landlord shall have no obligation to commence any maintenance or repair required under this Section until 30 days after the receipt by Landlord of written notice of the need for such maintenance or repair. Landlord shall not be liable to Tenant for any injury to or interference with Tenant, Tenant's business and operations or use or occupancy of the Leased Premises arising out of, resulting from, or relating to the performance of any maintenance or the making of any repairs.
6.1.2 Tenant Waiver. Except as provided in Section 6.1.1, Landlord shall have no obligation to maintain or make any repairs to the Leased Premises. Tenant waives any and all rights provided in Section 1941 through Section 1942, inclusive of the Civil Code of California and hereby waives, to the extent permissible, any rights under other statutes or laws now or hereafter in effect which are contrary to the obligations of Landlord under Section 6.1.1, or which place obligations upon Landlord in addition to those provided in Section 6.1.1. Landlord shall not be liable to Tenant by reason of any injury to or interference with Tenant's business arising from or connected with the need for or the making of any repairs, alteration, or improvements to the Leased Premises.

### 6.2 Tenant's Obligations.

6.2.1 Maintenance. Except as expressly provided in Section 6.1.1, Tenant, at Tenant's sole expense, shall maintain the Leased Premises, in good order, condition, and repair and in a neat, attractive, sanitary condition, free from waste or debris according to standards established by Landlord (whether or not such part of the Leased Premises requiring repair, or the means of repairing the same, are reasonably or readily accessible to Tenant, and whether or not the need for such repairs occurs as a result of Tenant's use, any prior use, the elements or the age of such part of the Leased Premises) including, without limitation, all of the following: (i) all ceilings, floors, interior walls, non-structural components of exterior walls, store fronts, windows, doors, door locks, plate glass, showcases, skylights, entrances, and vestibules located within the Leased Premises, and (ii) trade fixtures, furniture and other personal property located in or used in the Leased Premises, including, without limitation, any and all alterations (as defined in Section 7.1). Tenant shall make any and all repairs required pursuant to this Section as and when the same become necessary to maintain the Leased Premises and every part thereof in good order condition and repair, but in no event later than 30 days following the delivery to Tenant of the need for such repair, or immediately in the event of an emergency. All repairs to the Leased Premises made by Tenant as provided in this Lease shall be performed in accordance with all applicable statutes, regulations, rules and ordinances and all requirements and orders of any and all federal, state,
county, city and other governmental authorities and agencies having jurisdiction with respect thereto and Tenant shall secure all licenses, permits, approvals and authorizations required with respect thereto.
6.2.2 Tenant Failure to Repair. In the event that Tenant fails to make any repair to the Leased Premises pursuant to Section 6.2.1 within 30 days following the delivery to Tenant of written notice of the requirement therefore, or immediately in the event of any emergency, Landlord shall have the right, but not the obligation, at Landlord's option, to enter upon the Leased Premises and put the same in good order, condition and repair, and in a neat, attractive and sanitary condition, free from waste and debris, and the cost thereof shall become due and payable, upon demand, by Tenant to Landlord as additional rent under this Lease.

## 7. IMPROVEMENTS AND ALTERATIONS.

7.1 Construction. Landlord may impose, as a condition of such consent, such requirements as to the contractor, time, manner, method, design and construction in which the Alterations shall be done as Landlord determines, in its sole discretion. No such Alterations shall be undertaken until Tenant shall have procured and paid for all permits, licenses, approvals and authorizations of all required governmental authorities and agencies having jurisdiction thereof. In order to expedite plan review and approval and to insure that the proposed Alterations will be compatible with the Airport uses, Tenant first shall submit to Landlord for approval a schematic or conceptual plan. In the event any such lien is filed against the Leased Premises or any other areas of the Airport, it shall be discharged by Tenant, at Tenant's expense, within 10 days after written notice thereof is delivered to Tenant. 10.2 Awards. Any award for any taking of all or any part of the Leased Premises under the power of eminent domain shall be the property of Landlord, whether such award shall be made as compensation for diminution in value of the leasehold or for the taking of the fee. Nothing contained herein, however, shall be deemed to preclude Tenant from obtaining, or to give Landlord any interest in, any award to Tenant for loss of or damage to Tenant's trade fixtures and removable personal property or damages for cessation or interruption of Tenant's business, provided, however, that in determining the value of Tenant's business, all goodwill attributable to the location of the business shall belong to Landlord and Tenant's business shall be valued based solely upon its operating results.
10.3 Condemnation by Landlord. Nothing in this Lease shall impair, limit or otherwise affect the power of eminent domain of Landlord or the exercise of such power by Landlord.

## 11. SUBORDINATION.

Tenant further agrees that this Lease shall be amended, altered or modified in accordance with the reasonable requirements of a mortgagee, beneficiary, bond trustee, secured party or other lien holder, so long as such amendment, alteration or modification does not cause Tenant material financial loss, and that Tenant's written consent to any such amendment, alteration or modification shall not be unreasonably withheld or delayed. Tenant shall give prompt written notice to each mortgagee, beneficiary, bond trustee, secured party or other lien holder, of which Tenant has written notice, of any default of Landlord, and Tenant shall allow such mortgagee, beneficiary, bond trustee, secured party or lien holder a reasonable length of time (in any event, not less than 30 days from the date of such notice) in which to cure such default.

12.1.6 Other. The breach of or failure to perform by Tenant of any representation, warranty, covenant or agreement under this Lease, other than those described in Sections 12.1.1 through 12.1 .5 , (i) after the delivery to Tenant of written notice thereof and Tenant's failure to cure such breach or failure within 30 days following the delivery of such written notice; provided, however, in the event that the nature of Tenant's obligation is such that more than 30 days are required for its performance, Tenant shall not be deemed to be in default if Tenant shall commence such performance within such 30 day period and thereafter diligently prosecutes the same to completion; or (ii) immediately in the event of an emergency.

Landlord shall have all of the rights and remedies of a landlord provided in Sections 1951.2 and, if applicable, 1995.320 through 1995.340, inclusive, of the Civil Code, which Sections are incorporated herein by this reference as though set forth in full. In computing Landlord's damages pursuant to Sections 1951.2(1) and (2) of the Civil Code, the "worth at the time of award" shall be computed by allowing interest at a rate of $10 \%$ per annum. The amount of damages which Landlord may recover in the event of such termination shall include the worth at the time of the award of the amount by which the unpaid rent and other amounts required to be paid by Tenant pursuant to this Lease for the balance of the term after the time of award exceeds the amount of such losses that Tenant proves could be reasonably avoided, computed in accordance with Civil Code Section $1951.2(4)$ (b), plus reasonable attorneys' fees and leasing commissions. In the event that Landlord may have reentered the Leased Premises after an event of default hereunder without having declared this Lease terminated, Landlord shall have the right at any time thereafter to elect to terminate this Lease and all of the rights and remedies of Tenant in and to the Leased Premises as provided herein.
12.3 Personal Property. In the event of a default hereunder, all of Tenant's fixtures, furniture, equipment, improvements, additions, alterations, including Alterations, and other personal property shall remain on the Leased Premises, and Landlord shall have the right to take exclusive possession of same and to use the same, rent or charge free, until all defaults are cured, or, at its option, at any time during the term of this Lease, to require Tenant to forthwith remove to same.
12.4 Waiver. Tenant hereby waives all claims and demands against Landlord for damages or loss arising out of or in connection with any lawful re-entering and taking possession of the Leased Premises.
12.5 Waiver of Redemption. In the event of the lawful exercise by Landlord of any one or more of its rights and remedies under this Section 12, Tenant hereby expressly waives any and all rights of redemption or relief from forfeiture under Code of Civil Procedure Section 1174 or 1179 , or granted by or under any present or future laws, and further release Landlord, from any and all claims, demands and liabilities by reason of such exercise by Landlord.
12.6 Cumulative Remedies. The various rights, options, elections, powers and remedies reserved to Landlord herein shall be cumulative, and, except as otherwise provided by statute, Landlord may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the other or of any right or priority allowed by law or in equity. No delay or omission of Landlord to exercise any right or remedy shall be construed as a waiver of any such right or remedy or waiver of any default by Tenant. In addition to the foregoing, Landlord may exercise any other remedy now or hereafter available to a landlord against a defaulting tenant under the laws of the State of California.

[^13]12.7 Termination of Landlord Liability. Landlord shall be under no obligation to observe or perform any covenant of this Lease on its part to be observed or performed for the benefit of Tenant, which accrues after the date of any event of default by Tenant.
12.8 Determination of Rental Amount. For the purposes of this Section 12, the Monthly Base Rent and other amounts due hereunder for any calendar month after re-entry by Landlord, or termination of the Lease by Landlord pursuant to Section 12.2, shall be deemed to be the Monthly Base Rent and other amounts which shall have been payable for the month prior to the month of default.
12.9 Default by Landlord. Landlord shall not be deemed to be in default in the performance of any obligation required to be performed by it hereunder unless and until it has failed to perform such obligation with 30 days following the delivery by Tenant to Landlord of written notice specifying the obligation Landlord has failed to perform; provided, however, in the event that the nature of Landlord's obligation is such that more than 30 days are required for its performance, Landlord shall not be deemed to be in default if it shall commence such performance within such 30 day period and thereafter diligently prosecutes the same to completion.
13. SURRENDER BY END OF TERM. Upon the termination of this Lease, Tenant shall quit and surrender the Leased Premises to Landlord, broom clean and in good order and condition, ordinary wear and tear, casualty and damage by the elements excepted, and, except as otherwise provided in this Lease, Tenant shall remove all of its property and shall promptly repair any damages to the Leased Premises caused by such removal. Tenant's obligation to perform this covenant shall survive the expiration or other termination of the term hereof.

## 14. COMMON USE FACILITIES.

14.1 Common Use Facilities. In conjunction with Tenant's use of the Leased Premises, and solely for the purposes hereinbefore set forth in this Lease, Tenant is hereby granted the nonexclusive right during the term of this Lease to enter upon or make customary and reasonable use of such areas of the Building and the other areas of the Airport as Landlord may from time to time designate as "common use facilities." Tenant's rights hereunder shall be in common with Landlord and with other persons authorized by Landlord from time to time to use such facilities and shall be in strict compliance with all laws, rules, directions and orders of Landlord applicable thereto.
14.2 Public Areas. During the term of this Lease, Tenant, and its officers, directors, employees, agents, representatives, customers, passengers, guests and invitees, shall be entitled to use all public areas located in the Building, and the other areas of the Airport, in common with Landlord and with other persons authorized by Landlord from time to time to use said facilities.
14.3 Restrictions on Use. Landlord reserves the right, in its sole discretion, to make changes at any time and from time to time in the size, shape, location, number and extent of all areas of the Airport, including all common use facilities and public areas, or any of them, and specifically further reserves the right to designate portions of the common use facilities and public areas for the use of certain tenants of the Airport.

[^14]14.4 Parking. Notwithstanding that Landlord may lease parking spaces to employees of Airport tenants, as such parking spaces may be available, it is expressly understood and agreed that Landlord is not responsible or obligated to provide Tenant or its officers, directors, its employees, agents, representatives, contractors, licensees, invitees or permittees, with any parking spaces within the Airport or otherwise, as an appurtenance to this Lease. Tenant shall be solely responsible for arranging any and all necessary parking incidental to this Lease.

## 15. SERVICES.

15.1 Services. In the event that Landlord provides other additional services with respect to the Leased Premises at Tenant's written request, such as maintenance and repair service, Tenant shall pay the repair costs determined by Landlord, in its sole, but reasonable, discretion within 15 days following receipt of a statement for said additional services. An estimated cost of repair will be presented to the Tenant prior to performance of the additional services.
15.2 Fire and Security. Landlord is not obligated to Tenant to furnish any fire fighting services or security services to the Leased Premises. Tenant shall maintain its own security services for the Leased Premises and agrees that the maintenance by Landlord of either security or fire fighting services shall not constitute a waiver of this provision. Tenant acknowledges that the Leased Premises are within the municipal service area of the City of Burbank.
15.3 Landlord Not Responsible. Landlord shall not be liable in damages or otherwise for any failure or interruption of any services, or of any utilities to the Leased Premises, and no such failure or interruption shall entitle Tenant to terminate this Lease or to an abatement of rent. Landlord shall not be liable to Tenant under any circumstances for damage or loss of Tenant's property, injury to person or property, or consequential damages, however occurring, through, in connection with, or incidental to failure to furnish any of the foregoing.
16. QUIET ENJOYMENT. Upon paying the rent and other sums due hereunder and observing and performing all the provisions on Tenant's part to be observed and performed pursuant to this Lease, Tenant may peaceably and quietly enjoy the Leased Premises, subject, nevertheless, to the provisions of this Lease and to any mortgages, deeds of trust, bond indentures, security interests, liens and other encumbrances secured by the Airport or its revenues.
17. ATTORNEYS' FEES AND COSTS. In the event any action or proceeding is brought by either party against the other under this Lease (including in any bankruptcy proceeding), the prevailing party shall be entitled to recover its costs, and, for the fees of its attorneys in such action or proceeding, in such amount as the Court may adjudge reasonable as attorneys' fees (including in any bankruptcy proceeding).
18. TRANSFER OF LANDLORD'S INTEREST. In the event of any transfer of Landlord's interest in the Leased Premises, the transferor automatically shall be relieved of any and all obligations and liabilities accruing from and after the date of such transfer.

## 19. LEASE INTERPRETATION.

19.1 Incorporation of Prior Agreements; Amendments. This Lease contains the entire agreement between the parties hereto, and no prior agreement or understanding shall be effective for any purpose all of which, if any, are hereby terminated or rescinded, except as to provisions which are expressly stated to survive termination and any indemnity or insurance obligation in favor of Landlord. Except as otherwise expressly provided herein, no provision of this Lease may be amended or added to, except by an agreement in writing signed by the parties hereto or their respective successors in interest. Tenant agrees that it shall not unreasonably refuse to execute any amendment of or supplement to this Lease which Landlord determines is necessary or advisable in order to comply with applicable laws, rules and resolutions of Landlord in effect from time to time.
19.2 No Representations by Landlord. Tenant acknowledges that neither Landlord nor any of Landlord's agents, representatives, employees or officers have made any representations or promises with respect to the Airport or the Leased Premises, except as herein expressly set forth. Tenant acknowledges that it has not executed this Lease in reliance upon any representations or promises of Landlord or Landlord's commissioners, officers, employees, agents or representatives, with respect to the Airport or the Leased Premises, except as herein expressly set forth.
19.3 Examination of Lease Submission of this Lease for examination or signature by Tenant does not constitute a reservation of or option for lease, and it is not effective as a lease or otherwise until execution and delivery by both Landlord and Tenant.
19.4 Relationship Between Parties. Nothing contained in this Lease shall be construed to create the relationship of principal and agent, partnership, joint venture or any other relationship between the parties hereto, other than the relationship of Landlord and Tenant.
20. WAIVERS. The waiver by either party of any provision of this Lease shall not be deemed to be a waiver of any other provision hereof or of any subsequent breach of any other provision hereof or of any subsequent breach of the same or any other provision. Landlord's consent to any act by Tenant requiring Landlord's consent shall not be deemed to render unnecessary the obtaining of Landlord's consent to any subsequent act by Tenant, whether or not similar to the act so consented. The subsequent acceptance of any rent or any other amount due from Tenant hereunder by Landlord shall not be deemed to be a waiver of any preceding breach or event of default by Tenant of any provision of this Lease, other than the failure of Tenant to pay the particular amount so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such amount.
21. PERFORMANCE OF TENANT'S COVENANTS BY LANDLORD. In the event that Tenant at any time fails to make any payment or perform any other act under this Lease, and such failure continues for at least five calendar days after written notice thereof from Landlord to Tenant (but no notice shall be required in an emergency), Landlord shall have the right, but not the obligation, immediately or at any time thereafter, without further notice or demand without waiving or releasing Tenant from any obligation to Landlord, to make such payment or perform such other act for the account of Tenant, to the extent Landlord may deem desirable. In connection therewith, Landlord may pay expenses and employ counsel in instituting, prosecuting or defending any action or proceeding under this Lease. All sums so paid by Landlord and all expenses incurred

[^15]in connection therewith, together with interest thereon at the annual rate specified in Section 3.6 shall be deemed additional rent hereunder and shall be payable to Landlord on demand. In the event such additional amounts remain unpaid, Landlord shall have the same rights and remedies as for the nonpayment of rent.
22. SUCCESSORS AND ASSIGNS. The provisions contained in this Lease shall bind and inure to the benefit of Landlord, Tenant and, except as otherwise provided in this Lease, their respective successors and assigns.
23. RULES AND REGULATIONS. Tenant shall comply with all uniform rules and regulations established by Landlord for use of the Airport, the Building or the Leased Premises, as the same may be amended from time to time by Landlord. Landlord shall provide Tenant with a copy of all such rules and regulations and any and all amendments thereto. Landlord shall not be responsible to Tenant for the nonperformance of any other tenant, occupant, licensee, concessionaire or other user of the Airport of any of said rules and regulations.

