**ALOHA TO NONSTOP SERVICE TO HAWAII!
ALASKA AIRLINES ANNOUNCES SPRINGTIME START FOR
HONOLULU-BURBANK FLIGHTS**

BURBANK, Calif., October 24, 2025 – Passengers looking for the most convenient way to travel from the Los Angeles area to Hawai'i can now do so from [Hollywood Burbank Airport](#) (BUR). Alaska Airlines has added a new summer seasonal flight between BUR and [Honolulu](#) (HNL) – the first time the two airports will be connected in more than 20 years.

"Hollywood Burbank Airport is honored to be selected by Alaska Airlines as the next Southern California gateway to my home state," says John Hatanaka, Executive Director, Hollywood Burbank Airport. "Our mahalo nui loa to Alaska for making our hope of having air service once again to Daniel K. Inouye International Airport a reality."

Honolulu service begins May 13, 2026, with flights available daily. Tickets for the new route are available for purchase now at alaskaair.com.

Alaska's decision to launch BUR-HNL service is part of the airline's effort to "redefine what it means to connect guests to a remarkable travel experience rooted in safety, care, convenience and performance," says Kirsten Amrine, Vice President of Revenue Management and Network Planning at Alaska Airlines.

The new Hawai'i flight arrives in time for the opening of Hollywood Burbank Airport's replacement passenger terminal in October of 2026. More information on that project can be found at elevatebur.com.

Hollywood Burbank Airport (BUR) is owned and operated by the Burbank-Glendale-Pasadena Airport Authority, a joint powers agency created in 1977 between the Cities of Burbank, Glendale and Pasadena. More information can be found on the airport's website, www.HollywoodBurbankAirport.com, and on the airport's [Facebook](#) and [Instagram](#) feeds.