## 24. TOXIC MATERIALS.

24.1 Prohibited Without Consent. Tenant shall not cause or permit any Toxic Materials (as defined in Section 24.2) to be brought onto, stored, used or disposed of in, on or about the Leased Premises by Tenant, its agents, employees, contractors, licensees, subtenant or invitees, without the prior written consent of Landlord, which Landlord shall not unreasonably withhold or delay so long as Tenant demonstrates to Landlord's reasonable satisfaction that such Toxic Materials, and the quantities thereof, are necessary or useful to Tenant's business and will be stored, used and disposed of in a manner that complies with all Environmental Laws (as defined in Section 24.2).
24.2 Compliance with Environmental Laws. Tenant shall comply, at its sole cost, with all federal, state and local laws and governmental orders applicable to all Toxic Materials and to the lawful conduct of Tenant's business. The term "Toxic Materials' means any hazardous or toxic materials, pollutants, effluents, contaminants, radioactive materials flammables, explosives, pesticides, chemicals known to cause cancer or reproductive toxicity, emissions, wastes or any other chemicals, materials or substances, whose handling, storage, release, transportation or disposal is or becomes prohibited, limited or regulated by any federal, state, county, regional or local Landlord or, even if not so regulated, is or becomes known to pose a hazard or potential threat to the health and safety of any person or to the environment. The term "Environmental Laws" means any and all laws, rules, regulations, judgments, orders, permits, licenses, agreements, covenants, restrictions, requirements, policies or the like enacted now or hereafter by federal, state, regional or local governments, agencies or authorities relating to or governing in any way the environmental condition of soil, air, water, groundwater or the presence of Toxic Materials in or affecting all or any portion of the Leased Premises or any other areas of the Airport.
24.3 Indemnity. Tenant shall be solely responsible for and shall indemnify, hold harmless and defend Landlord, its commissioners, officers, employees and agents, and the Cities of Burbank, Glendale, and Pasadena, California, from and against any and all liabilities, claims, costs, penalties, fines, losses (including without limitation, (i) diminution in value of the Airport,

[^16]the Leased Premises, the Building or any other areas of the Airport or any improvements thereon; (ii) damages for the loss or restriction on use of rentable or usable space or of any amenity of the Airport, the Leased Premises, the Building or any other areas of the Airport or any improvements thereon; (iii) damages arising from any adverse impact on marketing of space in the Airport, the Leased Premises, the Building or any other areas of the Airport or any improvements therein; and (iv) sums paid in settlement of claims), liabilities, losses, damages, injuries, causes of action, judgments, and expenses (including, without limitation, attorneys' fees, consultant fees and expert fees), which arise during or after the term of this Agreement as a result of the receiving, handling, use, storage, accumulation, transportation, generation, spillage, migration, discharge, release or disposal of Toxic Materials in, on or about the Leased Premises, the Building or any other areas of the Airport by Tenant or its agents, employees, contractors, licensees, subtenants or invitees. ## DEVELOPMENT GROUND LEASE

THIS DEVELOPMENT GROUND LEASE (this "Lease") is made as of the $20^{t / h}$ day of January, 1998, by and between the BURBANK - GLENDALE - PASADENA AIRPORT AUTHORITY, a public entity formed under a joint exercise of powers agreement among the Cities of Burbank, Glendale, and Pasadena, California, pursuant to the California Joint Exercise of Powers Act ("Landlord"), and SOUTHWEST AIRLINES CO., a Texas corporation ("Tenant").

## 1. LEASE.

1.1. Leased Premises.

Landlord hereby leases to Tenant, and Tenant hereby leases and hires from Landlord, the unimproved real property legally described in Exhibit A attached hereto and all appurtenances (the "Leased Premises"), which Leased Premises are a part of the Burbank Glendale - Pasadena Airport, a public land airport located in the County of Los Angeles, State of California (the "Airport"), together with the right, in common with others, to use certain of the "Common Use Facilities" of the Airport as set forth in Section 15, upon the terms and subject to the conditions set forth in this Lease.

### 1.2. Condition of Leased Premises and Common Facilities.

The Leased Premises consist of unimproved land and Tenant accepts the Leased Premises in the condition existing as of the date hereof. Tenant hereby agrees that the Leased Premises are in a good and tenantable condition and acknowledges that Tenant has inspected the Leased Premises and available Common Use Facilities of the Airport to its satisfaction and acknowledges that Landlord is not obligated to make any repairs or alterations to the Leased Premises or Common Use Facilities.

### 1.3. Title: Reservations to Landlord.

Tenant accepts the Leased Premises subject to any and all existing easements, servitudes and encumbrances of record. Landlord reserves the right, without obligation, to install, lay, construct, maintain and repair utilities and appurtenances necessary or convenient in connection therewith in, over, upon, through, across, under and along the Leased Premises and any New Improvements (as defined in Section 6.4.1) or any part thereof, and to enter the Leased Premises or any New Improvements for any and all such purposes. Landlord also reserves the right to grant franchises, licenses, easements, rights of way and permits in, over, upon, through, across, under and along any and all portions of the Leased Premises or New Improvements. No right reserved by Landlord in this Section shall be so exercised as to interfere unreasonably with Tenant's construction, management or operations of New Improvements.

### 1.4. Landlord's Right of Access.

Landlord shall have free access to the Leased Premises and New Improvements in all cases of emergency, and during all reasonable hours for the purposes of examining the same to ascertain if they are in good repair, inspecting any work in progress within or upon the Leased Premises, New Improvements or elsewhere on the Airport, making repairs which Landlord may be permitted to make hereunder, and, during the last twelve (12) months of the Lease term or at any time following either Landlord or Tenant giving a notice of termination under this Lease, exhibiting the same to prospective purchasers or tenants. Such entry shall be made in a manner which will not unreasonably interfere with Tenant's use of the Leased Premises and New Improvements, except in case of emergency. In the event that Tenant is not personally present to open and permit such entry, Landlord may enter by means of master keys or may enter forcibly and shall incur no liability to Tenant as a result of such entry, except for any gross negligence, willful misconduct, or material breach of this Lease on the part of Landlord or any of its employees, agents or representatives.

## 2. TERM.

### 2.1. Term.

The term of this Lease shall commence at 12:01 a.m. on January 1, 1998 ("Commencement Date") and shall continue until 11:59 p.m. on December 31, 2028 ("Expiration Date"), unless earlier terminated as provided herein, in which case, the last day of the earlier terminated term shall be the "Expiration Date." Each twelve (12) full calendar month period, commencing on the Commencement Date and on each annual anniversary date of the Commencement Date during the term of this Lease, shall be referred to in this Lease as an "Annual Period."

### 2.2. Early Termination.

### 2.2.1. Right to Terminate.

Tenant acknowledges that Landlord is presently conducting and in the future will or may conduct feasibility, economic, land use and other studies of the Airport and its physical configuration for the purpose of relocating or rebuilding terminal facilities, fixed base operator facilities, cargo facilities, retail, commercial, industrial and manufacturing facilities, parking areas, service areas, runways, taxiways, apron areas, access roads, control tower, safety and open areas, safety and navigation equipment and other Airport and non-Airport facilities, some or all of which may be required by the Federal Aviation Administration ("FAA"), by considerations of safety or efficiency of operation at the Airport, or by economic conditions, opportunities or circumstances, and that it is not possible to determine whether or to what extent the Leased Premises or New Improvements will be included within or affected by any such studies, reconfiguration of the Airport or rebuilding or relocation of Airport facilities. In the event that Landlord, in its sole and absolute discretion, determines that all or a portion of the Leased Premises or New Improvements is needed for alternative purposes, uses or opportunities, or that any reconfiguration of the Airport, reconstruction, rebuilding or reconstruction of Airport facilities, or construction of new Improvements or facilities, will prevent or interfere with

Tenant's authorized use of the Leased Premises or New Improvements, and without any requirement that Landlord consider the potential or actual adverse economic impacts upon Tenant or that Landlord meet any standard of reasonableness, need, good faith or fair dealing, all of which Tenant acknowledges shall not be required to be considered by Landlord, Landlord shall have the right to terminate this Lease as to some or all of the Leased Premises or New Improvements by delivering to Tenant not less than six (6) months' prior written notice of such termination pursuant to this Section.

### 2.2.2. Partial Termination.

### 2.2.2.1. Continuation of Lease and Adjustment of Annual

## Base Rent.

If this Lease is terminated by Landlord as to less than all of the Leased Premises and New Improvements (a "Partial Termination"), this Lease shall remain in effect as to the remaining portion of the Leased Premises and New Improvements, subject to the further exercise of Landlord's termination rights hereunder and subject to Tenant's right of termination provided in Section 2.2.2.2. From and after the effective date of the Partial Termination, the "Annual Base Rent" (as defined in Section 3.1.1) shall be reduced by multiplying the Base Rent then in effect by a fraction, the numerator of which is the total land area of the Leased Premises prior to the Partial Termination minus the portion of the land area of the Leased Premises subject to such Partial Termination, and the denominator of which is the total land area of the Leased Premises prior to such Partial Termination. The portion of the Leased Premises or New Improvements subject to a Partial Termination is referred to as the "Deleted Premises."

### 2.2.2.2. Tenant's Right to Terminate.

In the event that there is a Partial Termination which applies to more than ten percent ( $10 \%$ ) of the land area of the Leased Premises, Tenant shall have the right to terminate this Lease in its entirety by delivering written notice of termination to Landlord prior to the termination date specified in Landlord's notice of the Partial Termination. A termination of this Lease by Tenant following a Partial Termination by Landlord where the Deleted Premises exceed ten percent ( $10 \%$ ) of the land area of the Leased Premises shall be effective upon the termination date specified in Landlord's notice of the Partial Termination.

### 2.2.3. Payment of Unamortized Cost of Approved New Improvements.

In the event that (i) Landlord exercises its right under Section 2.2.1 to terminate this Lease as to all of the Leased Premises and New Improvements or (ii) Tenant exercises its right under Section 2.2.2.2 to terminate this Lease, Landlord shall pay to Tenant the "Unamortized Cost of Approved New Improvements" (as defined below). In the event of a Partial Termination not followed by a termination of this Lease by Tenant, Landlord shall pay to Tenant the Unamortized Cost of Approved New Improvements made to the Deleted Premises. Tenant acknowledges and agrees that (i) Tenant shall not be entitled to reimbursement for any costs incurred in connection with the construction or installation of any improvements
that are not Approved New Improvements (as defined in Section 6.5) and (ii) Tenant shall not have any right to continue the use or occupancy of any portion of the Leased Premises or New Improvements as to which this Lease has been terminated under Section 2.2 following the effective date of such termination. As used in this Lease, the term "Unamortized Cost of Approved New Improvements" shall mean the actual direct out-of-pocket cost of all Approved New Improvements (as previously certified by Tenant as provided in Section 6.4.7) located upon the Land, or the Deleted Premises in the case of a Partial Termination, multiplied by a fraction, the numerator of which is the number of full calendar months between the effective date of termination of this Lease and December 31, 2018, and the denominator of which is the number of full calendar months between the date of certification by Tenant of the cost of the Approved New Improvements for which payment is being made and December 31, 2018. In the event that Landlord terminates this Lease pursuant to Section 2.2.1 prior to the completion of any Approved New Improvements, then the "Unamortized Cost of Approved New Improvements" for such incomplete Approved New Improvements shall be the amounts stated in a certified statement furnished by Tenant pursuant to and in compliance with Section 6.2 .7 covering such incomplete Approved New Improvements.

### 2.2.4. Payment.

Landlord shall pay to Tenant the Unamortized Cost of the Approved New Improvements in cash in one lump sum upon the close of escrow as provided in Section 2.2.5. Landlord shall be entitled to offset or credit against such payment any amounts owing by Tenant to Landlord whether under this Lease or otherwise, and to withhold from such payment the amount of any monetary claim then being asserted in good faith by Landlord against Tenant under this Lease.

### 2.2.5. Escrow: Quitclaim Deed and Bill of Sale.

Upon receipt of Landlord's notice of termination of this Lease as to all or a portion of the Leased Premises and/or New Improvements, or upon Tenant's election to terminate this Lease pursuant to Section 2.2.2.2, Landlord and Tenant shall open an escrow with Chicago Title Insurance Company, or such other title insurance company as shall be mutually acceptable to the parties, the cost of which shall be divided equally between Landlord and Tenant. Landlord and Tenant shall execute and deliver to the escrow holder all instructions reasonably necessary to facilitate and perform the provisions of this Section 2.2. On or prior to the effective date of termination of this Lease as to all or a portion of the Leased Premises and/or New Improvements, the parties shall deposit into escrow all funds, documents, deeds and instruments required to be paid or delivered under this Section 2.2. Specifically, Landlord shall deposit into escrow the payment due to Tenant and Tenant shall execute and deposit into escrow a quitclaim deed in recordable form conveying to Landlord, free and clear of all liens, security interests and encumbrances, all of the right, title and interest of Tenant in all of the Leased Premises and New Improvements in the event of a total termination or in the Deleted Premises in the event of a Partial Termination, together with all of the right, title and interest of Tenant in any appurtenances located thereon or appurtenant thereto. The escrow shall close upon the effective date of termination of this Lease as to all of the Leased Premises and New Improvements or the Deleted Premises, as the case may be, pursuant to this Section 2.2, and the funds, documents and
instruments shall be dispersed, delivered or recorded, as applicable, as provided in the escrow instructions of the parties.

### 2.2.6. Tenant Acknowledgments.

The provisions of this Section 2.2 are contractual and arise from Landlord's unwillingness to enter into a long term Lease of the Leased Premises without the right of termination provided herein. Tenant acknowledges that under these circumstances, including those in the preceding sentence, such provisions are reasonable and Tenant is willing to accept Landlord's termination rights in order to obtain a longer lease term and in consideration of the payment and other provisions in this Section 2.2. The exercise by Landlord of its termination right shall not be construed as a taking by Landlord of any part of the Leased Premises or New Improvements or of Tenant's rights or leasehold estate under this Lease, and Tenant shall not be entitled to payment for any loss of goodwill, income or other amount measured by Tenant's loss upon termination or reduction of its business following termination of this Lease as to all or a portion of the Leased Premises or New Improvements.
3. RENT AND OTHER MONETARY AMOUNTS PAYABLE AS RENT.
3.1. Annual Base Rent.
3.1.1. Obligation to Pay.

During the initial term and any extended term of this Lease, Tenant shall pay to Landlord, without setoff or deduction, base rent for each Annual Period ("Annual Base Rent") in the amount set forth in Section 3.1.2 and at the time and in the manner set forth in Section 3.1.5.

### 3.1.2. Amount of Annual Base Rent.

The Annual Base Rent shall be Thirty Thousand Dollars ( $\$ 30,000$ ), subject to adjustment as provided in Section 3.1.3.

### 3.1.3. Annual Adjustments.

During each Annual Period which commences after the initial Annual Period, the Annual Base Rent shall be equal to (i) the Annual Base Rent for the immediately preceding Annual Period multiplied by (ii) the CPI Increase during the immediately preceding Annual Period. As used in this Section 3.1.3, or elsewhere in this Lease, the term "CPI Increase" shall mean any increase in the "Consumer Price Index" (as defined below) during an Annual Period or other specified period of time prior to a date of adjustment (the "Adjustment Date") of Annual Base Rent or any other matter which is subject to adjustment under this Lease in the event of a CPI Increase. If the Adjustment Index has increased over the Prior Index, the CPI Increase, expressed as a percentage or as a whole number and decimal fraction (carried to the third decimal place and rounded up if the third decimal place is .005 or greater and rounded down if the third decimal place is less than .005 ), shall be determined by dividing the Adjustment Index by the Prior Index. In the event the Index is changed so that the base year differs from that used for the Prior Index, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. In the event the Index is discontinued or revised during the term of this Lease, such other governmental index or computation with which it is replaced shall be used.

Tenant shall pay, as additional rent under this Lease, all "Taxes" imposed by any authority having the direct or indirect power to tax and which are applicable to the Leased Premises and New Improvements during the term of this Lease, whether levied or assessed upon Landlord or Tenant. As used herein, the term "Taxes" shall include any form of possessory interest tax, assessment (including public facilities maintenance district levy or assessment or any public transit or other benefit assessment district levy or assessment), license fee, commercial rental tax, any tax or excise on rents, levy, penalty or tax imposed by any authority having the direct or indirect power to tax, including any federal, state, county or city government, or any school, agricultural, lighting, drainage, or other improvement district thereof, as against any legal or equitable interest of Landlord or Tenant in the Leased Premises and New Improvements or in the real property of which the Leased Premises or New Improvements are a part, as against Landlord's right to rent or other income therefrom, or as against Landlord's business of leasing the Leased Premises; provided, however, that "Taxes" shall not include (i) any mortgage or documentary transfer tax relating to any financing or sale of the Airport; (ii) any tax upon or against Landlord's income or profits; (iii) any franchise, capital stock, excise, social security, unemployment, sales, use or withholding assessments levied against Landlord; (iv) any assessments (or other governmental fees or charges) levied by Landlord against any tenants, the Airport or any portion thereof (whether attributable to special assessment districts or otherwise) to finance any development, maintenance or improvement of facilities at the Airport. In this regard, Tenant recognizes and understands that this Lease might be held to create a possessory interest subject to property taxation and that Tenant might be subject to the payment of property
taxes levied on such interest. Tenant shall pay all Taxes prior to delinquency. Tenant shall furnish to Landlord evidence of payment of Taxes within fifteen (15) days of making such payment.

### 3.2.2. Personal Property Tax.

Notwithstanding the foregoing, if such Taxes are secured by a lien on any portion of the Airport or its revenues or if, in the sole opinion of Landlord, the nonpayment of such Taxes will be detrimental to Landlord, then as a condition to making such contest, Tenant shall pay the contested Taxes with a right of reservation.

### 3.3. Utilities.

Tenant shall pay all water, gas, heat, light, power, air conditioning, telephone, and other utilities and services supplied to and/or used in the Leased Premises and New Improvements, together with any and all taxes thereon and connection fees relating thereto, prior to when said charges, taxes or connection fees are due, and shall indemnify Landlord against any liability for the late payment or nonpayment of any said charges, taxes or connection fees.

All of such charges, costs and expenses which either (i) are payable to Landlord or (ii) the failure to pay will create a lien against the Land, shall constitute
additional rent, and upon the failure of Tenant to pay any of such costs, charges or expenses as required by this Lease, Landlord shall have the same rights and remedies as otherwise provided in this Lease for the failure of Tenant to pay rent.

### 3.5. Interest on Past Due Payments.

Tenant, at Tenant's sole expense, shall maintain and repair the Leased Premises, and every part thereof, and shall maintain, repair and replace the New Improvements and any trade fixtures, furniture and other personal property of Tenant located on or used in the Leased Premises or New Improvements, in good operating condition and repair and in a neat, altractive and sanitary condition, free from waste or debris, all according to standards established by Landlord (whether or not such part of the Leased Premises or New Improvements requiring maintenance, repair or replacement, or the means of maintaining, repairing or replacing the same, are reasonably or readily accessible to Tenant, and whether or not the need for such maintenance, repair or replacement occurs as a result of Tenant's use, any prior use, the elements or the age of such part of the Leased Premises or New Improvements). Tenant shall make any and all repairs required pursuant to this Section as and when the same become necessary to maintain the Leased Premises and New Improvements and every part thereof in good order, condition and repair, but in no event later than thirty (30) days following the delivery to Tenant of a written notice specifying the repairs Landlord believes must be undertaken to comply with the terms of this Lease or immediately in the event of an emergency. Without limiting the generality of the foregoing provisions of this Section, Tenant shall maintain and repair the Leased Premises and New Improvements in accordance with the Maintenance and Operation Plan approved by Landlord. Landlord shall have the right, at any time and from time to time, to establish higher standards of maintenance, repair and replacement for New Improvements than are applicable to existing Improvements on other leaseholds at the Airport and to change on a uniform basis the standards applicable to the maintenance, repair and replacement of the Leased Premises and New Improvements and Tenant shall comply with all such standards, as they may be so modified. Landlord shall not be liable to Tenant or its respective owners, shareholders, partners, directors, officers, employees, agents, representatives, contractors, predecessors, successors and assigns (individually, "Tenant Party" and collectively, "Tenant Parties") by reason of any destruction, damage or loss of property, injury or death of persons, or damage or injury to, or interference with the business or operations or any Tenant Party, or the use or occupancy of the Leased Premises, New Improvements, the Common Use Facilities or any other areas of the Airport by any Tenant Party, arising out of, resulting from or relating to the need for or the making of any repairs or alterations to or the construction of Improvements. Tenant shall paint the floors, interior walls and exterior walls and shall wash all interior and exterior windows in all buildings and other structures as often as may be required to keep the Leased Premises and New Improvements neat and attractive. Tenant shall screen and landscape all outside storage areas and service yards of the Leased Premises and New Improvements with fencing and landscaping approved by Landlord, and shall not allow any temporary structures or facilities on the Leased Premises or New Improvements, unless either (i) Tenant has obtained Landlord's prior written approval, which approval may be granted or withheld by Landlord in its sole and absolute discretion and, if such approval is granted, it shall be revocable at any time by Landlord, in its sole and absolute discretion, or (ii) such temporary structures or facilities are related to the construction of New Improvements and are in compliance with Landlord's rules and regulations governing such construction.

### 5.2. No Landlord Obligation: Tenant Waiver.

Landlord shall have no obligation to maintain or make any repairs or replacements to the Leased Premises or to the New Improvements. Tenant, for itself and its successors and assigns, hereby waives any and all rights provided in Section 1941 through Section 1942, inclusive, of the Civil Code of California and hereby waives, to the extent permissible, any rights under other Laws now or hereafter in effect which are contrary to the obligations of Tenant under this Lease, or which place obligations upon Landlord. Landlord shall not be liable to any Tenant Party for any injury to or interference with any Tenant Party or the business or operations or any Tenant Party or the use or occupancy of the Leased Premises, New Improvements or the Common Use Facilities or any other area of the Airport by any Tenant Party arising out of, resulting from or relating to the need for or performance or non-performance of any maintenance, repair or replacement.

### 5.3. Landlord Cure.

In the event Tenant fails to perform its obligations under this Section 5, Landlord may, at its option, after thirty (30) days' written notice to Tenant or immediately in the event of an emergency, enter upon the Leased Premises and put the same in good order, condition and repair and make any required replacement, and the cost thereof shall become due and payable, upon demand, by Tenant to Landlord as additional rent.

### 6.3.1.9. Failure to Complete. Project Milestones.

The parties acknowledge and understand that, effective December 22, 1998, the Laws relating to underground storage tanks shall require all existing underground storage tanks to comply with new more restrictive standards and requirements. The parties further acknowledge and understand that the existing underground storage tanks at the Airport currently providing Fuel Products to Landlord and the airlines, tenants and other users of the Airport do not comply with the more restrictive standards or requirements which shall be required by Law from and after December 22, 1998, and that the Fuel Facilities are being constructed by Tenant to replace the existing underground storage tanks at the Airport in order to avoid having to upgrade the existing underground storage tanks to comply with said Laws. Accordingly, the parties agree that the completion of each Project Milestone on or before the dates specified in Section 6.3.1 for said completion is a material provision of this Lease, and, in the event that Tenant fails to complete any Project Milestone on or before the date specified in Section 6.3.1 for said completion, in addition to any and all other rights and remedies of Landlord, (i) at Landlord's election, the term of this Lease shall terminate effective as of the date specified in Section 6.3.1 for completion of said Project Milestone, and (ii) Tenant shall pay to Landlord as liquidated damages the sum of Two Hundred Fifty Dollars ( $\$ 250$ ) for each day of delay in the completion of the Project Milestones described in Sections 6.3.1.1, 6.3.1.2, 6.3.1.3, 6.3.1.4, 6.3.1.5 and 6.3.1.6 and the sum of Five Thousand Dollars $(\$ 5,000)$ for each day of delay in the completion of the Project Milestone described in Section 6.3.1.7. The parties acknowledge and agree that Landlord's damages arising out of Tenant's failure to complete any Project Milestone described in Section 6.3 .1 would be impractical and extremely difficult to determine and that the amounts of liquidated damages described in (ii) above are reasonable estimates of Landlord's damages arising out of said failure.

### 6.4. Procedures for Approval and Construction of Improvements.

### 6.4.1. Landlord's Approval.

Without in each instance obtaining the prior written approval of Landlord in accordance with this Section 6.4, which approval may be granted or withheld in Landlord's sole and absolute discretion ("Landlord's Approval"), Tenant shall not (i) construct or install any Improvements or demolish any Improvements or (ii) make any modifications, alterations or additions to the Leased Premises or Improvements (all such demolition, construction, installation, modifications, alterations and additions, including the Required Improvements, are individually and collectively referred to in this Lease as "New Improvements"), and no work required in connection therewith shall commence, prior to receiving Landlord's Approval. Landlord may delegate all Landlord's Approvals required under this Section 6.4, including any determination of whether New Improvements are "Approved New Improvements" under Section 6.5, to the Airport Engineer, to one or more of Landlord's other staff members, or to an outside engineer or architect, or to any combination thereof, and approval or determination by any such delegatee shall be subject to the same standards of review and time requirements as imposed upon Landlord and shall be deemed to be Landlord's Approval or the determination of Landlord under this Section 6.4. Any Landlord's Approval under this Section 6.4 shall be evidenced by a "Certificate of Approval" signed by Landlord or its delegatee.

### 6.4.2. Review and Approval of Plans.

In order to expedite plan review and approval and to insure that the Required Improvements and any and all other New Improvements will be compatible with Airport uses, Tenant shall submit to Landlord for its approval a conceptual plan, construction plans and specifications and any proposed changes with respect to the Required Improvements and any and all other New Improvements. All conceptual plans, construction plans and specifications and proposed changes with respect to the Required Improvements and any and all other New Improvements shall be subject to Landlord's Approval and, when required by the Airport Engineer, shall be prepared, stamped and signed by a California licensed architect or engineer. Engineers shall be licensed for the particular discipline required. All changes to any plans and specifications for the Required Improvements or any other New Improvements previously receiving Landlord's Approval which are required by the City of Los Angeles to be submitted to the City for plan check or review in accordance with the City's building codes ("Material Plan Change") shall also concurrently be submitted to Landlord and shall require Landlord's Approval. Landlord shall have three (3) working days within which to review and to approve or disapprove the proposed Material Plan Change and, if Landlord fails to disapprove the Material Plan Change, then the Material Plan Change shall be deemed to have received Landlord's Approval. Upon Landlord's Approval, Landlord shall issue a Certificate of Approval for each Material Plan Change.

### 6.4.3. Conditions of Approval.

Landlord may impose, in conjunction with its review and approval of the Required Improvements and any other proposed New Improvements, such reasonable requirements as to the construction, installation or making of the Required

Improvements or any other New Improvements as Landlord determines, in the exercise of its reasonable judgement, including, without limitation, requirements as to the following: (i) the experience, qualifications, financial condition and other factors relating to the contractor; (ii) the time for the commencement and completion of the construction or installation of the Required Improvements or any other New Improvements; (iii) the type or quality of materials used in the construction or installation of the Required Improvements or any other New Improvements; (iv) the means or methods used in the construction or installation of the Required Improvements or any other New Improvements; (v) the design and the drawings, plans and specifications for the Required Improvements or any other New Improvements; and (vi) security for the payment and performance of the construction and installation of the New Improvements, including payment and performance bonds and/or letters of credit.

### 6.4.4. Entitlements and Permits.

No Required Improvements or any other New Improvements shall be constructed until Tenant shall have procured and paid for all permits, licenses, certificates, registrations, approvals and other authorizations relating to such New Improvements required by all Governmental Agencies.

### 6.4.5. Compliance with Policy on Tenant Improvements.

Prior to the commencement of the Required Improvements or any other New Improvements, Tenant shall comply with the rules and guidelines established by Landlord for such work pursuant to Landlord's policy on tenant improvements attached hereto as Exhibit $D$, as the same may be uniformly amended from time to time. If there is any conflict between the policy on tenant improvements and the provisions of this Lease, the provisions of this Lease shall apply.

### 6.4.6. Performance of Work.

All work done in connection with any New Improvements shall be done at Tenant's sole expense and with reasonable diligence, in a good and workmanlike manner, and in compliance with all applicable Laws. Landlord shall have the right to inspect and reject any work not done in accordance with the approved plans and specifications, including any changes permitted under Section 6.4.2, and Tenant shall immediately repair or remove such work in accordance with this Section. Any work in areas adjacent to active portions of the airfield, such as taxiways and runways, shall be scheduled and performed in a manner designed to avoid interference with aircraft operations. In the event that it becomes necessary to close or temporarily alter any part of the active areas of the airfield to accommodate any work by Tenant or its contractors, Tenant shall not perform such work without submitting a detailed work plan and schedule to Landlord, which Landlord shall have the right to approve, modify or disapprove in Landlord's sole and absolute discretion.

### 6.4.7. As Built Plans and Statement of Cost.

Within sixty (60) days following the completion of any New Improvements, Tenant shall furnish to Landlord a set of "as built" plans and specifications and, if the New Improvements are eligible to be Approved New Improvements, within one hundred
twenty (120) days following the completion of the New Improvements, Tenant shall furnish to Landlord a statement certified as accurate by Tenant of the actual direct out-of-pocket cost of the New Improvements, which may include architectural and engineering fees, permit fees, capitalized construction period interest and loan fees, and other "soft costs" approved by Landlord, together with any reasonable supporting documentation required by Landlord sufficient to verify such cost. In the event that any item of cost has not been finally determined or is in dispute at the end of the one hundred twenty (120) day period, Tenant shall include a statement to that effect as part of its certified statement and, when the item of cost is finally determined or the dispute resolved, Tenant shall furnish to Tenant a final certified statement. Except as provided in the preceding sentence, failure by Tenant to notify Landlord in writing of the cost of any such New Improvements within one hundred twenty (120) days after completion shall constitute Tenant's irrevocable waiver of any future right to receive payment of the Unamortized Cost of Approved New Improvements for such New Improvements and Landlord shall have no obligation or liability to make any payment to Tenant therefor under Section 2.2.2. Tenant shall not include in the cost of New Improvements any cost paid or reimbursed from the proceeds of insurance, condemnation awards or damages recovered from any party, or any settlement related thereto.

### 6.5. Approved New Improvements.

### 6.5.1. Eligible Improvements.

Upon completion by Tenant and compliance with the provisions of Section 6, the Required Improvements shall be "Approved New Improvements" hereunder. If any other New Improvements proposed to be made by Tenant add to or enlarge existing Improvements, upon Landlord's Approval, the New Improvements shall be "Approved New Improvements" hereunder. New Improvements made for the purpose of maintenance or repair of existing Improvements and New Improvements paid for with the proceeds of insurance, condemnation awards or recoveries of damages shall not be eligible to be Approved New Improvements; however, any New Improvements paid for partially by proceeds of insurance, condemnation awards or recoveries of damages and partially by Tenant's funds shall be Approved New Improvements to the extent of the portion paid for by Tenant's funds, except that New Improvements required to be paid for with Tenant's funds as a result of Tenant's failure to maintain insurance required to maintained by Tenant pursuant to Section 7 shall not be eligible to be Approved New Improvements.

### 6.5.2. Approval Procedure.

At the time Tenant requests Landlord's Approval of any New Improvements, Tenant shall specify whether the New Improvements or some eligible portion thereof are intended to be Approved New Improvements, failing which the New Improvements shall not be eligible to be Approved New Improvements. In the event that Landlord disagrees with Tenant's specification of any New Improvements as Approved New Improvements, Landlord shall notify Tenant in writing of its disagreement and shall state the reasons therefor. Tenant shall have the right to respond in writing to Landlord's notice and statement of reasons; however, after considering any response by Tenant, Landlord's determination of whether any New Improvements are Approved New Improvements shall be final and binding.

### 6.6. Payment for Work Performed.

Tenant shall pay, when due, all claims for labor, materials, equipment, supplies and services furnished or alleged to have been furnished to or for Tenant at or for use in the Leased Premises, New Improvements or any other areas of the Airport, including, without limitation, in connection with the construction, installation or making of any Improvements, which claims are or may be secured by any stop notice rights or by any lien against the Leased Premises, New Improvements or other areas of the Airport or any interest therein. Tenant shall have the right to contest the validity, applicability or amount of any such claims so long as Tenant establishes an adequate reserve for the disputed amount and, if the claimant asserts any stop notice rights or lien against Landlord, the Land, the Improvements, any other areas of the Airport, or any construction loan proceeds, Tenant, at Tenant's expense, within (10) days after any such stop notice or lien is asserted, shall provide and record a statutory bond sufficient to release any such stop notice or lien. Tenant shall deliver to Landlord written notice of its intent to commence construction or installation of any New Improvements at least fifteen (15) days prior to the commencement thereof, and Landlord shall have the right to post such notices of nonresponsibility as are provided for in the mechanics' lien Laws of California.

### 6.7. Indemnity.

Tenant shall defend, indemnify and hold harmless the Landlord Parties from and against any and all Claims arising out of, resulting from or relating to any and all New Improvements constructed, installed or made by Tenant pursuant to this Section 6, whether such Claims are based upon the preparation by or for Landlord or the review or approval by Landlord of any plans or specifications or otherwise. Without limiting the generality of the foregoing, Tenant accepts full and complete responsibility for the design, construction, installation and operation of all of the Required Improvements and all other New Improvements and the preparation of all plans and specifications relating thereto, and Landlord shall not have any liability or responsibility for the same, including, without limitation, any errors, omissions or defects in any of the plans or specifications for the Required Improvements or any other New Improvements, notwithstanding the fact that any plans or specifications prepared by or for Landlord may have been used or incorporated in any said plans or specifications or Landlord may have approved any said plans or specifications.

### 6.8. Landlord's Property.

Except for personal property and trade fixtures of Tenant not permanently affixed to the Leased Premises, upon the expiration or earlier termination of this Lease, all New Improvements made by or on behalf of Tenant pursuant to this Section 6, shall become Landlord's property and shall be surrendered with the Leased Premises, unless Landlord shall elect otherwise not less than thirty (30) days prior to the expiration, or not more than ten (10) days after any other termination, of this Lease; provided, however, that Landlord shall not be entitled to make such election in the event that this Lease is terminated pursuant to Section 2.2. In the event of such election, New Improvements made by or on behalf of Tenant in the Leased Premises, as Landlord may select, shall be removed by Tenant, at its sole cost and expense, at or prior to the expiration or immediately following termination of this Lease, and Tenant shall repair any and all damages caused by said removal.
7. INSURANCE INDEMNITY AND EXCULPATION.

### 7.1. Qbligation to Maintain Insurance.

At all times during the term of this Lease and at its sole cost and expense, Tenant shall maintain in effect the insurance coverages and limits of liability as provided in this Section 7 ("Required Insurance"). In the event that Tenant fails to maintain any of the Required Insurance, Landlord shall have the right, but not the obligation, to obtain some or all of the Required Insurance. In addition, Landlord, at Landlord's election, exercised by delivery to Tenant of written notice thereof, shall have the right to maintain some or all of the Required Insurance, provided that the cost to Tenant of insurance maintained by Landlord does not exceed the cost of such insurance provided by Tenant. In the event Landlord elects to maintain some or all of the Required Insurance, either because of Tenant's failure to provide Required Insurance or Landlord's election to provide some or all of the Required Insurance, Tenant shall pay to Landlord, as additional rent hereunder, its proportionate share of the premiums for all Required Insurance maintained by Landlord within ten (10) days following the delivery to Tenant of each written statement setting forth the amount of said premiums and the applicable premium period.

### 7.2. Liability and Workers' Compensation Coverages.

Tenant shall maintain in effect insurance protecting Tenant and each "Landlord Insured Party" (as hereinafter defined) from and against claims arising out of, resulting from or relating to the use or occupancy of the Leased Premises and New Improvements or the conduct of Tenant's business upon the Leased Premises or New Improvements, as follows:

### 7.2.1. Commercial General Liability Insurance.

The commercial general liability insurance shall cover premises/operations, explosion, collapse and underground hazard, broad form contractual, products/completed operations, independent contractors, broad form property damage, and personal injury, and shall not contain an XCU or similar exclusion with respect to underground work. The limits of liability for the hazardous materials and pollution coverage, including the coverage for transportation and hauling of hazardous materials, under the commercial general liability insurance shall be dedicated solely to this Lease and the construction, maintenance, management and operation of the Fuel Facilities and shall not be available for claims arising out of any other contract, agreement, lease, project, services or work of Tenant.

Tenant shall maintain in effect insurance protecting Tenant and Landlord, as their respective interests may appear, from and against claims arising out of damage or destruction to property as follows:

### 7.3.1. All Risk Property Insurance.

All risk of direct physical loss or damage property insurance (including builder's risk or course of construction during the period of construction of New Improvements, including earthquake and flood hazard, or if Landlord is maintaining said insurance, subject to Tenant's obligation to pay its proportionate share of the premiums for said insurance as provided in Section 7.1), included within the classification of "All Risk Property," covering all structures and other Improvements located upon the Land, including Landlord's interest therein, in an amount equal to the full replacement value of said structures and other Improvements. The policy shall not contain any co-insurance restriction and shall be valued on a replacement cost/agreed amount basis. Except as otherwise provided in Section 8, the proceeds of such insurance shall be used to repair or replace the insured property and Landlord shall be named as a loss payee in any and all of said policies.

### 7.3.2. Personal Property Insurance.

Property insurance written on an all risk of direct physical loss basis, including earthquake and flood hazard covering Tenant's fixtures, personal property and equipment located on the Leased Premises and New Improvements, in an amount not less than one hundred percent ( $100 \%$ ) of their replacement value. Except as otherwise provided in Section 8 , the proceeds of such insurance shall be used to repair or replace the insured property.

### 7.4. Adjustment of Required Insurance.

Tenant understands and agrees that the types and amounts of Required Insurance may become inadequate during the term of this Lease, and Tenant agrees that it shall add such insurance or coverages and increase such minimum limits of liability by such amounts as may be reasonably required at any time and from time to time by Landlord.

### 7.5. Self-Insured Retention.

In no event shall the deductible or self-insured retention for any of the insurance policies described in this Section 7 exceed the amount of One Hundred Thousand Dollars $(\$ 100,000)$ except that the deductible or self-insured retention for the earthquake insurance shall not exceed five percent (5\%) of the total replacement cost values.

### 7.6. Policy Requirements.

Each policy of Required Insurance shall be obtained from an insurance company, or pool of multiple insurance companies, each authorized to conduct business in California and having a rating of not less than A-X in A.M. Best's Insurance Guide and/or otherwise acceptable to Landlord. Within ten (10) days after the acceptance of this Lease by Landlord, Tenant shall deliver to Landlord certificates of insurance issued by the insurance companies or their agents and evidencing that all Required Insurance has been obtained and is being maintained by Tenant, together with copies of endorsements (i) requiring the insurers to give to Landlord at least thirty (30) days' prior written notice of the cancellation or non-renewal of some or all of the Required Insurance, (ii) with respect to the general liability, automobile liability and employer's liability insurance, naming (a) Tenant and its owners, shareholders, partners, directors and employees as a named insured and (b) Landlord, the Airport Manager, the Cities of Burbank, Glendale and Pasadena and the Commissioners of Landlord ("Landlord Insured Parties") as additional insureds, (iii) with respect to the "all risk" property insurance naming Landlord as a loss payee; and (iv) with respect to the general liability, automobile liability and employer's liability insurance, including a severability of interest provision. The failure of Tenant to provide said certificates of insurance, together with said endorsements, within fifteen (15) business days after the delivery to Tenant of a written request therefor, or, if a notice of cancellation or non-renewal of any Required Insurance has been delivered to Tenant, the failure of Tenant to replace the Required Insurance which is the subject matter of such notice of cancellation or non-renewal prior to the effectiveness of such cancellation or non-renewal, shall in either case constitute an Event of Default under Section 12.1.8. All Required Insurance shall be primary insurance without right of contribution of any other insurance carried by or on behalf of any Landlord Insured Party and all policies shall be endorsed to this effect. In no event shall any Landlord Insured Party be responsible or liable for the payment of any premiums for the insurance required to be obtained and maintained by Tenant pursuant to this Section 7.

### 7.7. No Limitation of Liability.

Tenant acknowledges and agrees that the limits of liability provided in the Required Insurance shall in no event be considered as limiting the liability of Tenant under this Lease.

### 7.8. Waivers of Subrogation Rights.

All policies of Required Insurance, except workers' compensation insurance, shall include, or be endorsed to provide, a waiver by the insurers of any rights of subrogation that the insurers may have at any time against any Landlord Insured Party.

If Tenant agrees to terminate this Lease, all insurance proceeds payable on account of the damage or destruction to the New Improvements shall be paid to Tenant up to but not exceeding the amount payable to Tenant pursuant to Section 2.2.4 following an early termination of this Lease. The balance of the insurance proceeds shall be paid to Landlord and Tenant shall have no obligation to repair, restore, or reconstruct any part of the Leased Premises or New Improvements. If Landlord does not deliver to Tenant a Landlord's Termination Request or if Tenant fails to respond timely or agrees not to terminate this Lease in response to Landlord's Termination Request, Tenant shall promptly repair and reconstruct the damaged or destroyed portions of the Leased Premises and New Improvements using insurance proceeds available either to Landlord or Tenant and its own funds for any amounts in excess of such insurance proceeds for such repair and reconstruction and this Lease shall continue in full force and effect.

In the event the Leased Premises or New Improvements are destroyed or damaged and, unless this Lease is terminated pursuant to Sections 8.2 or 8.3, Tenant shall continue the operation of its business in the Leased Premises and New Improvements to the extent reasonably practicable from the standpoint of prudent business management. Tenant shall

### 10.1. Entire or Substantial Taking.

In the event the entire Leased Premises and New Improvements, or such portion thereof as to make the balance not reasonably adequate for the conduct of Tenant's business, as determined by Tenant in the exercise of its reasonable judgment shall be taken under the power of eminent domain, this Lease shall automatically terminate as of the date of the vesting of title to all or such portion of the Leased Premises and New Improvements in such condemning entity. The termination of this Lease as to all or a portion of the Leased Premises and New Improvements by Landlord pursuant to any right of Landlord to do so set forth in this Lease, including, without limitation, under Sections 2.2.1 or 2.2.3 or after an uncured Event of Default under Section 12, shall not be a taking under this Section 10.

### 10.2. Partial Taking.

In the event of any taking under the power of eminent domain which does not result in a termination of this Lease pursuant to Section 10.1, the Annual Base Rent payable hereunder shall be reduced, effective as of the earlier of the date on which the condemnor obtains a right of possession of any portion of the Leased Premises or the date on which title vests with the condemning entity, by an amount calculated in the manner described in Section 2.2.2.1. Tenant, at its expense with respect to New Improvements and at Landlord's expense with respect to the Leased Premises, shall promptly restore the remaining portion of the Leased Premises and New Improvements to the condition existing immediately prior to such condemnation to the extent reasonably possible, and this Lease shall continue in full force and effect as to such remaining portion; provided, however, if the taking occurs during the last five (5) years of the term of this Lease, at Tenant's option, exercised by written notice to Landlord, Tenant shall have the right to terminate this Lease.

### 10.3. Awards.

Except as provided below, any award or settlement proceeds for any taking under the power of eminent domain of all or any part of the Leased Premises shall be the property of Landlord, whether such award or payment shall be made as compensation for diminution in value of the leasehold or for the taking of the fee, and any award or settlement proceeds for any taking of all or any part of the New Improvements shall be the property of Tenant. Nothing contained herein, however, shall be deemed to preclude Tenant from obtaining, or to give Landlord any interest in, any award to Tenant for loss of or damage to Tenant's possessory interest in the Leased Premises, the New Improvements, trade fixtures and removable personal property or damages for cessation or interruption of Tenant's business; provided, however, that in determining the value of Tenant's business, all goodwill attributable to the location of Tenant's business shall belong to Landlord and any allocation of an award to Tenant representing compensation for diminution in the value of Tenant's business shall be based solely upon its historical operating results and any balance shall be paid to Landlord.

### 10.4. Sale Under Threat of Condemnation.

A sale by Landlord to any entity having the power of eminent domain, either under threat of condemnation or while condemnation proceedings are pending, shall be deemed a taking under the power of eminent domain for all purposes of this Section.

### 10.5. Condemnation by Landlord.

Nothing in this Lease (including, without limitation, Sections 2.2.1 or 2.2.3) shall impair, limit or otherwise affect the power of eminent domain of Landlord or the exercise of such power by Landlord or the obligation of Landlord to pay just compensation, should Landlord exercise its power of eminent domain with respect to the Leased Premises or the New Improvements.

Tenant shall execute and deliver to Landlord or any other party requiring confirmation of such subordination, within ten (10) calendar days following receipt of a request for such confirmation, any and all documents which may be required to effectuate such subordination. Tenant further agrees that this Lease shall be amended, altered or modified in accordance with the reasonable requirements of a Senior Lienholder, so long as such amendment, alteration or modification does not alter the rights or duties of Tenant under this Lease and that Tenant's written consent to any such amendment, alteration or modification shall not be unreasonably withheld or delayed. Tenant shall give prompt written notice to each Senior Lienholder, of which Tenant has written notice, of any default of Landlord, and Tenant shall allow such Senior Lienholder a reasonable length of time (in any event, not less than thirty (30) days from the date of such notice) in which to cure such default.

### 11.2. Attomment.

Subject to the terms of any nondisturbance agreement between Tenant and a Senior Lienholder, in the event that any Senior Lien is foreclosed, Tenant, with and at the election of the purchaser or, if there is no purchaser, with and at the election of the holder of the fee title to the Leased Premises and New Improvements, agrees to (i) enter into a new Lease covering the Leased Premises and the New Improvements for the remainder of the term of this Lease, on the same provisions herein provided or (ii) attorn to the purchaser and recognize the purchaser as Landlord under this Lease, provided such purchaser agrees to assume in writing all obligations of Landlord under this Lease.

bankruptcy, reorganization, arrangement, composition, liquidation, dissolution or other relief for debtors; unless, in the case of an involuntary petition filed against Tenant to have Tenant adjudged a bankrupt or for reorganization or arrangement, the petition is dismissed within ninety (90) days. The appointment of a trustee or conservator of the person or estate of an individual Tenant, or in aid of the voluntary winding up, dissolution and liquidation of a partnership or corporate Tenant, shall not constitute an Event of Default hereunder.

### 12.1.2. Attachment. Execution or Other Levy.

Any attachment, execution, distraint, judicial seizure, or other process of law pursuant to which Tenant's interest or estate in the Leased Premises, the New Improvements or this Lease may be taken, occupied or used by anyone other than Tenant, when such attachment, execution, distraint, judicial seizure or other process of law shall not be released, dismissed or stayed within ninety (90) days.

### 12.1.8. Failure to Maintain Insurance.

Any cancellation or lapse of insurance policies providing coverage required to be provided by Tenant pursuant to Section 7, unless Landlord has elected to obtain such insurance pursuant to Section 7.1, or any other failure by Tenant to comply with the provisions of Section 7, where such other failure to comply continues for ten (10) days following

Tenant's receipt of written notice from Landlord that Tenant has not complied with the provisions of Section 7.

### 12.1.9. Other Defaults; Failure to Cure.

The default, breach or non-performance of any covenant or provision of this Lease not otherwise described in Sections 12.1.1 through 12.1.8, where Tenant fails to cure such default, breach or non-performance within thirty (30) days after the delivery to Tenant of written notice of such default, breach or non-performance (or, in the case of a default, breach or non-performance which reasonably requires more than thirty (30) days to cure, where Tenant fails to commence such cure within said thirty (30) days or thereafter fails diligently to prosecute the same to completion).

### 12.2. Remedies.

Upon the occurrence of any Event of Default, Landlord, at its option and election, and without further demand or notice, shall have all of the following rights and remedies:

### 12.2.1. Termination of Lease.

Landlord shall have the right to declare this Lease, including Tenant's leasehold estate, terminated. Upon termination of this Lease prior to the expiration of its term, Tenant's ownership of the New Improvements shall end automatically and Landlord shall succeed to ownership of the New Improvements free and clear of all liens or encumbrances upon Tenant's leasehold estate, the Leased Premises or upon the New Improvements. Landlord shall have the right to re-enter the Leased Premises and the New Improvements to remove and eject all persons therefrom, to take possession thereof, and to use and enjoy the Leased Premises and the New Improvements and Landlord shall have all of the rights and remedies of a landlord provided in Section 1951.2 of the California Civil Code, which Section is incorporated herein by this reference as though set forth in full. In computing Landlord's damages pursuant to Sections 1951.2(1) and (2) of the Civil Code, the "worth at the time of award" shall be computed by allowing interest at a rate of ten percent ( $10 \%$ ) per annum. The amount of damages which Landlord may recover in the event of such termination shall include the worth at the time of the award of the amount by which the unpaid amounts required to be paid by Tenant pursuant to Section 3, including, without limitation, Annual Base Rent, for the balance of the term after the time of award exceeds the amount of such losses that Tenant proves could be reasonably avoided, computed in accordance with Civil Code Section 1951.2(4)(b), plus reasonable attomeys' fees and leasing commissions. In the event that Landlord may have lawfully reentered the Leased Premises and the New Improvements after an Event of Default hereunder without having declared this Lease terminated, Landlord shall have the right at any time thereafter to
elect to terminate this Lease and all of the rights and remedies of Tenant in and to the Leased Premises and the New Improvements as provided in this Section 12.2.

### 12.2.2. Continuation of Lease without Termination.

Landiord has the remedy described in California Civil Code, Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover rent as it becomes due, if lessee has right to assign, subject only to reasonable limitations). In this regard, Landlord shall have the right to continue this Lease and to maintain Tenant's right to possession of the Leased Premises and the New Improvements, whether or not Tenant shall have breached this Lease and/or abandoned the Leased Premises and the New Improvements. In such event this Lease shall continue in effect for so long as Landlord chooses not to terminate Tenant's right of possession and Landlord shall be entitled to enforce all of Landlord's rights and remedies under this Lease, including the right to collect and receive Annual Base Rent and any and all other amounts payable by Tenant to Landlord under this Lease as the same shall come due.

### 12.3. Waiver of Claims.

Tenant hereby waives all claims and demands against Landlord for damages or loss arising out of or in connection with any lawful exercise by Landlord of any one or more of its rights and remedies under this Section 12.

### 12.4. Waiver of Rights of Redemption.

In the event of the lawful exercise by Landlord of any one or more of its rights and remedies under Section 12.2, Tenant hereby expressly waives any and all rights of redemption or relief from forfeiture under California Code of Civil Procedure Section 1174 or 1179 , or granted by or under any present or future Laws, and further releases Landlord, from any and all claims, demands and liabilities by reason of such lawful exercise by Landlord.

### 12.5. Cumulative Remedies.

The various rights, options, elections, powers and remedies reserved to Landlord herein shall be cumulative, and, except as otherwise provided by Law, Landlord may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the other or of any right or priority allowed by Law or in equity. No delay or omission of Landlord to exercise any right or remedy shall be construed as a waiver of any such right or remedy or waiver of any Event of Default. In addition to the foregoing, Landlord may exercise any other remedy now or hereafter available to a landlord against a defaulting tenant under the Laws of the State of Califormia.

### 12.6. Performance of Tenant's Covenants by Landlord.

In the event that Tenant at any time fails to make any payment or perform any other act under this Lease, and such failure continues for the applicable cure period specified herein, or if no cure period is specified herein, for at least five (5) business days after written notice thereof is delivered to Tenant (but only prior oral notice shall be required in an
emergency), Landlord shall have the right, but not the obligation, immediately or at any time thereafter, without further notice or demand and without waiving any right or releasing Tenant from any obligation to Landlord, to make such payment or perform such other act for the account of Tenant, to the extent Landlord may deem desirable. In connection therewith, Landlord may pay reasonable expenses and employ counsel in instituting, prosecuting or defending any action or proceeding under this Lease. All sums so paid by Landlord and all expenses incurred in connection therewith, together with interest thereon at the annual rate specified in Section 3.5 shall be deemed additional rent hereunder and shall be payable to Landlord on demand. In the event such additional amounts remain unpaid within ten (10) days following the delivery to Tenant of a written demand therefor, Landlord shall have the same rights and remedies as for the nonpayment of rent.

### 12.7. Excuse of Performance by Landlord.

Landlord shall be under no obligation to observe or perform any covenant of this Lease on its part to be observed or performed for the benefit of Tenant, which accrues after the date of any Event of Default by Tenant, unless and until such Event of Default is cured by Tenant or waived by Landlord.

### 12.8. Determination of Rental Amount.

For purposes of this Section 12, the amounts due for each calendar month after termination of this Lease by Landlord pursuant to Section 12.2, shall be deemed to be the Annual Base Rent divided by twelve (12), any and all other amounts due under Section 3, and any and all other amounts due to Landlord under any other provision of this Lease.

### 12.9. Default by Landlord.

Landlord shall not be deemed to be in default in the performance of any obligation required to be performed by it hereunder unless and until it has failed to perform such obligation for thirty (30) days following the delivery by Tenant to Landlord of written notice specifying the obligation Landlord has failed to perform; provided, however, in the event that the nature of Landlord's obligation is such that more than thirty (30) days are required for its performance, Landlord shall not be deemed to be in default if it shall commence such performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion.

## 13. SURRENDER AT END OF TERM.

Upon the expiration or other termination of this Lease, subject to Section 6.8, ownership of the New Improvements shall pass automatically to Landlord and Tenant shall quit and surrender the Leased Premises and the New Improvements to Landlord, broom clean and in good order and condition, ordinary wear and tear, casualty and damage by the elements excepted, and, except as otherwise provided in this Lease, Tenant shall remove all of its personal property and shall promptly repair any damages to the Leased Premises and New Improvements caused by such removal. Tenant's obligation to perform this covenant shall survive the expiration or other termination of this Lease. Upon the expiration or termination of this Lease,
subject to Section 6.8, Tenant hereby assigns, transfers and conveys to Landlord all of Tenant's right, title and interest in and to (i) the New Improvements, (ii) any and al! architectural or engineering plans, drawings, and specifications, geotechnical studies and plans, permits and entitlements relating to the construction of New Improvements or facilities on the Leased Premises, in whatever form, including, without limitation, paper, microfilm, microfiche, computer files and other electronic media; and (iii) any and all guaranties, warranties and indemnities of architect, engineers, contractors, subcontractors and suppliers furnishing labor, materials, equipment and services in connection with the New Improvements, and Tenant shall execute and deliver to Landlord any and all quitclaim deeds and other documents required by Landlord to provide for said assignment, transfer and conveyance and Tenant shall include or cause to be included in all contracts, agreements and subcontracts with architects, engineers, contractors, subcontractors and suppliers furnishing labor, materials, equipment and services in connection with the New Improvements a written acknowledgment and consent to this assignment, transfer and conveyance.

## 14. HOLDOVER BY TENANT.

In the event that Tenant shall holdover in the Leased Premises and New Improvements after the expiration or termination of the term hereof, with the consent of Landlord, such holdover, in the absence of a written agreement on the subject executed by both parties, shall be deemed to have created a month to month tenancy with respect to the Leased Premises and New Improvements, terminable on thirty (30) days' written notice by either party to the other party. Such holdover tenancy otherwise shall be subject to the same provisions as contained in this Lease, unless the parties execute a written agreement modifying any of the terms hereof applicable to such holdover tenancy; provided, however, that the monthly installments of Annual Base Rent during such holdover tenancy shall be equal to one hundred fifty percent ( $150 \%$ ) of the monthly installment of Annual Base Rent in effect immediately prior to the Expiration Date or termination date. The Annual Base Rent, as adjusted pursuant to this Section, shall be subject during the term of the holdover tenancy to any and all other adjustments to Annual Base Rent provided for in this Lease.

## 15. COMMON USE EACILITIES.

### 15.1. Common Use Facilities.

As an appurtenance to Tenant's leasehold estate in the Land and in conjunction with Tenant's use of the Leased Premises and New Improvements, Tenant is hereby granted, for itself and for the benefit of its invitees and assigns, the non-exclusive right, at any time and from time to time, to enter upon or make customary and reasonable use of such areas of the Airport as Landlord may from time to time make available or designate as "Common Use Facilities" (collectively, the "Common Use Facilities"). Tenant's rights hereunder shall be in common with Landlord and with other persons authorized by Landlord from time to time to use the Common Use Facilities, including members of the general public, and shall be exercised by Tenant and its invitees and assigns subject to all applicable Laws and to the uniform rules and procedures adopted by Landlord from time to time governing the use of the Airport and the Common Use Facilities.

### 15.2. Reservation of Right to Make Changes.

Landlord reserves the right, in its sole and absolute discretion, to make changes, at any time and from time to time, in the size, shape, location, number and extent of the Common Use Facilities and specifically further reserves the right to designate portions of the Common Use Facilities for the exclusive or non-exclusive use of certain tenants, licensees, concessionaires and other vendors or users of the Airport.

### 15.3. Passenger Terminal Facilities Excluded.

As used herein, the terms Common Use Facilities do not include any public passenger terminal facilities, holdroom space or baggage claim space within the Airport. Tenant is not granted any rights under this Lease to use said passenger terminal facilities, holdroom space or baggage claim space, whether on a non-exclusive basis or otherwise.

### 16.2. Fire and Security.

Landlord is not obligated to Tenant to furnish any fire fighting services or security services to the Leased Premises or New Improvements, the Common Use Facilities or
other areas of the Airport. Tenant acknowledges that the Leased Premises, New Improvements, the Common Use Facilities and other areas of the Airport are within the municipal service areas of the City of Burbank and/or the City of Los Angeles.

### 16.3. Payment for Requested Services.

In the event that, at the written request of Tenant, Landlord provides any services with respect to the Leased Premises, New Improvements, the Common Use Facilities or other areas of the Airport, including, but not limited to, security, janitorial, maintenance or repair service, which Landlord is not obligated to do, Tenant shall pay its proportionate share, determined by Landlord, in its sole and absolute discretion, of all charges therefor within ten (10) days following receipt of a statement for said requested services.

## 17. QUIET ENJOYMENT.

Upon paying the amounts payable by Tenant and observing and performing all the provisions on Tenant's part to be observed and performed pursuant to this Lease, Tenant may peaceably and quietly enjoy the Leased Premises, subject, nevertheless, to the provisions of this Lease and to any Senior Liens, to which this Lease and the rights of Tenant are subordinate and to the terms of any nondisturbance agreements between Tenant and the holders of such Senior Liens.

## 18. TRANSFER OF LANDLORD'S INTEREST.

In the event of any transfer of Landlord's interest in the Leased Premises and New Improvements, the transferor automatically shall be relieved of any and all obligations and liabilities accruing from and after the date of such transfer, but shall not be released from any obligations or liabilities accruing prior to the date of such transfer.

## 19. RULES AND REGULATIONS OF LANDLORD.

Tenant shall comply with all uniform rules and regulations adopted by Landlord at a noticed public meeting for use of the Leased Premises and New Improvements, and the other areas of the Airport, including the Common Use Facilities, as the same may be amended from time to time by Landlord. Landlord shall provide Tenant with a copy of all such rules and regulations and any and all amendments thereto. Landlord shall not be responsible to Tenant for the nonperformance of any other Tenant or occupant of the Airport of any of said rules and regulations.
20. TOXIC MATERIALS AND REMEDIATION OF CONTAMINATION.

Tenant shall perform the obligations, duties and covenants set forth in this Section 20.

### 20.1. Use Prohibited Without Consent.

Tenant shall not cause or permit any Toxic Materials (as defined in Section 20.16.3) to be brought onto, stored, used, generated, recycled, or disposed of (collectively "Use of Toxic Materials") in, on, under or about the Leased Premises or the New Improvements by any Tenant Party or any of their respective licensees, permittees or invitees, without the prior written consent of Landlord, which Landlord shall not unreasonably withhold, condition or delay so long as Tenant demonstrates to Landlord's reasonable satisfaction that such Toxic Materials, and the quantities thereof, are necessary or useful to the Tenant Party's business and that the Tenant Party's use of such Toxic Materials shall be in compliance with all Environmental Laws. Tenant shall demonstrate that such Toxic Materials are necessary or useful by submitting information to Landlord in accordance with Section 20.3. Landlord hereby approves Tenant's storing and dispensing Fuel Products from the Fuel Facilities in the ordinary course of operation of the Fuel Facilities, including, without limitation, in compliance with the provisions of this Section 20.

### 20.2. Compliance with Environmental Laws.

Except with respect to the Existing Contamination, Tenant shall cause each Tenant Party to comply, at Tenant's or such Tenant Party's sole cost, with all Environmental Laws applicable to all Toxic Materials and to the lawful conduct of the Tenant Party's business to the extent performed on or about the Leased Premises and New Improvements. It shall be the sole obligation of each Tenant Party to obtain any permits and approvals required for the operation of the Tenant Party's business pursuant to the Environmental Laws, including, but not limited to, storage tanks. To the extent such action is necessary because of any Tenant's Contamination (as defined in Section 20.16.1), Tenant shall or shall cause any responsible Tenant Party to investigate the site conditions and perform to completion, in the manner provided in Section 20.6, any and all investigation, clean-up, remediation, removal or restoration work: (i) necessary to bring the Leased Premises and New Improvements into compliance with the Environmental Laws; (ii) necessary to bring any other real property into compliance with the Environmental Laws in the event of any migration of Toxic Materials from the Leased Premises or New Improvements to such other real property; (iii) necessary to maintain the Leased Premises and New Improvements in compliance with the Environmental Laws; or (iv) required by any Governmental Agency or political subdivision at any time during or after the term of this Lease; or (v) necessary to restore the condition of the Leased Premises and New Improvements to a level below regulatory action levels. The obligations of Tenant under this Section shall survive the termination of this Lease.
20.3. Disclosure.

Prior to or upon the Commencement Date, and prior to the end of January during each Annual Period, Tenant shall submit to Landlord the following documents: (i) an inventory or list of all compounds or products that contain Toxic Materials which were used, stored or disposed of by each Tenant Party on or about the Leased Premises or the New Improvements during the prior year, (ii) all Material Safety Data Sheets for said compounds or products containing Toxic Materials, (iii) an estimate of the quantity or volume of such products or compounds used, stored or disposed of on or about the Leased Premises or New

Improvements during the prior year, and (iv) copies of all hazardous waste manifests for wastes generated on the Leased Premises and New Improvements and sent offsite for treatment, storage, disposal or recycling.

### 20.4. Business Plan.

If any Tenant Party's business conducted or to be conducted in, on, under or about the Leased Premises and New Improvements requires the establishment and implementation of a business plan pursuant to California Health and Safety Code Sections 25500 et seq., concerning the handling of hazardous materials, Tenant shall immediately give written notification to Landlord that the Tenant Party's business is subject to the business plan requirement of such Code and that the business is in compliance with such Code. A copy of the plan shall be delivered to Landlord with such notification.

### 20.5. Tenant's Indemnity.

Tenant shall be solely responsible for and shall defend, indemnify and hold harmless the Landlord Parties, from and against any and all Liabilities (as defined in Section 20.16.4) arising out of, resulting from or caused by the Use of Toxic Materials on the Leased Premises or New Improvements, or the presence of Toxic Materials in the soil, subsoil, or groundwater located in, on or under the Leased Premises or New Improvements, or the effect of Toxic Materials migrating to other real property from the Leased Premises or New Improvements, but only to the extent that the Liabilities are the result of or caused by to Tenant's Contamination. The indemnification by Tenant under this Section 20.5 shall survive the termination of this Lease.

### 20.6. Cleanup.

### 20.6.1. Tenant's Contamination.

Tenant shall take any and all action which any Governmental Agency lawfully requires to be taken to investigate, clean-up, remediate or remove Tenant's Contamination (the "Necessary Action"). In addition to any notification to Landlord required by Section 20.7, Tenant shall promptly furnish Landlord with a copy of all correspondence between any Tenant Party or its environmental consultants and each involved Governmental Agency conceming the Necessary Action. On or before ten (10) business days prior to any Tenant Party's submittal of any work plans or descriptions of the Necessary Action to each involved Governmental Agency, Tenant shall furnish Landlord with a draft copy of said document for Landlord's review and comment. Landlord shall have the right to submit written comments on all aspects of the work plan to any Tenant Party and to each involved Governmental Agency, including without limitation, comments on the remediation methodology and appropriateness of clean-up levels. Tenant shall provide Landlord with written notice of all meetings with Agencies concerning the Necessary Action, which notices shall be provided where possible ten (10) business days in advance of the meeting. Landlord and its consultants shall have the right to attend and participate actively in all meetings with Agencies concerning the Necessary Action. Except in the case of an emergency, no Necessary Action shall be commenced without (i) written approval by the lead Governmental Agency, if one exists, or by all Agencies having and
asserting jurisdiction over the Necessary Action and (ii) where practical, ten (10) business days written notice to Landlord. Landlord shall have the right to have a representative present on the Leased Premises or New Improvements at all times during the implementation of the Necessary Action by any Tenant Party. Tenant agrees that the Necessary Action will be supervised by and certified by a registered professional engineer. Tenant hereby releases the Landlord Parties from responsibility for, and indemnifies the Landlord Parties (with counsel approved by the Landlord Parties) against any Liability in connection with the Necessary Action, except to the extent caused by the gross negligence or willful misconduct of Landlord. If any Tenant Party fails to take the Necessary Action on a timely basis, Landlord may, but shall not be obligated to, take the Necessary Action and in such event, all costs incurred by Landlord with respect thereto shall be for the account of Tenant and recoverable as additional rent hereunder.

### 20.6.2. Existing Contamination.

Landlord shall take, or shall cause any person legally obligated to take, any and all action which any Governmental Agency lawfully requires to be taken to investigate, clean-up, remediate or remove Existing Contamination. All provisions of Section 20.6.1 which apply to a Necessary Action by Tenant shall apply to action required to be taken by Landlord in connection with Existing Contamination. In the event that (i) Existing Contamination is discovered during the construction of the Required Improvements, and (ii) Tenant delivers written notice of the discovery of Existing Contamination to Landlord within forty-eight (48) hours following the discovery thereof, and (iii) any Necessary Action required by a Governmental Agency results in either a "Cessation of Construction Activity" or a "Delay in Construction Completion," Annual Base Rent shall be abated (a) ratably in proportion to the percentage of Required Improvements as to which there is either a Cessation of Construction Activity or a Delay in Construction Completion and (b) for the number of normal working days, excluding weekends and holidays, of continuous Cessation of Construction Activity or Delay in Construction Completion. In either case, the abatement of Annual Base Rent shall occur during a continuous period specified by Tenant following completion of construction of Required Improvements, and not during the period of Cessation of Construction Activity or Delay in Construction Completion. As used herein, the term "Cessation of Construction Activity" shall mean the complete cessation of construction of all or a material portion of the Required Improvements caused solely by the Necessary Action required by a Governmental Agency, which was not caused by Tenant or by any Tenant Party, and the term "Delay in Construction Completion" shall mean the period of time, measured in normal working days and excluding weekends and holidays, during which completion of construction of the Required Improvements is delayed solely by the Necessary Action required by a Governmental Agency, which was not caused by Tenant or by any Tenant Party. Landlord's sole obligation and liability arising out of the discovery or presence of Existing Contamination shall be as set forth in the first three sentences of this Section 20.6.2, irrespective of the theory of liability or the facts supporting any such theory. Tenant hereby assumes the risk of, waives, releases and forever discharges the Landlord Parties from and against, and covenants not to bring any action or proceeding against the Landlord Parties as a result of, any delay in construction, prevention of construction, increase in the cost of New Improvements, loss or adverse effects upon Tenant's financing, loss of rental income, diminution in the value of the Leased Premises or New Improvements, or any and all other Claims arising out of or resulting from the discovery or presence of Existing Contamination on, in, under or about the Leased Premises or New Improvements.

### 20.7. Notice.

If any Tenant Party is required by any Law to give notice to any Governmental Agency about any Contamination, Tenant shall immediately give the Landlord's Director of Airport Operations the same notice by telephone at (818) $840-8840$, which shall be confirmed by written notice not later than the next business day. This obligation to notify Landlord shall also extend to any personal injuries or property damage to third parties resulting directly or indirectly from said Contamination. If Tenant becomes aware of the presence of or use of any Toxic Materials not authorized in accordance with the terms of this Lease, or of any Contamination not subject to the notification provisions of the first sentence of this Section 20.7, Tenant shall immediately give written notice of such condition to Landlord to the extent required by Califomia Health and Safety Code Section 25359.7.

### 20.8. Storage and Use of Toxic Materials.

Any and all Toxic Materials permitted in, on, under or about the Leased Premises and New Improvements pursuant to this Lease shall be stored and used in strict compliance with all Environmental Laws. There shall be no ponding or uncovered surface storage whatsoever of Toxic Materials in, on or about the Leased Premises and New Improvements. Except for the Required Improvements comprising storage tanks required to be constructed and installed by Tenant pursuant to Section 6.2 and the other provisions of this Lease, no storage tanks shall be constructed, installed or used without Landlord's prior written consent, which consent may be withheld by Landlord in its absolute discretion. If Tenant is not in substantial compliance with Environmental Laws concerning storage tanks or has failed to take Necessary Action when required to do so under Section 20.6, Landlord shall have the right to enter the Leased Premises and New Improvements for the purpose of removing any storage tank at Tenant's sole expense in accordance with a closure plan approved by regulatory authorities. If Tenant's Contamination is detected at the time of the storage tank removal, cleanup shall proceed in accordance with Section 20.6.

### 20.9. Disposal of Toxic Materials.

Notwithstanding anything to the contrary contained in this Section 20, Tenant shall not release or dispose of any Toxic Material, in the drains, storm drains, sewers, plumbing, or any other drainage facility within the Leased Premises, New Improvements, or the Airport that will cause or contribute to a violation of Environmental Laws or Contamination. The offsite disposal of Toxic Materials shall be in strict compliance with all Environmental Laws.

### 20.10. Safety

Tenant shall maintain Material Safety and Data Sheets for each and every item or product containing any regulated amount of Toxic Material brought onto the Leased Premises and New Improvements. Such information shall be kept current at all times.

### 20.11. Fees. Taxes and Fines.

Tenant shall pay, prior to delinquency, any and all fees, taxes (including excise taxes) and fines which are charged upon or incident to Tenant's activities related to Toxic Materials, provided Tenant shall have the right to contest the validity or amount of any such fees, taxes or fines, so long as (i) Tenant establishes a reserve in the amount thereof on its financial statements and (ii) shall not allow such obligations to become a lien or charge against the Leased Premises, New Improvements or the Airport or upon Landlord.

### 20.12. Delivery of Documentation.

Tenant shall deliver to Landlord true and correct copies of the following documents related to compliance with Environmental Laws concurrently with the receipt from or submission to a Governmental Agency: (i) permit applications; (ii) permits and approvals; (iii) notices of violations of Environmental Laws and Tenant's responses thereto; (iv) environmental assessments, and (v) any other documents related to compliance with Environmental Laws that Landlord may reasonably request from time to time.
20.13. Annual Site Investigation.

In addition to Landlord's right of access to the Leased Premises and New Improvements set forth in Section 1.4, Landlord shall have the right, but not the obligation, to conduct annually an environmental inspection and assessment of the Leased Premises and New Improvements during each year of the term of this Lease, either alone or in conjunction with other areas of the Airport, and to utilize the services of an environmental consultant or consulting firm for such inspection and assessment. Tenant shall pay, as additional rent hereunder, fifty percent (50\%) of the reasonable cost of each such annual inspection applicable to the Leased Premises and New Improvements. If the environmental inspection and assessment of the Leased Premises or New Improvements discloses the existence of any Tenant's Contamination, Tenant shall take any and all Necessary Action as provided in Section 20.6. In the event that Landlord elects not to conduct an annual environmental inspection and assessment, or if Landlord's environmental inspection and assessment fails to discover or disclose any Tenant's Contamination, Tenant shall not be excused from performing its obligations or relieved from liability to Landlord under this Section 20.

### 20.14. Environmental Assessment at End of Lease Term.

On or before the expiration or termination of this Lease, Tenant shall take any and all action required to be taken under the Environmental Laws in order to: (i) surrender the Leased Premises and New Improvements to Landlord free of any and all Toxic Materials present in amounts exceeding then applicable Governmental Agency action levels as a result of Tenant's Contamination; and (ii) if directed in writing by Landlord pursuant to Section 6.8, close or remove any storage tanks in, on, under or around the Leased Premises and New Improvements to the extent installed by Tenant. Such closure or removal shall be deemed to constitute Necessary Action within the meaning of Section 20.6 hereof, and all the provisions of Section 20.6 relating to Necessary Action shall be applicable to such closure and removal. Unless waived in writing by Landlord, Tenant, within ninety (90) days of commencement of this Lease
and within ninety (90) days prior to the expiration or termination of this Lease or prior to any assignment of all or any portion of the Leased Premises and New Improvements, shall provide to Landlord a written report certifying that each Tenant Party is in compliance with the Environmental Laws, or, if this Lease is expiring or terminating, that each Tenant Party has complied with the provisions of this Section 20. This report shall contain the following information: (i) a list of all permits issued under Environmental Laws regulating each Tenant Party's business on the Leased Premises and New Improvements and a description of all such permits; (ii) for each permit on the list, a description of the particular area or operation that requires compliance with such permit by a Tenant Party; (iii) for each permit on the list, a description of each Tenant Party's compliance program for the Environmental Law or corresponding regulatory program; (iv) for each permit on the list, a list of all alleged violations for the prior calendar year or Annual Period, or an affirmative statement that there were no alleged violations during said period; (v) copies of environmental assessments or compliance audits done during the prior calendar year; and (vi) a certification. The certification shall be signed and notarized by an appropriate corporate manager of Tenant who has direct responsibility for environmental compliance at the Leased Premises and New Improvements. The certification shall state as follows: "I, ___(name)_, am an employee of __(Tenant's name). My title is (Title)_. My job responsibilities include direct responsibility for monitoring and assessing environmental compliance at _(Leased Premises and New Improvements). This report has been prepared by me or under my direct supervision during the course of my employment for (Tenant's name). I hereby certify that I have personal knowledge of the facts in the report and that said facts are true, accurate and complete. I also certify that (the Leased Premises and New Improvements) are in compliance with all applicable federal, state and local environmental Laws except to the extent otherwise disclosed in this report. (Signature, notary seal and date.)" Tenant shall bear all costs of such reports and shall reimburse Landlord for any and all reasonable out-of-pocket costs incurred by Landlord in connection with its review of such report. From time to time during the Lease term, but no more often than once per Annual Period, Landlord shall have reasonable access to the Leased Premises and New Improvements to conduct an environmental assessment to audit Tenant's compliance with Environmental Laws.
20.15. Prohibited Substances.

The following substances are strictly prohibited from being brought onto the Leased Premises, New Improvements or the Airport in any quantities whatsoever: (i) arsines; (ii) dioxins, including dioxin precursors and intermediates; (iii) polychlorinated biphenyls; and (iv) any chemical marked with an asterisk (*) in 22 California Code of Regulations Section 66680(d) as amended, or any waste which meets the definition of extremely hazardous waste in 22 California Code of Regulations Sections 66720 and 66723, as amended.

### 20.16. Definitions.

### 20.16.1. Contamination.

The term "Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises or New Improvements, or any other contamination or deterioration of groundwater, subsoil or soil in, on,
under or originating from the Leased Premises or New Improvements. The term "Tenant's Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials by any Tenant Party or by any other persons subject to any Tenant Party's control on, in, under or about the Leased Premises or New Improvements from and after the earlier to occur of the Commencement Date or Tenant taking possession of the Leased Premises and until the termination of this Lease and the surrender of possession of the Leased Premises and the New Improvements to Landlord, including, without limiting the generality of the foregoing, any spilling, discharging, releasing or disposing of Toxic Materials from and after the Commencement Date, but shall not include any discharge or release migrating to the Leased Premises or New Improvements from other land. The term "Existing Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises prior to the Commencement Date. Landlord and Tenant agree that, in any action or proceeding between one or more Tenant Parties and Landlord Parties in which it is necessary for the finder of fact to determine whether Contamination is either Tenant's Contamination or Existing Contamination or a combination of Tenant's Contamination and Existing Contamination, for purposes of interpreting or applying the provisions of this Lease relating to Contamination, all Contamination constitutes Tenant's Contamination except to the extent that a Tenant Party can prove, either (i) by a preponderance of admissible direct evidence, without the use of circumstantial evidence, or (ii) by clear and convincing admissible evidence, which may include the use of admissible circumstantial evidence, that some or all of the Contamination is Existing Contamination. In the event that a Tenant Party proves that Contamination is a combination of Tenant's Contamination and Existing Contamination, the parties shall make a good faith effort to determine, on a percentage of clean-up cost basis, the portion that is Tenant's Contamination and the portion that is Existing Contamination, failing which the parties shall request the court in the action or proceeding to appoint a special master to make the determination. The good faith determination of the parties or the determination of the special master shall be set forth by the parties in a written stipulation, which shall be filed in the action or proceeding.

### 20.16.2. Environmental Laws.

### 20.16.3. Toxic Materials.

The term "Toxic Materials" means any hazardous or toxic materials, pollutants, effluents, contaminants, radioactive materials, flammables, explosives, pesticides, chemicals known to cause cancer or reproductive toxicity, emissions, wastes or any other chemicals, materials or substances, whose handling, storage, release, transportation or disposal is or becomes prohibited, limited or regulated by any federal, state, county, regional or local authority or, even if not so regulated, is or becomes known to pose a hazard or potential

The term Toxic Materials shall include, without limitation, the following compounds: (i) asbestos, (ii) petroleum, petroleum by-products, and petroleum degradation products, (iii) polychlorinated biphenyls, (iv) all substances now or hereafter defined as a "hazardous substance" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, Section 101 (14), 42 U.S.C. Section 9601(14), including petroleum, crude oil, and any fractions thereof, (v) all substances now or hereafter defined as "extremely hazardous substances" pursuant to the Emergency Planning and Community Right-to-Know Act of 1986, Section 302(a), 42 U.S.C. Section 11002(a), (vi) all substances now or hereafter defined as "hazardous waste" by Section 25117 of the Califomia Health and Safety Code, (vii) all substances now or hereafter designated by the Governor of the State of California as substances known to the state to cause cancer or reproductive toxicity pursuant to California Health and Safety Code Section 25249.8, (viii) all substances now or hereafter defined as an "economic poison" pursuant to California Health and Safety Code Section 12753, and (ix) all substances now or hereafter defined as "extremely hazardous waste" pursuant to California Health and Safety Code Section 25115.

## 22. MISCELLANEOUS.

### 22.1. Lease Interpretation.

### 22.1.1. Incorperation of Prior Agreements: Amendments.

This Lease contains the entire agreement between the parties hereto, and no prior or contemporaneous agreement or understanding shall be effective for any purpose, all of which, if any, are hereby terminated or rescinded, except as to provisions which are expressly stated to survive termination and any indemnity or insurance obligations in favor of Landlord. Except as otherwise expressly provided herein, no provision of this Lease may be amended or added to, except by an agreement in writing signed by the parties hereto or their respective successors in interest. Tenant agrees that it shall not unreasonably refuse to execute any amendment of or supplement to this Lease which Landlord determines is necessary or advisable in order to comply with applicable Laws, governmental regulations or Landlord's uniform policies reflected in resolutions in effect from time to time; provided Tenant shall not be required to execute any amendment of or supplement to this Lease which impairs the rights and benefits of Tenant or increases the obligations and liabilities imposed on Tenant under this Lease.

This Lease shall not be construed as constituting or creating a partnership between Landlord and Tenant or as creating any other form of legal association between Landlord and Tenant which would impose liability upon one party for the act or the failure to act of the other party.

### 22.3. Waivers.

The waiver by either party of any provision of this Lease shall not be deemed to be a waiver of any other provision hereof or of any subsequent breach of the same or any other provision. Landlord's consent to any act by Tenant requiring Landlord's consent shall not be deemed to render unnecessary the obtaining of Landlord's consent to any subsequent act by Tenant, whether or not similar to the act so consented. The subsequent acceptance by Landlord of any amount due from Tenant hereunder shall not be deemed to be a waiver of any preceding breach or Event of Default by Tenant of any provision of this Lease, other than the failure of Tenant to pay the particular amount so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such amount. No waiver on the part of Landlord with respect to any provision of this Lease shall be effective unless such waiver is in writing.

\section*{Instructions for Completing this Form}

The following procedures are to be followed by all Airport Tenants desiring to make improvements to their leasehold. Close adherence to the procedures and regulations outlined below will greatly aid in expediting the processing and approval of each Proposed Improvement.
1. Tenant shall complete Section I of this form, and submit to: Burbank-Glendale-Pasadena Airport Administration, 2627 Hollywood Way, Burbank, CA 91505.
2. Upon receipt of this Request From, Airport Administration will review the Proposed Improvement, and if the proposal is considered to be basically acceptable, it will then be forwarded to Airport Engineering for further review and evaluation. However, if the proposal is not considered to be basically acceptable, the Request Form will be returned to the Tenant, accompanied by a written statement from the Authority as to why the request is being denied at this stage. Upon completion the form will be returned to the Tenant. The form will indicate whether preliminary approval has been granted, and if not granted, the reason for denial.
3. Upon receipt of preliminary approval, the Tenant shall proceed with preparing final plans and specifications for the Proposed Improvement. The plans and specifications shall conform to the following requirements. Five (5) sets of plans and specifications shall be submitted by the Tenant with this form to Airport Engineering for review by the Airport Fire Department, Airport Safety \& Security, Airport Maintenance, Authority Insurance Underwriter and final review and approval by Airport Administration.
4. After the plans have received final approval and the Tenant has received written confirmation of this approval on this Form, the Tenant shall then complete Section 4, resubmit this form to the Authority notifying Engineering of their intent to begin construction. Prior to receiving approval to begin construction, a pre-construction meeting must be held in the Authority Administration offices when all insurance and bond requirements shall be satisfied, and a Hold Harmless Agreement shall be submitted to the Authority. Building permits and any other necessary permits shall be on file with the Authority. When all of these requirements have been satisfied, approval to begin construction will be granted on the form and a copy retumed to the Tenant.
5. All Tenants shall within thirty (30) days after completion submit to Airport Engineering one set of "as built" plans. Also, an itemized summary of construction costs shall be forwarded to Airport Administration. Summary shall be signed by the contractor and notarized.
NOTES: a) For smaller projects, costing less than \(\$ 5,000\) the Authority may at it discretion waive any or all of the above requirements.
b) Airport approval does not constitute a substitution of approval from any other governmental agency having jurisdiction.

\section*{PLANS AND SPECIFICATIONS}

\subsection*{7.3. Property Insurance.}

Tenant shall maintain in effect insurance protecting Tenant and Landlord, as their respective interests may appear, from and against claims arising out of damage or destruction to property as follows:

\subsection*{7.3.1. All Risk Property Insurance.}

All risk of direct physical loss or damage property insurance (including builder's risk or course of construction during the period of construction of New Improvements, including earthquake and flood hazard, or if Landlord is maintaining said insurance, subject to Tenant's obligation to pay its proportionate share of the premiums for said insurance as provided in Section 7.1), included within the classification of "All Risk Property," covering all structures and other Improvements located upon the Land, including Landlord's interest therein, in an amount equal to the full replacement value of said structures and other Improvements. The policy shall not contain any co-insurance restriction and shall be valued on a replacement cost/agreed amount basis. Except as otherwise provided in Section 8, the proceeds of such insurance shall be used to repair or replace the insured property and Landlord shall be named as a loss payee in any and all of said policies.

\subsection*{7.3.2. Personal Property Insurance.}

Property insurance written on an all risk of direct physical loss basis, including earthquake and flood hazard covering Tenant's fixtures, personal property and equipment located on the Leased Premises and New Improvements, in an amount not less than one hundred percent ( \(100 \%\) ) of their replacement value. Except as otherwise provided in Section 8 , the proceeds of such insurance shall be used to repair or replace the insured property.

\subsection*{7.4. Adjustment of Required Insurance.}

Tenant understands and agrees that the types and amounts of Required Insurance may become inadequate during the term of this Lease, and Tenant agrees that it shall add such insurance or coverages and increase such minimum limits of liability by such amounts as may be reasonably required at any time and from time to time by Landlord.

Best's Insurance Guide and/or otherwise acceptable to Landlord. Within ten (10) days after the acceptance of this Lease by Landlord, Tenant shall deliver to Landlord certificates of insurance issued by the insurance companies or their agents and evidencing that all Required Insurance has been obtained and is being maintained by Tenant, together with copies of endorsements (i) requiring the insurers to give to Landlord at least thirty (30) days' prior written notice of the cancellation or non-renewal of some or all of the Required Insurance, (ii) with respect to the general liability, automobile liability and employer's liability insurance, naming (a) Tenant and its owners, shareholders, partners, directors and employees as a named insured and (b) Landlord, the Airport Manager, the Cities of Burbank, Glendale and Pasadena and the Commissioners of Landlord ("Landlord Insured Parties") as additional insureds, (iii) with respect to the "all risk" property insurance naming Landlord as a loss payee; and (iv) with respect to the general liability, automobile liability and employer's liability insurance, including a severability of interest provision. All Required Insurance shall be primary insurance without right of contribution of any other insurance carried by or on behalf of any Landlord Insured Party and all policies shall be endorsed to this effect. In no event shall any Landlord Insured Party be responsible or liable for the payment of any premiums for the insurance required to be obtained and maintained by Tenant pursuant to this Section 7.

\subsection*{7.7. No Limitation of Liability.}

Tenant acknowledges and agrees that the limits of liability provided in the Required Insurance shall in no event be considered as limiting the liability of Tenant under this Lease.

\subsection*{7.8. Waivers of Subrogation Rights.}

All policies of Required Insurance, except workers' compensation insurance, shall include, or be endorsed to provide, a waiver by the insurers of any rights of subrogation that the insurers may have at any time against any Landlord Insured Party.

\subsection*{7.9. Indemnification.}

In addition to any other express indemnity hereunder, Tenant shall defend, indemnify and hold harmless all Landlord Parties from and against any and all Claims arising out of, resulting from or relating to the breach of this Lease by, or any negligent act or negligent omission or willful misconduct of, any Tenant Party with respect to (a) the use or occupancy of the Leased Premises and New Improvements, the Common Use Facilities or any other areas of the Airport, (b) the conduct of Tenant's business, or (c) any other matter relating to this Lease or the subject matter of this Lease. Notwithstanding the foregoing, the provisions of this Section 7.9 shall not apply to any Claim which arises out of, results from or relates to the gross negligence, willful misconduct or material breach of this Lease by Landlord.

\subsection*{7.10. Exculpation of Landlord from Liability.}

Tenant, on behalf of itself and the Tenant Parties, hereby waives any and all Claims against the Landlord Parties, and the Landlord Parties shall not be liable, for any injury or death to persons or any damage or loss to any property in, on or about the Leased Premises or New Improvements, arising out of, resulting from or relating to any cause whatsoever, including, without limitation, the following: (i) latent or patent defects in the construction or condition of the Leased Premises or New Improvements, including, without limitation, any use or release of "Toxic Materials" (as defined in Section 20.16.3) on, under or into the Leased Premises or New Improvements; (ii) Acts of God; (iii) fire, steam, electricity, gas, water, or rain which may leak or flow from or into any part of the Leased Premises, New Improvements or any other areas of the Airport; (iv) riot, civil commotion, aircraft, vehicles, smoke, vandalism, malicious mischief; (v) breakage, leakage, obstruction or other defects of the pipes, wires, appliances, plumbing, heating, ventilation and air conditioning systems, or lighting fixtures of or serving the Leased Premises, New Improvements or other areas of the Airport; (vi) the use or occupancy of the Leased Premises, New Improvements or any other areas of the Airport by any Tenant Party, whether said damage or injury results from conditions arising upon the Leased Premises, New Improvements or upon other areas of the Airport, or from other sources; or (vii) any damage or loss arising from any negligent acts or omissions or willful misconduct of any other tenant, licensee, concessionaire or customer of the Airport or any other person or entity; except to the extent that any of the foregoing arises from the gross negligence, willful misconduct or material breach of this Lease by Landlord or the presence and/or remediation of Existing Contamination.

\section*{8. DAMAGE AND DESTRUCTION.}

\subsection*{8.1. Insured Damage.}

Subject to Section 8.3, in the event all or any part of the Leased Premises or any New Improvements are destroyed or damaged and (i) the estimated cost of repair of such damage which Tenant is obligated to repair does not exceed an amount equal to one-hundred twenty-five percent ( \(125 \%\) ) of the insurance proceeds payable on account of the destruction or damage to Tenant pursuant to the terms of the applicable insurance policy and (ii) such repair can, in Tenant's reasonable opinion, be made within one (1) year after the occurrence of such
damage, Tenant shall promptly repair such damage, and this Lease shall continue in full force and effect.

\subsection*{8.2. Long Term or Uninsured or Underinsured Damage.}

Subject to Section 8.3, in the event all or any part of the Leased Premises or any New Improvements are destroyed or damaged and, in Tenant's reasonable opinion, (i) the repair thereof cannot be made within one (1) year after the occurrence of such damage or (ii) the estimated cost of repair of damage which Tenant is obligated to repair exceeds an amount equal to one-hundred twenty-five percent ( \(125 \%\) ) of the insurance proceeds payable on account of the destruction or damage to Tenant pursuant to the terms of the applicable insurance policy, Tenant shall so notify Landlord within thirty (30) days after the occurrence of such damage. If Tenant so notifies Landlord, Landlord may, at its option, deliver a request to terminate this Lease (the "Landlord's Termination Request"). In the event Landlord so notifies Tenant, Tenant shall advise Landlord in writing within sixty (60) days after Tenant's receipt of Landlord's Termination Request whether Tenant agrees to terminate this Lease and this Lease shall terminate effective as of the date of Tenant's written advice or such later date as Tenant may specify, but not exceeding six (6) months after Tenant's receipt of Landlord's Termination Request. If Tenant agrees to terminate this Lease, all insurance proceeds payable on account of the damage or destruction to the New Improvements shall be paid to Tenant up to but not exceeding the amount payable to Tenant pursuant to Section 2.2.4 following an early termination of this Lease. The balance of the insurance proceeds shall be paid to Landlord and Tenant shall have no obligation to repair, restore, or reconstruct any part of the Leased Premises or New Improvements. If Landlord does not deliver to Tenant a Landlord's Termination Request or if Tenant fails to respond timely or agrees not to terminate this Lease in response to Landlord's Termination Request, Tenant shall promptly repair and reconstruct the damaged or destroyed portions of the Leased Premises and New Improvements using insurance proceeds available either to Landlord or Tenant and its own funds for any amounts in excess of such insurance proceeds for such repair and reconstruction and this Lease shall continue in full force and effect.

\subsection*{8.3. Damage Near End of Term.}

In the event all or any part of the Leased Premises or New Improvements are destroyed or damaged during the last sixty (60) months of the term of this Lease, Tenant may, at its option, cancel and terminate this Lease by giving written notice to Landlord of its election to do so within one hundred twenty (120) days after the date of occurrence of such damage, in which event Tenant shall clear the Land of debris, all insurance proceeds payable with respect to the Leased Premises or New Improvements shall be paid to Landlord. In the event Tenant does not so elect to terminate this Lease, the repair of such damage shall be governed by Section 8.1 or Section 8.2, as the case may be.

\subsection*{8.4. Consequences of Damage or Destruction.}

In the event the Leased Premises or New Improvements are destroyed or damaged and, unless this Lease is terminated pursuant to Sections 8.2 or 8.3, Tenant shall continue the operation of its business in the Leased Premises and New Improvements to the extent reasonably practicable from the standpoint of prudent business management. Tenant shall
have no claim against Landlord for any damage suffered by Tenant by reason of any such damage, destruction, repair or restoration, except to the extent that such damage suffered by Tenant is caused by Landlord's gross negligence, willful misconduct or material breach of this Lease.

\subsection*{8.5. Cost of Repair.}

The good faith determination by Tenant of the estimated cost of repair of any damage, based upon bona fide estimates received from at least three (3) reputable general contractors, shall be conclusive for the purposes of this Section 8.

\subsection*{8.6. No Abatement of Rent.}

Rent payable under this Lease shall not be abated following any damage or destruction and Tenant shall receive, hold in trust for the benefit of Landlord and use all proceeds received from business interruption insurance to pay the rent and other amounts payable by Tenant under this Lease to and including the date of termination of this Lease.

\subsection*{8.7. Waiver by Tenant.}

Tenant hereby waives the provisions of Sections 1932, 1933, and 1941 through 1942, inclusive, of the California Civil Code and of any other Law now or hereafter in effect which is contrary to the obligations of Tenant under this Section 8 or which relieves Tenant therefrom, or which places upon Landlord obligations to repair or restore the Leased Premises. Under no circumstances shall Landlord have any obligation to repair or replace any damaged or destroyed portion of the Leased Premises or New Improvements, except to the extent caused by the gross negligence or willful misconduct of Landlord.

\section*{9. ASSIGNMENT AND PERMITTED ENCUMBRANCES.}
9.1. Assignment or Encumbrance Prohibited; Exceptions.

\subsection*{9.1.1. General.}

Tenant shall not voluntarily or by operation of law assign, sublease, transfer, mortgage, hypothecate, grant a security interest in or otherwise encumber all or any part of Tenant's rights or interests in or to this Lease or the Leased Premises or New Improvements or any portion thereof, except that Tenant may assign some or all of Tenant's rights or interests in this Lease and the Leased Premises and New Improvements to (i) any "Qualified Operator", (ii) any "Airline Owner Entity", or (iii) any "Airline Owner" or "Airline Owners", with Landlord's prior written consent, which consent shall not be unreasonably withheld, and subject to the provisions of this Section 9.

\subsection*{9.1.2. Qualified Operator.}

As used herein, the term "Qualified Operator" shall mean any person, corporation, partnership, limited liability company or other entity which, in the reasonable judgment of Landlord, is qualified, either by direct experience or through personnel
or management, including an independent management company or contract manager acceptable to Landlord, has sufficient experience to manage and operate fuel storage and dispensing facilities at airports comparable to the Fuel Facilities and to perform the obligations of Tenant under this Lease and who holds all necessary permits, licenses, certificates, registrations, approvals and other authorizations to manage and operate the Fuel Facilities in accordance with all applicable Laws, including, without limitation, all Environmental Laws.

\subsection*{9.1.3. Airline Owner Entity.}

As used herein, the term "Airline Owner Entity" shall mean any person, corporation, partnership, limited liability company or other entity of which Airline Owners collectively own one hundred percent ( \(100 \%\) ) of the total equity and voting rights and interests or have the power to direct the management and policies.

In computing Landlord's damages pursuant to Sections 1951.2(1) and (2) of the Civil Code, the "worth at the time of award" shall be computed by allowing interest at a rate of ten percent ( \(10 \%\) ) per annum. The amount of damages which Landlord may recover in the event of such termination shall include the worth at the time of the award of the amount by which the unpaid amounts required to be paid by Tenant pursuant to Section 3, including, without limitation, Annual Base Rent, for the balance of the term after the time of award exceeds the amount of such losses that Tenant proves could be reasonably avoided, computed in accordance with Civil Code Section 1951.2(4)(b), plus reasonable attomeys' fees and leasing commissions. In such event this Lease shall continue in effect for so long as Landlord chooses not to terminate Tenant's right of possession and Landlord shall be entitled to enforce all of Landlord's rights and remedies under this Lease, including the right to collect and receive Annual Base Rent and any and all other amounts payable by Tenant to Landlord under this Lease as the same shall come due.

\subsection*{12.5. Cumulative Remedies.}

The various rights, options, elections, powers and remedies reserved to Landlord herein shall be cumulative, and, except as otherwise provided by Law, Landlord may pursue any or all such rights and remedies, whether at the same time or otherwise, and no single right shall be deemed to be exclusive of any of the other or of any right or priority allowed by Law or in equity. emergency), Landlord shall have the right, but not the obligation, immediately or at any time thereafter, without further notice or demand and without waiving any right or releasing Tenant from any obligation to Landlord, to make such payment or perform such other act for the account of Tenant, to the extent Landlord may deem desirable. In connection therewith, Landlord may pay reasonable expenses and employ counsel in instituting, prosecuting or defending any action or proceeding under this Lease. All sums so paid by Landlord and all expenses incurred in connection therewith, together with interest thereon at the annual rate specified in Section 3.5 shall be deemed additional rent hereunder and shall be payable to Landlord on demand. In the event such additional amounts remain unpaid within ten (10) days following the delivery to Tenant of a written demand therefor, Landlord shall have the same rights and remedies as for the nonpayment of rent.

Such holdover tenancy otherwise shall be subject to the same provisions as contained in this Lease, unless the parties execute a written agreement modifying any of the terms hereof applicable to such holdover tenancy; provided, however, that the monthly installments of Annual Base Rent during such holdover tenancy shall be equal to one hundred fifty percent ( \(150 \%\) ) of the monthly installment of Annual Base Rent in effect immediately prior to the Expiration Date or termination date. In addition to any notification to Landlord required by Section 20.7, Tenant shall promptly furnish Landlord with a copy of all correspondence between any Tenant Party or its environmental consultants and each involved Governmental Agency conceming the Necessary Action. On or before ten (10) business days prior to any Tenant Party's submittal of any work plans or descriptions of the Necessary Action to each involved Governmental Agency, Tenant shall furnish Landlord with a draft copy of said document for Landlord's review and comment. Landlord shall have the right to submit written comments on all aspects of the work plan to any Tenant Party and to each involved Governmental Agency, including without limitation, comments on the remediation methodology and appropriateness of clean-up levels. Tenant shall provide Landlord with written notice of all meetings with Agencies concerning the Necessary Action, which notices shall be provided where possible ten (10) business days in advance of the meeting. Landlord and its consultants shall have the right to attend and participate actively in all meetings with Agencies concerning the Necessary Action. Except in the case of an emergency, no Necessary Action shall be commenced without (i) written approval by the lead Governmental Agency, if one exists, or by all Agencies having and
asserting jurisdiction over the Necessary Action and (ii) where practical, ten (10) business days written notice to Landlord. Landlord shall have the right to have a representative present on the Leased Premises or New Improvements at all times during the implementation of the Necessary Action by any Tenant Party. Tenant agrees that the Necessary Action will be supervised by and certified by a registered professional engineer. Tenant hereby releases the Landlord Parties from responsibility for, and indemnifies the Landlord Parties (with counsel approved by the Landlord Parties) against any Liability in connection with the Necessary Action, except to the extent caused by the gross negligence or willful misconduct of Landlord. If any Tenant Party fails to take the Necessary Action on a timely basis, Landlord may, but shall not be obligated to, take the Necessary Action and in such event, all costs incurred by Landlord with respect thereto shall be for the account of Tenant and recoverable as additional rent hereunder.

\subsection*{20.6.2. Existing Contamination.}

Landlord shall take, or shall cause any person legally obligated to take, any and all action which any Governmental Agency lawfully requires to be taken to investigate, clean-up, remediate or remove Existing Contamination. All provisions of Section 20.6.1 which apply to a Necessary Action by Tenant shall apply to action required to be taken by Landlord in connection with Existing Contamination. In the event that (i) Existing Contamination is discovered during the construction of the Required Improvements, and (ii) Tenant delivers written notice of the discovery of Existing Contamination to Landlord within forty-eight (48) hours following the discovery thereof, and (iii) any Necessary Action required by a Governmental Agency results in either a "Cessation of Construction Activity" or a "Delay in Construction Completion," Annual Base Rent shall be abated (a) ratably in proportion to the percentage of Required Improvements as to which there is either a Cessation of Construction Activity or a Delay in Construction Completion and (b) for the number of normal working days, excluding weekends and holidays, of continuous Cessation of Construction Activity or Delay in Construction Completion. In either case, the abatement of Annual Base Rent shall occur during a continuous period specified by Tenant following completion of construction of Required Improvements, and not during the period of Cessation of Construction Activity or Delay in Construction Completion. As used herein, the term "Cessation of Construction Activity" shall mean the complete cessation of construction of all or a material portion of the Required Improvements caused solely by the Necessary Action required by a Governmental Agency, which was not caused by Tenant or by any Tenant Party, and the term "Delay in Construction Completion" shall mean the period of time, measured in normal working days and excluding weekends and holidays, during which completion of construction of the Required Improvements is delayed solely by the Necessary Action required by a Governmental Agency, which was not caused by Tenant or by any Tenant Party. Landlord's sole obligation and liability arising out of the discovery or presence of Existing Contamination shall be as set forth in the first three sentences of this Section 20.6.2, irrespective of the theory of liability or the facts supporting any such theory. Tenant hereby assumes the risk of, waives, releases and forever discharges the Landlord Parties from and against, and covenants not to bring any action or proceeding against the Landlord Parties as a result of, any delay in construction, prevention of construction, increase in the cost of New Improvements, loss or adverse effects upon Tenant's financing, loss of rental income, diminution in the value of the Leased Premises or New Improvements, or any and all other Claims arising out of or resulting from the discovery or presence of Existing Contamination on, in, under or about the Leased Premises or New Improvements.

\subsection*{20.7. Notice.}

If any Tenant Party is required by any Law to give notice to any Governmental Agency about any Contamination, Tenant shall immediately give the Landlord's Director of Airport Operations the same notice by telephone at (818) \(840-8840\), which shall be confirmed by written notice not later than the next business day. This obligation to notify Landlord shall also extend to any personal injuries or property damage to third parties resulting directly or indirectly from said Contamination. If Tenant becomes aware of the presence of or use of any Toxic Materials not authorized in accordance with the terms of this Lease, or of any Contamination not subject to the notification provisions of the first sentence of this Section 20.7, Tenant shall immediately give written notice of such condition to Landlord to the extent required by Califomia Health and Safety Code Section 25359.7.

\subsection*{20.8. Storage and Use of Toxic Materials.}

Any and all Toxic Materials permitted in, on, under or about the Leased Premises and New Improvements pursuant to this Lease shall be stored and used in strict compliance with all Environmental Laws. There shall be no ponding or uncovered surface storage whatsoever of Toxic Materials in, on or about the Leased Premises and New Improvements. Except for the Required Improvements comprising storage tanks required to be constructed and installed by Tenant pursuant to Section 6.2 and the other provisions of this Lease, no storage tanks shall be constructed, installed or used without Landlord's prior written consent, which consent may be withheld by Landlord in its absolute discretion. If Tenant is not in substantial compliance with Environmental Laws concerning storage tanks or has failed to take Necessary Action when required to do so under Section 20.6, Landlord shall have the right to enter the Leased Premises and New Improvements for the purpose of removing any storage tank at Tenant's sole expense in accordance with a closure plan approved by regulatory authorities. If Tenant's Contamination is detected at the time of the storage tank removal, cleanup shall proceed in accordance with Section 20.6.

\subsection*{20.9. Disposal of Toxic Materials.}

Notwithstanding anything to the contrary contained in this Section 20, Tenant shall not release or dispose of any Toxic Material, in the drains, storm drains, sewers, plumbing, or any other drainage facility within the Leased Premises, New Improvements, or the Airport that will cause or contribute to a violation of Environmental Laws or Contamination. The offsite disposal of Toxic Materials shall be in strict compliance with all Environmental Laws.

\subsection*{20.10. Safety}

Tenant shall maintain Material Safety and Data Sheets for each and every item or product containing any regulated amount of Toxic Material brought onto the Leased Premises and New Improvements. Such information shall be kept current at all times.

\subsection*{20.11. Fees. Taxes and Fines.}

Tenant shall pay, prior to delinquency, any and all fees, taxes (including excise taxes) and fines which are charged upon or incident to Tenant's activities related to Toxic Materials, provided Tenant shall have the right to contest the validity or amount of any such fees, taxes or fines, so long as (i) Tenant establishes a reserve in the amount thereof on its financial statements and (ii) shall not allow such obligations to become a lien or charge against the Leased Premises, New Improvements or the Airport or upon Landlord.

\subsection*{20.12. Delivery of Documentation.}

Tenant shall deliver to Landlord true and correct copies of the following documents related to compliance with Environmental Laws concurrently with the receipt from or submission to a Governmental Agency: (i) permit applications; (ii) permits and approvals; (iii) notices of violations of Environmental Laws and Tenant's responses thereto; (iv) environmental assessments, and (v) any other documents related to compliance with Environmental Laws that Landlord may reasonably request from time to time.
20.13. Annual Site Investigation.

In addition to Landlord's right of access to the Leased Premises and New Improvements set forth in Section 1.4, Landlord shall have the right, but not the obligation, to conduct annually an environmental inspection and assessment of the Leased Premises and New Improvements during each year of the term of this Lease, either alone or in conjunction with other areas of the Airport, and to utilize the services of an environmental consultant or consulting firm for such inspection and assessment. Tenant shall pay, as additional rent hereunder, fifty percent (50\%) of the reasonable cost of each such annual inspection applicable to the Leased Premises and New Improvements. If the environmental inspection and assessment of the Leased Premises or New Improvements discloses the existence of any Tenant's Contamination, Tenant shall take any and all Necessary Action as provided in Section 20.6. In the event that Landlord elects not to conduct an annual environmental inspection and assessment, or if Landlord's environmental inspection and assessment fails to discover or disclose any Tenant's Contamination, Tenant shall not be excused from performing its obligations or relieved from liability to Landlord under this Section 20.

\subsection*{20.14. Environmental Assessment at End of Lease Term.}

On or before the expiration or termination of this Lease, Tenant shall take any and all action required to be taken under the Environmental Laws in order to: (i) surrender the Leased Premises and New Improvements to Landlord free of any and all Toxic Materials present in amounts exceeding then applicable Governmental Agency action levels as a result of Tenant's Contamination; and (ii) if directed in writing by Landlord pursuant to Section 6.8, close or remove any storage tanks in, on, under or around the Leased Premises and New Improvements to the extent installed by Tenant. Such closure or removal shall be deemed to constitute Necessary Action within the meaning of Section 20.6 hereof, and all the provisions of Section 20.6 relating to Necessary Action shall be applicable to such closure and removal. Unless waived in writing by Landlord, Tenant, within ninety (90) days of commencement of this Lease
and within ninety (90) days prior to the expiration or termination of this Lease or prior to any assignment of all or any portion of the Leased Premises and New Improvements, shall provide to Landlord a written report certifying that each Tenant Party is in compliance with the Environmental Laws, or, if this Lease is expiring or terminating, that each Tenant Party has complied with the provisions of this Section 20. This report shall contain the following information: (i) a list of all permits issued under Environmental Laws regulating each Tenant Party's business on the Leased Premises and New Improvements and a description of all such permits; (ii) for each permit on the list, a description of the particular area or operation that requires compliance with such permit by a Tenant Party; (iii) for each permit on the list, a description of each Tenant Party's compliance program for the Environmental Law or corresponding regulatory program; (iv) for each permit on the list, a list of all alleged violations for the prior calendar year or Annual Period, or an affirmative statement that there were no alleged violations during said period; (v) copies of environmental assessments or compliance audits done during the prior calendar year; and (vi) a certification. The certification shall be signed and notarized by an appropriate corporate manager of Tenant who has direct responsibility for environmental compliance at the Leased Premises and New Improvements. The certification shall state as follows: "I, ___(name)_, am an employee of __(Tenant's name). My title is (Title)_. My job responsibilities include direct responsibility for monitoring and assessing environmental compliance at _(Leased Premises and New Improvements). This report has been prepared by me or under my direct supervision during the course of my employment for (Tenant's name). I hereby certify that I have personal knowledge of the facts in the report and that said facts are true, accurate and complete. I also certify that (the Leased Premises and New Improvements) are in compliance with all applicable federal, state and local environmental Laws except to the extent otherwise disclosed in this report. (Signature, notary seal and date.)" Tenant shall bear all costs of such reports and shall reimburse Landlord for any and all reasonable out-of-pocket costs incurred by Landlord in connection with its review of such report. From time to time during the Lease term, but no more often than once per Annual Period, Landlord shall have reasonable access to the Leased Premises and New Improvements to conduct an environmental assessment to audit Tenant's compliance with Environmental Laws.
20.15. Prohibited Substances.

The following substances are strictly prohibited from being brought onto the Leased Premises, New Improvements or the Airport in any quantities whatsoever: (i) arsines; (ii) dioxins, including dioxin precursors and intermediates; (iii) polychlorinated biphenyls; and (iv) any chemical marked with an asterisk (*) in 22 California Code of Regulations Section 66680(d) as amended, or any waste which meets the definition of extremely hazardous waste in 22 California Code of Regulations Sections 66720 and 66723, as amended.

\subsection*{20.16. Definitions.}

\subsection*{20.16.1. Contamination.}

The term "Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises or New Improvements, or any other contamination or deterioration of groundwater, subsoil or soil in, on,
under or originating from the Leased Premises or New Improvements. The term "Tenant's Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials by any Tenant Party or by any other persons subject to any Tenant Party's control on, in, under or about the Leased Premises or New Improvements from and after the earlier to occur of the Commencement Date or Tenant taking possession of the Leased Premises and until the termination of this Lease and the surrender of possession of the Leased Premises and the New Improvements to Landlord, including, without limiting the generality of the foregoing, any spilling, discharging, releasing or disposing of Toxic Materials from and after the Commencement Date, but shall not include any discharge or release migrating to the Leased Premises or New Improvements from other land. The term "Existing Contamination" means any spilling, discharging, releasing or disposing of Toxic Materials on, in, under or about the Leased Premises prior to the Commencement Date. Landlord and Tenant agree that, in any action or proceeding between one or more Tenant Parties and Landlord Parties in which it is necessary for the finder of fact to determine whether Contamination is either Tenant's Contamination or Existing Contamination or a combination of Tenant's Contamination and Existing Contamination, for purposes of interpreting or applying the provisions of this Lease relating to Contamination, all Contamination constitutes Tenant's Contamination except to the extent that a Tenant Party can prove, either (i) by a preponderance of admissible direct evidence, without the use of circumstantial evidence, or (ii) by clear and convincing admissible evidence, which may include the use of admissible circumstantial evidence, that some or all of the Contamination is Existing Contamination. In the event that a Tenant Party proves that Contamination is a combination of Tenant's Contamination and Existing Contamination, the parties shall make a good faith effort to determine, on a percentage of clean-up cost basis, the portion that is Tenant's Contamination and the portion that is Existing Contamination, failing which the parties shall request the court in the action or proceeding to appoint a special master to make the determination. The good faith determination of the parties or the determination of the special master shall be set forth by the parties in a written stipulation, which shall be filed in the action or proceeding.

\subsection*{20.16.2. Environmental Laws.}

The term "Environmental Laws" means any and all laws, rules, statutes, regulations, judgments, orders, permits, licenses, certificates, registrations, approvais, agreements, covenants, restrictions, requirements, policies or the like enacted now or hereafter relating to or governing in any way the environmental condition of soil, air, water, groundwater or the presence of Toxic Materials in or affecting all or any portion of the Leased Premises or New Improvements, including, without limitation, the statutes described in the definition of Toxic Materials.

\subsection*{20.16.3. Toxic Materials.}

The term "Toxic Materials" means any hazardous or toxic materials, pollutants, effluents, contaminants, radioactive materials, flammables, explosives, pesticides, chemicals known to cause cancer or reproductive toxicity, emissions, wastes or any other chemicals, materials or substances, whose handling, storage, release, transportation or disposal is or becomes prohibited, limited or regulated by any federal, state, county, regional or local authority or, even if not so regulated, is or becomes known to pose a hazard or potential
threat to the health and safety of any person or to the environment. The term Toxic Materials shall include, without limitation, the following compounds: (i) asbestos, (ii) petroleum, petroleum by-products, and petroleum degradation products, (iii) polychlorinated biphenyls, (iv) all substances now or hereafter defined as a "hazardous substance" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, Section 101 (14), 42 U.S.C. Section 9601(14), including petroleum, crude oil, and any fractions thereof, (v) all substances now or hereafter defined as "extremely hazardous substances" pursuant to the Emergency Planning and Community Right-to-Know Act of 1986, Section 302(a), 42 U.S.C. Section 11002(a), (vi) all substances now or hereafter defined as "hazardous waste" by Section 25117 of the Califomia Health and Safety Code, (vii) all substances now or hereafter designated by the Governor of the State of California as substances known to the state to cause cancer or reproductive toxicity pursuant to California Health and Safety Code Section 25249.8, (viii) all substances now or hereafter defined as an "economic poison" pursuant to California Health and Safety Code Section 12753, and (ix) all substances now or hereafter defined as "extremely hazardous waste" pursuant to California Health and Safety Code Section 25115.

\subsection*{20.16.4. Liabilities.}

The term "Liabilities" shall mean any and all Claims (as defined in Section 4.8.5) arising out of, resulting from or caused by the release, discharge, storage, handling, use, accumulation, transportation, generation, migration, disposal, investigation, cleanup, remediation or removal of any Toxic Materials caused by any Tenant Party or any of their respective licensees, permittees'or invitees, including, without limitation, the following: (i) diminution in value of the Airport, the Leased Premises or New Improvements, (ii) damages for the loss or restriction on use of rentable or usable space or of any amenity of the Airport, the Leased Premises or New Improvements, (iii) damages arising from any adverse impact on marketing of space at the Airport, the Leased Premises or New Improvements, (iv) sums paid in settlement of Claims (including, without limitation, reasonable attorneys fees, consultant fees and expert fees), (v) damages caused by the breach or nonperformance by Tenant of any covenant or other provision of this Lease, and (vi) costs incurred in connection with any investigation of site conditions and any cleanup, remediation, removal or restoration work necessary should Tenant fail to comply with Section 20.6.

\section*{21. OFESET STATEMENT.}

\subsection*{21.1. Delivery.}

Tenant, from time to time upon not less than ten (10) days' prior written notice from Landlord, shall execute, acknowledge and deliver to Landlord a statement in writing: (i) certifying that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease, as so modified, is in full force and effect); (ii) setting forth the dates to which the rent, fees and other charges, if any, are paid; and (iii) acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder (or specifying such defaults if any are claimed).

\subsection*{21.2. Reliance.}

Any such statement may be relied upon by any encumbrancer of the Leased Premises and New Improvements or any Senior Lienholder or underwriter of debt financing for all or any portion of the Airport. Tenant's failure to deliver such statement within such time shall be conclusive evidence upon Tenant that: (i) this Lease is in full force and effect, without modification except as may be represented by Landlord; (ii) there are no uncured defaults in Landlord's performance; and (iii) not more than one month's installment of rent has been paid in advance.

\section*{22. MISCELLANEOUS.}

\subsection*{22.1. Lease Interpretation.}

\subsection*{22.1.1. Incorperation of Prior Agreements: Amendments.}

This Lease contains the entire agreement between the parties hereto, and no prior or contemporaneous agreement or understanding shall be effective for any purpose, all of which, if any, are hereby terminated or rescinded, except as to provisions which are expressly stated to survive termination and any indemnity or insurance obligations in favor of Landlord. Except as otherwise expressly provided herein, no provision of this Lease may be amended or added to, except by an agreement in writing signed by the parties hereto or their respective successors in interest. Tenant agrees that it shall not unreasonably refuse to execute any amendment of or supplement to this Lease which Landlord determines is necessary or advisable in order to comply with applicable Laws, governmental regulations or Landlord's uniform policies reflected in resolutions in effect from time to time; provided Tenant shall not be required to execute any amendment of or supplement to this Lease which impairs the rights and benefits of Tenant or increases the obligations and liabilities imposed on Tenant under this Lease.

\subsection*{22.1.2. No Representations by Landlord.}

Tenant acknowledges that no Landlord Party has made any representations, warranties or promises with respect to the Leased Premises or the Airport, except as herein expressly set forth. Tenant acknowledges that it has not executed this Lease in reliance upon any representations, warranties or promises of any Landlord Party with respect to the Leased Premises or the Airport, except as herein expressly set forth.

\subsection*{22.1.3. Examination of Lease.}

Submission of this Lease for examination or signature by Tenant does not constitute a reservation of or option for a lease, and it is not effective as a lease or otherwise until its execution and delivery by both Landlord and Tenant.

\subsection*{22.2. Disclaimer of Partnership or Agency.}

Neither Landlord nor Tenant are the legal representatives or agents of the other party for any purpose whatsoever and neither party shall have the power or authority to assume or create, in writing or otherwise, any obligation or responsibility of any kind, express or implied, to transact business, to make any warranty or otherwise to act in any manner in the name of or on behalf of the other party. This Lease shall not be construed as constituting or creating a partnership between Landlord and Tenant or as creating any other form of legal association between Landlord and Tenant which would impose liability upon one party for the act or the failure to act of the other party.

\subsection*{22.3. Waivers.}

The waiver by either party of any provision of this Lease shall not be deemed to be a waiver of any other provision hereof or of any subsequent breach of the same or any other provision. Landlord's consent to any act by Tenant requiring Landlord's consent shall not be deemed to render unnecessary the obtaining of Landlord's consent to any subsequent act by Tenant, whether or not similar to the act so consented. The subsequent acceptance by Landlord of any amount due from Tenant hereunder shall not be deemed to be a waiver of any preceding breach or Event of Default by Tenant of any provision of this Lease, other than the failure of Tenant to pay the particular amount so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such amount. No waiver on the part of Landlord with respect to any provision of this Lease shall be effective unless such waiver is in writing.

\subsection*{22.4. Successors and Assigns.}

The provisions contained in this Lease shall bind and inure to the benefit of Landlord, Tenant and, except as otherwise provided in this Lease, their respective successors and assigns.

\subsection*{22.5. Headings.}

The Section headings, paragraph captions and marginal headings contained in this Lease are for convenience only and shall have no effect in the construction or interpretation of any provision hereof.

\subsection*{22.6. Notices.}

All notices, requests, demands and other communications given, or required to be given under this Lease, shall be in writing, duly addressed to the parties as follows:

\subsection*{22.7. Brokers.}

Tenant warrants that it has not had any dealings with any real estate broker or agent in connection with this Lease, and Tenant agrees to defend, indemnify and hold harmless the Landlord Parties from and against any and all Claims for any compensation, commission or other charge by any finder or any other real estate broker or agent claiming through Tenant.

\subsection*{22.12. Force Majeure.}

If either party hereto shall be delayed in or prevented from the performance of any act required hereunder by reason of acts of God, labor troubles, inability to procure materials, restrictive Laws, delays arising from environmental remediation, or other causes without fault and beyond the control of the party obligated (financial inability excepted), performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay; provided, however, nothing in this Section shall delay for a period in excess of thirty (30) days the Commencement Date or excuse Tenant from the prompt payment of any rent or other charge required of Tenant hereunder, except as may be expressly provided elsewhere in this Lease.

IN WITNESS WHEREOF, this Lease has been executed by the undersigned as of on the date first set forth above.
